

Councilmen Accept Additional Property For Memorial Park

A roundup of city business occupied the town fathers Monday night and conversation ranged from tearing out trees to putting in sewers.

Additional property for Veterans Memorial park was accepted including purchase of Nellie Whitlock Houghton's one-third interest of property for \$3000. The land is appraised at \$3784, the difference being Mrs. Houghton's donation. The gift committee also recommended accepting the offer made by E. A. Dunham as presented two weeks ago, at \$543.65 less 10 per cent which is to be Dunham's donation to the park.

J. Elmer Hosking's property appraised at \$8600 and including two pieces, was also offered but definite action postponed until arrangements are completed.

Letter From Mott

In a letter from Congressman James W. Mott, the council was advised that the bureau of reclamation was working with water users of the Shasta View irrigation district on detailed provisions of an amendatory contract. The letter was in response to one written by the council which had been asked to back up Shasta View's claim the district did not owe money for water on certain lands as charged by the government.

The council heard recommendation from the traffic safety council, asking that a sharp jog in front of the Ramona apartments on N. 11th, be removed, the curb cut back six feet, three trees, a power pole and sprinkling system to be removed. F. W. Van Buskirk, property owner at that point, protested the action and the matter was referred to the mayor, chairman of the street committee and city engineer.

Councilman Rollin Cantrall moved that the mayor write the U. S. bureau of reclamation of office asking cooperation in reducing traffic hazards at that point by removing an old building at 11th and the canal.

Garage Addition

The matter of erecting an addition to the Home garage, 216 Fort road, was referred to the police judge's office. The request was made by Elmer Tripp and signed by seven approving neighbors.

T. A. Parker, on whose property at 726 California are a number of poplar shade trees, appeared before the council after he had been advised to remove the trees which are said to be detrimental to the sewer system at that point. Parker asked permission to save the trees, install an 8-inch cast iron pipe which he will purchase if the city supplies labor. This also was referred.

Advance Payment

The matter of advance payment of six months' fee to the

Klamath Heating plant as outlined in the consumer's deposit plan, was presented to the council. This would make the city's share \$3242.52, as based on the bill of February, 1945, which totaled \$5403.42.

Cantrall expressed the opinion that assistance to the plant would be for the good of the city. The finance committee will investigate the proposition. A floodlight at 9th and Pine, as requested by Signal Oil company, was approved. E. A. Thomas, city engineer, recommended the Greyhound lines be allowed parking space from S. 9th to the bus driveway on Klamath from 5 to 7 p. m., and a revocable permit was granted.

Culvert Replacement

The city engineer was authorized to start a program of replacing wooden culverts in the city system with corrugated iron culverts and his office was granted permission to purchase up to \$750 worth of material, the money to come out of the county road fund. Thomas also reported the storm sewer which is fed by the area from Kerns Implement on S. 6th to the viaduct, and from 6th to Modoc field, had collapsed at an area in the vicinity of the Southern Pacific tracks. This water is backing up at Ewauna Box company plant. Immediate work to repair damage was approved and an expenditure not to exceed \$3000 authorized, the money also to come from the county road fund.

Resolutions Approved

Resolutions were approved which will permit reports each May and November on the city property fund to the council for the purpose of transferring any surplus funds to the bond, interest and sinking fund, and also transferring \$35,000 from the city property fund not needed and eligible for the bond, interest and sinking fund.

PUT TIDES TO USE

At an English seaport, where the tide levels sometimes change as much as 30 feet, an inventor obtains from 30 to 250 horsepower by capturing the water in tanks and using its fall to operate a turbine.

New YOUNGER LOOK

Get This Hormone Cream

At last science has discovered a vitalizing substance that helps restore the look and texture of youthful skin to thin, aging skin. As the fresh, radiant beauty of a youthful skin disappears with age, the hormone cream helps restore the youthfulness of face, throat and hands. It immediately relieves the skin of its dryness, restores the skin to its natural softness and smoothness. The hormone cream is well absorbed through the skin that they help to activate the development of new cells, new tissue.

Try to realize that youthful radiant beauty in your face, throat and hands. Each jar of HORMONE CREAM contains 30,000 Int. units of Estrogenic Hormone—enough for 30 days' use—only \$2.95 (plus tax). Come in or phone today.

Soldier Killed In Jeep Accident

EDMONTON, Alta., Sept. 25 (Canadian Press)—Pvt. Ben W. Newell, an American soldier, was killed Saturday when a U. S. army jeep overturned 18 miles east of Edmonton, military authorities announced today.

Newell is a native of Decaturville, Miss., and his wife resides at Edmonton.

Pvt. Edward V. Knizecki of Decaturville, Samuel Alex, Edmonton civilian, and a third man whose name has not been released, were injured, the first two seriously.

RAILROAD FREIGHT RATE CHANGE ASKED

SAN FRANCISCO, Sept. 25 (AP)—California's citrus and Washington's apple industries will be killed if railroad freight rates are based on a mileage plan advocated by the southern states, Attorney General Robert W. Kenny of California told the conference of western attorneys general here.

Kenny, addressing the afternoon session yesterday, said the far west's fight for an adjustment on rail rates can now be taken by the states to the U. S. supreme court, and added that the "people will ask us to carry the battle there again and again" until a satisfactory solution is reached.

"An adjustment is needed to provide freedom of marketing," he asserted.

VOTERS APPROVE

CENTRAL POINT, Sept. 24 (AP)—Voters Saturday night approved 256-8 the issuance of bonds to finance connections with the Medford water system. The project will involve expenditure of \$35,000 for mains and \$80,000 for extension of present facilities.

12 BUILDING PERMITS GET COUNCIL OKAY

Field Fire Burns Over 35 Acres

About 35 acres of stubble field belonging to A. Bocchi was burned over Monday afternoon near the Stewart-Lenox addition.

The county fire equipment was called out and extinguished the blaze at 2:15. There was no property damage.

PAYROLL DIVISION GETS INSTRUCTIONS

An important meeting of the payroll division, Klamath community fund, was held at the Willard Monday evening.

J. Vern Owens, chairman of the executive board of the community fund, spoke at the meeting, followed by a talk by Charles R. Stark, secretary. W. E. Lamm, campaign chairman, and Joe Hicks, payroll division chairman also spoke briefly.

Workers in the payroll division were given instructions and the meeting closed with a round table discussion based on experiences in last year's campaign. There were 21 present at the meeting.

DEFENSE COUNCIL TO MEET TOMORROW

The Modoc County Defense Council, a leading civic organization of this region, will hold its monthly meeting Wednesday night at the Tulalake relocation center.

Bayley Dorris, president of the council's national resources committee, will preside at the session. A meeting of the post-war planning committee will be held in the late afternoon, followed by a general council dinner and a tour of the relocation center, which is in Modoc county.

Arrangements for the affair were made through the cooperation of Ray Best, WRA center director, and Ray Brown, reports officer. Several Klamath men, who have been attending the Modoc meetings for the past two years, are planning to attend. Those going to the general meeting and tour should be at the camp by 5:30 p. m.
