

SHOTS FIRED AT NISEI HOMES IN ALAMEDA AREA

CENTERVILLE, Calif., Sept. 17 (AP)—Four shots were fired Sunday from a moving car into two Nisei homes between Centerville and Newark, small communities approximately 15 miles south of Oakland, Sheriff H. P. (Jack) Gleason reported today.

No one was injured and the only property damage was a broken window.

The shootings were the first act of violence against Japanese Americans in Alameda county this year, but were the second within California within a week and the 22nd of the year.

Living in the two houses were the families of Mrs. Sumiko Motozaki, 32, and Toshiaki Idota, 42, both of whom returned from relocation centers August 27.

Fired Twice

Mrs. Motozaki told Gleason the assailants slowed their car in front of her home, fired twice with a shotgun, turned around at a nearby intersection and shot twice at the Idota residence.

The separately settled truck farming district in which the two families lived was a sizable Japanese colony before the war. Gleason ordered all patrol cars to guard against a repetition of the attack and said "we will keep after the perpetrators until they are apprehended."

RATION MAY DEPEND ON FOREIGN NEEDS

WASHINGTON, Sept. 17 (AP)—Secretary of Agriculture Anderson said today the duration of meat rationing depends upon the extent of food commitments abroad.

Leaving a White House conference where he went over the rationing and subsidy programs with President Truman, Anderson told the reporters:

"If it is necessary to continue meat rationing, it will be a liberal one, equal to a normal peacetime consumption in this country."

He said there is enough meat in this country to meet the normal domestic needs without the necessity of rationing.

Anderson said he was hopeful all subsidies could be terminated by next June 30, with the possible exception of that on flour.

There probably will be a need for sugar rationing in 1946, he said, but he was a little more hopeful that rationing of fats and oils may be terminated by January 1.

Our Home Town

Bringing Our Dead Back Home

By EARL WHITLOCK

More and more there is being urged, by families whose sons and husbands have fallen in foreign lands, a concerted plan to bring the bodies of these men back to the home town, so that they may rest there among familiar and well loved surroundings, close to those who miss them so sorely.

Frankly, I am not sure that I am in favor of any such organized movement. Isn't this rather a case for the preference of the individual family? There are many who feel that our fallen soldiers should remain where they fell, sanctifying the outposts they died to win for America. Those families should be permitted to make that choice. There are others who feel sincerely that the loved one who died in the service of our country would wish to be brought back to home surroundings and to a nearness to his own. And this wish should be heeded.

To those of you who feel this way, let me say that I am in constant touch with the latest developments in the matter of the return of the remains of these heroes and with the rules and regulations governing the matter. I shall be glad to have you consult me.

Next Monday Mr. Whitlock of the Earl Whitlock Funeral Home will comment on "About Culture."

GUARDS SECRET
MANILA — The old saying that a woman can't keep a secret is all wrong—at least it is if the woman is Technician Fifth Grade Nellie Flynn, who's working in an army intelligence office in Hollandia, New Guinea.

Information on matters pertaining to many phases of army work passes over her desk, giving her advance information on headline news—and the information is safe with Cpl. Flynn.

Before she joined the Women's Army Corps in May, 1944, Cpl. Flynn taught school in Bellingham, Wash. She is a graduate of the University of Washington at Seattle and has an M.A. degree from Columbia university. She is a member of the Phi Delta Gamma sorority.

Cpl. Flynn, who has been overseas 10 months, is the daughter of Mrs. Kathleen D. Flynn, 2323 Garden, Klamath Falls, Ore., and Douglas S. Flynn of Ritter, Ore. Her brother, David O. Flynn, is in the Seabees.

Slivers attended Klamath Union high school and the University of Oregon before he entered the navy in August, 1943.

Slivers was a car checker for the Southern Pacific railroad and expects to return to that job.

PFC William "Billy" Myers, son of Mr. and Mrs. A. A. Myers of 2026 Applegate, left Wednesday to report to Fort Benning, Wash., and then to Fort Benning, Ga. He was a member of Gen. Patton's 3rd Army, 65th division, and saw two months active duty in France and Germany.

A bazooka specialist, he was among those who spearheaded the drive which met the Russians at the river Elbe. He wears the ETO ribbon with three campaign stars, a Good Conduct medal, the Combat Infantryman's badge, the Rifleman's medal and he is entitled to wear the Bronze Star.

He reached New York on August 6 on the USS Seaplane and arrived in Klamath Falls August 13 on sick leave.

PORT ACTIVITIES DURING WAR TOLD

SEATTLE, Sept. 17 (AP)—Pacific northwest ports handled huge tonnages and heavy troop movements to prosecute the war in the Pacific and Alaska, the war department reported Saturday.

Brig. Gen. Eley P. Denson, commanding the Seattle port of embarkation, revealed this port handled 524,000 troops and 10,219,000 ship-tons of cargo since Pearl Harbor.

Portland dispatched 53,000 troops and 1,731,000 tons of cargo and Prince Rupert, B. C., 31,000 men and 940,000 tons of cargo, the war department in Washington revealed.

Peak month embarkations here was last June when 41,845 troops were sent to the Pacific. Most of the Seattle port's business was with Alaska, with 193,216 passengers dispatched during the war.

The port personnel rose from 3121 on the day Pearl Harbor was attacked to 23,000, 10,776 of them civilians, on V-J Day.

No Charges Filed In Wedding Shooting

PORTLAND, Sept. 17 (AP)—Police said today no charges would be filed in the accidental shooting at a bridal party Saturday of a wedding guest who wounded herself while "trying to scare the bride."

Police said Jean Buckley, 23, shot herself in the hand when she pulled a .32 caliber revolver trigger a third time. The girl reported she had pointed the gun at the bride and pulled the trigger twice before it fired. Detectives said the girl claimed she found the gun in her mother's bedroom dresser drawer.
