

NEW LIST OF WAR CRIMINALS TO BE ISSUED

(Continued from Page One)

two days, for printing inflammatory articles.

The sources who spoke of impending cabinet resignations said Vice Prince Fumimaro Konoye probably would lead the list. He is a minister without portfolio. Two other cabinet members without portfolio who may step down at the same time, the sources said, are Lt. Gen. Toshihiro Obata, and Taketora Ogata. The latter, who also is chief cabinet secretary, was named by MacArthur on a list of members of the "Black Dragon" society, but it was understood American authorities had taken no action against him. In order to give the Japanese government time to prove its contention that he was not a member.

The Japanese predicting the cabinet resignations said a "wide gap" existed between Premier Prince Higashi-Kuni and the three they expected to leave the government.

They described Higashi-Kuni as personally interested in the gradual democratization of Japan, both as a reform step and in compliance with the wishes of General MacArthur, and said Konoye and the others had opposed the premier's attempts to smooth relations between the Japanese and American governments.

The cabinet has been criticized by the Japanese press for delay in solving pressing problems such as food shortages and increasing unemployment.

The resignation two days ago of Mamoru Shigemitsu as foreign minister was the tipoff that all was not well within the cabinet, the Japanese sources said.

U. S. SETS POLICY FOR JAPAN CONTROL

(Continued from Page One)

could be cut to 200,000 in six months.

Acheson would not comment directly on the number of troops necessary to do the job but he said that American policy to render Japan permanently peaceful is clear and unchanged and "whatever it takes to carry this out will be used to carry it out."

Acheson's statement in his capacity as directing head of the state department in the absence of Secretary Byrnes brought in to the open the comments of officials here since MacArthur's announcement of future occupation figures without consultation with Washington. Behind their hands, officials of both the state and war departments have been asking who was determining policy on Japan.

"I WAS CONSTIPATED FOR MANY YEARS!"

Relieved by KELLOGG'S ALL-BRAN

Constipated? Then here's an unsolicited letter you'll want to read:

"I'd been troubled with common constipation for many years. Was taking laxatives and pills all the time, and feeling very weak and run down. 3 months ago, I began eating KELLOGG'S ALL-BRAN daily. Now, I have a regular, natural movement every morning, which helps me feel my best!" Mr. Samuel D. Blank, 292 Kings Highway, Brooklyn, New York.

You, too, may be able to free yourself from pills and purgatives for the rest of your life—if your constipation is due to lack of bulk in the diet, and you eat a dish of KELLOGG'S ALL-BRAN every day and drink plenty of water! If not satisfied, send empty carton to Kellogg's of Battle Creek. You'll receive double the money you paid for it! ALL-BRAN is not a purgative. It's a highly nutritious food made from the vital outer layers of wheat. It's one of nature's most effective sources of gentle-acting, natural bulk.

Get ALL-BRAN at your grocer's. It's made by Kellogg's of Battle Creek and Omaha.

Labor Head Gets Broad Powers

WASHINGTON, Sept. 18 (AP)—President Truman today signed the executive order giving Secretary of Labor Schwelb broad new authority to deal with labor problems.

The president formally turned over to his labor secretary the war labor board, war manpower commission and U. S. employment service but stipulated that WLB decisions are to be final and are not to be subject to Mr. Schwelb's review.

Administration of unemployment, compensation, the order made it plain, will remain under the social security board, but functions previously performed for the states and the social security agency are shifted to the labor department.

brought Western Europe to its present state.

A German woman and her daughter sat down beside him. They were obviously of the better class—women of CULTURE as opposed to what we have come to know as German KULTUR.

They were undergoing obvious mental suffering. Finally the mother turned abruptly to the soldier and said, with some effort: "If you will give me a package of cigarettes and a candy bar, you may spend tonight with my daughter."

SORDID? Cheap? Disgusting? Yes, such things usually are sordid and cheap and disgusting. But these days stark tragedy is stalking Western Europe. Life here, for millions, is down to the raw. Down to fundamentals.

And a package of cigarettes and a candy bar are MORE than mere luxuries here. They can be BARTERED for simple foods in considerable quantities. And it is being said grimly and rather often around here that in a lot of Europe women are about all that is left to barter.

ANYWAY, the American soldier declined the proffered exchange but GAVE the cigarettes and the candy bar. You're hearing a lot of cynical and salacious tales about what American soldiers are doing over here. A few of them, yes. But remember that the American army is a cross section of American life. American life includes a lot of GOOD along with some that is bad.

The majority of our soldiers here are on the ALL RIGHT side.

Jap Calls On Eichelberger

TOKYO, Sept. 18 (AP)—Lt. Gen. Robert L. Eichelberger, commander of the U. S. 8th army, today received an official call from Gen. Kenji Doihara, new commander of the first Japanese general army.

Headquarters said Doihara appeared "courteous and cooperative" and promised full cooperation to facilitate the occupation.

General Doihara, known as Japan's "Lawrence of Manchuria," was named commander in chief of the first general army after the suicide of Field Marshal Gen. Sugiyama.

Chinese Ask Us To Disarm Japs

CHUNGKING, Sept. 18 (AP)—P. H. Chang, a government spokesman and counselor of the executive Yuan, said today the United States has been invited to send troops to Shanghai, Nanking, Peiping and Tientsin for the purpose of helping disarm the Japanese.

The invitation by the Chinese government, he said, was on the understanding that it was a temporary measure.

pose of maintaining law and order, and he granted it to me."

Snell Statement

Governor Earl Snell today said, "The policy of the state police department has always been to furnish assistance to local officials when requested. The sheriff of Klamath county by telegram requested that a few state policemen be assigned to the Klamath area as a precautionary measure."

"There is some disagreement and misunderstanding as between CIO and AFL unions attached to the lumber industry in the Klamath area. It was indicated Tuesday night that it was entirely possible that an understanding would be reached Wednesday morning."

The governor refused to show newsmen a copy of Sheriff Low's telegram, saying the sheriff had requested that it not be given to the press.

Meanwhile a special conciliation commission, encouraged by preliminary attempts to settle a threatened strike among northwest lumber workers, met again in Portland this morning with operators.

E. P. Marsh, chairman of the commission appointed by the secretary of labor, said both labor and management had shown in preliminary meetings "a sincere desire to reach a settlement."

Met Yesterday

The commission met yesterday with over 200 representatives of operators and leaders of the AFL Lumber and Sawmill Workers union—the largest group Marsh, regional director of the U. S. conciliation service, had ever witnessed at such a session.

The AFL policy committee spokesman, John M. Christenson, told the commission the "quick action of the secretary of labor averted a strike at the moment." The 60,000 AFL workers have approved a strike in support of their demand for a \$1.10 hourly minimum.

"This industry has spent the past few years waiting months and even years for decisions, Christenson said, "and in every case the delay has injured the interests of the working people."

Settlement Asked

The AFL declared that only an industry-wide settlement—not individual plant wage increases—would be satisfactory. The commission held first a joint meeting, then separate sessions with labor and management last night.

Meanwhile, the CIO International Woodworkers of America prepared to begin counting strike ballots from 36,000 members, in support of a 25-cent-an-hour flat wage increase now being negotiated.

D. N. Clemens, manager of both the Ewauna Box company and the Bly Logging company, two operations closed by the strike, said today he has been waiting for union men to get together with him for a meeting. Spokesman for both firms, Clemens gave out copies of telegram sent the west coast lumber commission in reply to its "request" telegram last week, and also a letter sent the union in reference to the same subject.

Here are the telegram and letter: National War Labor Board, West Coast Lumber Commission, John D. Galey, Chairman, 1037 American Bank Bldg., Portland, Ore.

Re your telegram September 12, concerning IWA-CIO. Only part of our employees are members of union. Illegal strike of union started as a sympathy strike not based on any clause of former collective bargaining agreement but present issue is demand for union shop. Our agreement terminated because of union's violation of many clauses and general irresponsibility. We are ready to resume production work at any time on same wages and generally same working conditions as

Packard Strike May Idle More Auto Workers

DETROIT, Sept. 18 (AP)—Idleness for additional thousands in the nation's automobile industry was threatened today by a strike in a small Ohio supplier plant.

With approximately 80,000 workers idled in the Detroit area by strikes and related shutdowns, it was reported in industry circles today that some 25,000 General Motors workers might have to be laid off if a continuing strike at the Packard Electrical company, Warren, Ohio, is not ended before the coming week-end.

SHANGHAI GREET'S RETURNING SAILORS

(Continued from Page One)

flowing ashore in the first city many of them have seen in years. The city virtually was untouched by the war.

As in prewar days scores of Sampans and Junks crowded about the warships, pleading for money and selling cheap merchandise until they became so bothersome some ships cleared them away with fire hoses.

Two More Refineries Close In Push For Wage Increases

(Continued from Page One)

try, however, was fast spreading and thousands of workers were ready to leave their jobs in refineries, with additional thousands to follow. The strikes hit the Texas area, with 5000 employees of the Texas Co. refinery at Port Arthur prepared to go off their jobs, while the Pure Oil company refinery at Nederland, Tex., employing 800, was shutting down.

Voicing Underway

Before the week's end, all major refineries in a reas around Houston, Corpus Christi and Beaumont, Tex., would be closed. Voting was underway at Houston on a proposed strike at seven large oil refineries and allied industries.

Union officials have issued a strike mobilization order to mid-west refining plants involving an estimated 30,000 workers. A strike vote, they said, would cripple refining operations in Indiana, Illinois, Ohio, Michigan, Wisconsin and Kentucky.

The Carnegie-Illinois Steel company said that the first two plant shutdowns in East Chicago had caused its huge Gary plant to shift from fuel oil to tar in its steel making operations. It said a continuance of the strike would cut production to 36 per cent of rated capacity. A shutdown of the steel plant, the world's biggest, would idle 50,000 workers.

before strike and to then negotiate new contract with IWA-CIO if they still represent a majority of employees. EWAUNA BOX COMPANY, International Woodworkers of America, Local Union No. 6-12, 234 Main Street, Klamath Falls, Oregon, Attention, Mr. H. E. Geiger, President IWA Local 6-12, CIO, Gentlemen:

Your letter of September 13th which was delivered at our office yesterday afternoon came to my attention this morning.

For your information, I enclose a copy of the telegram which I sent to John Galey yesterday.

I will be available at our office to discuss with you the resumption of operations, and I suggest you call me as to a time when you desire a meeting.

Yours very truly, EWAUNA BOX COMPANY. A meeting of CIO unionists is scheduled late this afternoon in which the back-to-work movement in the logging camps of the Big Lakes Box company and the Chilcoquin Lumber company will be discussed. A general vote will be taken, according to Vernon Chase, local CIO head, and if the vote is favorable, Thursday has been set as a tentative date for the return to work.

SENATE BUCKS TRUMAN; GIVES STATES USES

(Continued from Page One)

the delegation gathered in the house caucus room with members of the New York congressional delegation.

CIO representatives also talked with Senators Barkley (D-Ky.) and White (R-Me.) and Reps. McCormack (D-Mass.) and Martin (R-Mass.), party leaders in the senate and house.

Approval Asked

In the house caucus room the group heard a message from Philip Murray, CIO president, which said that three measures recommended by President Truman must be approved promptly. He listed:

The unemployment compensation bill, the so-called full employment bill, and a 65-cent minimum wage bill.

'No Padding In Our Armed Forces', Truman Declares

(Continued from Page One)

lem of the size or makeup of the occupation forces until next spring." By that time, he said, "we ought to know how many men we shall need for occupation and to what extent that need can be met through volunteers."

The president said that the army has given "all of us" good reason for the same confidence in its ability "to win the battle of demobilization" as it did in its "ability to win the war."

650 Return Hourly

Saying soldiers are being returned to civilian life at a rate in excess of "650 per hour, 24 hours a day," he added that "such a performance justifies full confidence."

"The army and navy men mean to do the task set for them with the minimum number of men," the president continued. "There will be no padding in our armed forces. America is going to keep the full strength she needs for her national commitments. But the rest of the men are coming back home, and coming as fast as the services can get them out."

Top speed of current helicopter models is around 125 miles an hour. This is expected to be increased to 150 under concentrated postwar research.

Police Raid Argentine Youth Headquarters

BUENOS AIRES, Sept. 18 (AP)—Police brandishing revolvers rushed into the Nationalist Youth Alliance headquarters to disarm its members today as tens of thousands of Argentines poured from offices and factories to demonstrate against the military government.

The police emerged a few minutes later with rifles, grenades and powder. The raid was ordered by Prosecuting Judge Emilio Leopoldo Silva after complaints had been filed that rifles were being distributed to the Youth Alliance in advance of the scheduled "march for liberty and the constitution."

LORD HAW HAW SENTENCED TO HANG

LONDON, Sept. 18 (AP)—William Joyce, Lord Haw Haw of the German radio, was convicted of treason in Old Bailey today and sentenced to hang.

A jury of 10 men and two women required less than 23 minutes to arrive at a verdict after Justice Tucker had ruled that Haw Haw had left this country in 1939 "wrapped up in the Union Jack" in order to carry on German propaganda.

The justice informed the jurors, after listening to three days of legal argument, that Joyce was not a British subject but nevertheless he owed allegiance to the British crown when he left the country because of the protection afforded him by a British passport. This was despite of his American birth and the fact that Joyce later took out German citizenship.

Joyce will make an immediate appeal, his lawyers announced.

Joyce stood quietly while the trial was thus ending with dramatic suddenness in his sentence to death.

When he walked away toward his cell he gave what appeared to be the Nazi salute to friends in the courtroom.

When the result of the trial was heard outside bomb-scarred Old Bailey a waiting crowd of Londoners raised a cheer.

The convicted man's brother, Edwin Joyce, a British government worker, made the sign of the cross when the sentence of death was passed, and after the prisoner left the courtroom he knelt in silent prayer.

schedule would place him over Detroit at 3 p. m. PWT, over Pittsburgh at 4 p. m., and at Washington at 5 p. m.

The message received by the war department said: "Have been backing headwinds for past five hours. Predicted plans for Fairbanks to States did not materialize. Giles and O'Donnell plan to land Detroit due to gas. Plane number two commanded by Lemay believed able to make Washington. Estimates over Detroit at 6 p. m., altitude 20,000. Estimates over Pittsburgh at 7 p. m., altitude 14,000."

Charges Against Company Dismissed

OKLAHOMA CITY, Sept. 18 (AP)—Conspiracy charges were dismissed today against the Northwestern Lumber company of Bellingham, Wash., and nine Oklahoma firms indicted by federal grand jury last June 18 for alleged participation in a lumber black market.

The action was taken by U. S. District Judge Stephen S. Chandler on motion of Robert Shelton, assistant district attorney. Shelton said he asked the dismissal after pleas of guilty were received from the eight Oklahoma firms charged with buying lumber above ceiling prices.

Yank Airman Shot By Sentry

SHANGHAI, Sept. 18 (AP)—An American airman, hitchhiking a ride from an airdrome here, was shot and seriously wounded today by a Chinese sentry when the automobile, making a rapid turn around a corner, failed to heed a command to halt.

Three bullets from an American-made submachinegun struck the car. One hit the flier in the back.

Hospital officials said the pilot was temporarily paralyzed from his waist down.

The automobile, driven by a Shanghai citizen, sped past the sentry who was posted conspicuously in the downtown section.

The army launched an investigation of the shooting.

FIRE IN KITCHEN

The city fire department was called early Wednesday morning to Jonny's cafe at 912 Main, where a fire had started around the range. There was no serious damage, according to the fire department.

A small magnet is useful to pick up and hold pins when sewing.
