MEMBERS ADDED TO RECLAMATION STAFF

Mr. and Mrs. Leonard plan to take a trip to visit his relatives in High Point, N. C., but will return to make their home in Klamath Falls. Leonard is employed as timekeeper with the bureau.

RECORD CROWD SEES WATER CARNIVAL

The largest crowd ever to attend a public event at the Marine Barracks turned out Thursday night for the return showing of the water carnival at the post swimming pool. All available seats in the pool building were filled and many persons were unable to get into the building.

Every act of the comedy-packed show was well received and the farcical speed race between zoot-suited S/Sgt. Charlie Stebbins and PhM 1/c Reno Rapagnani again brought down the house.

In the only new act of the bill, Rapagnani and his marine women's reserve wife, Ann, gave a graceful exhibition of tandem swimming. Ann Rapagnani is one of the west coast's top amateur backstroke swimmers.

Aviation was first used commercially in Mexico in 1924 to deliver payrolls to isolated oil camps in the Tampico district.
