Anything, Anywhere, Is Motto of 9th

By NEA Service

Algiers, El Guettar, Bizerte, Quinneville, Cherbourg, the Falaise Gap, Remagen, the Ruhr Pocket, the Harz mountains—these are a few of the major scenes of action for the veteran Ninth Infantry division.

The Ninth, dubbed "Hitler's Nemesis," has a record few outfits can surpass. Its 22,724 casualties attest to the tough fighting it saw.

The Ninth's long trip to victory began in November, 1942, when elements of the division swarmed ashore at Algiers and Port Lyautey, in Tunisia, during the winter and spring of 1943, the division fought at Senead and Maknassy, and went on to Bizerte. Moving into Sicily, the Ninth landed at Palermo and swept on to take Randazzo.

The Ninth, spearheaded by the 39th Infantry, with its now famous motto of "Anything, Anywhere, Any Time, Bar Nothing," landed in Normandy on D-Day plus 4, cut the Cotentin Peninsula, and moved on to Cherbourg, where it captured the German commander of the seaport garrison. The Ninth aided in the breakthrough at St. Lo, fought at Chateau Thierry and, in September, began the liberation of Belgium.

The Ninth crossed the Meuse river and entered Germany south of Roetgen. Then came Sarlautern, and winter battles south of Aachen.
