morning, the sale of bulls slated from 1 p. m. on. Lunch is available at the grounds Monday, those in charge stated.
President of the Caloregon Hereford association is John S. Day, Medford. Sales manager is Mitchell Tillotson, secretary, Maxine Cameron, both of Klamath Falls.
The 1944 show sales total \$64,365, an average of \$233.44 per animal. Highest bid was made last year by Harley Hotchkiss of Burns, Calif., who bought a bull, "Good Donald 12th," from Herbert Chandler of Baker, Ore., for \$2525.

HILLSIDE HOSPITAL MAY CLOSE DOORS

hands full handling their own private cases.
Joe Hicks, manager of Hillside, said that the institution had found it necessary to issue an appeal to the public. Desperately needed are registered nurses, nurses aides, orderlies and kitchen help. The hospital office needs help as well.
Anyone who can qualify for these positions is urged to call the hospital. This work is not sought on a volunteer basis but is remunerative.
"Under present conditions, the hospital cannot continue to operate," Hicks said. "Assistance must come from the public among which there are many unemployed nurses, aides and others qualified to contribute bedside care."

EDITORIALS ON NEWS

(Continued from Page One)
dends both in money and in human satisfactions.
HERE is a simple example of what NOT to do:
Here in the Klamath county the government of the United States is cancelling contracts for potatoes for dehydration. Down in San Francisco bay, Liberty ships are already being laid up. It will be far better for the UNITED STATES and its people to go through with the processing of the potatoes into non-perishable food that will save lives, and to man the ships and keep them in service to haul the food to where it is so sorely needed.
That would be both sound humanitarianism and sound business.

ANOTHER thing:
We MUST stick with the British—who are now facing a dilemma. They converted their industry to war to an unbelievable extent. They must now recon-vert to peace, which in their case means getting back their export markets—for the British must export or die. We must carry them over their present hump.
After all, we and the British have the same ideas as to the kind of world we want to live in. It will take POWER to put these ideas into effect. COMBINED Britain and America will have the necessary power. Separately, they will not.

Steamship Service Will Be Resumed

PORTLAND, Oct. 12 (AP)—Service between Pacific and Atlantic ports will be resumed next month by McCormick Steamship lines, officials said today.
First such vessel, the Lawrence victory, will come from Baltimore and Norfolk, and will sail on its return trip November 7.

LAVAL DENIED SECOND TRIAL BY DE GAULLE

(Continued from Page One)
August, 1944, to declare it an open city and to have De Gaulle officially received by a meeting of parliament.
Paris fell to the allies August 25, and De Gaulle entered the city the same day.
Laval's lawyers said the evidence would prove Laval evaded all day and night to Nancy in northeastern France in order to free Edouard Herriot from German imprisonment and that he returned with Herriot to Paris where he obtained reinstatement for him as president of the chamber of deputies.
Himmeler Ordered Arrest
The lawyers said they could prove that Gestapo Chief Heinrich Himmler personally ordered the arrest of Laval before he could carry through his plan.
The defense counsel said it would present the evidence directly to Gen. De Gaulle, who returned to Paris from Brussels today, and would appeal to him for a new trial for the former Vichy chief of government, now in Rennes prison under sentence of death pronounced Tuesday at the end of a tumultuous trial.
During the trial both Laval and his lawyers left the courtroom and refused to be present at the proceedings which Laval had branded a "judicial crime."

DAR SHUTS DOORS TO NEGRO PIANIST

WASHINGTON, Oct. 12 (AP)—President and Mrs. Truman joined today in decrying race discrimination in the artistic field after the DAR refused use of its Constitution Hall here to a negro pianist.
The artist involved was Hazel Scott, wife of a negro representative, Adam C. Powell (D-N. Y.), who addressed protests to both the president and first lady. He asked also that Mrs. Truman boycott a tea being given here this afternoon by the Daughters of the American Revolution.
The president wrote Powell in sympathetic vein, but said he was powerless to interfere with DAR policy.
Subsequently, Mrs. Truman telegraphed the New York congressman that her acceptance of an invitation to the tea was without relation to the "merits" of the controversy surrounding use of Constitution Hall.
She said the invitation was accepted "prior to the unfortunate controversy" and that she regretted the conflict "for which I am in no wise responsible."
"I deplore any action which denies artistic talent an opportunity to express itself because of prejudice against race or origin," Mrs. Truman told Powell.
The first lady's telegram, signed Bess W. Truman, was in direct reply to one from Powell last night suggesting she not attend the DAR tea, arranged for 4 to 6 o'clock at the Sulgrave club.

Anti-Strike Action Favored By Leaders As Walkouts Spread

be amended to provide for the mutuality of responsibility between employees and employers." Later he said repeal of the war labor disputes act and adoption of a "mutually responsible" measure could be provided in a single bill.
"Want Something Done"
Rep. Arends (R-Ill.) expressed sentiments of many legislators when he said that "congress and the people both want something done soon to halt strikes." Bills to repeal the Smith-Connally measure already have been introduced in the house.
Meanwhile, in Washington conciliation to end the critical soft coal strikes remained deadlocked and the government prepared for possible rationing of manufactured gas to industrial users. The bituminous operators and John L. Lewis of the United Mine Workers were called back for another session today by Secretary of Labor Schweitzer.

As no agreement came over the issue of recognition of Lewis' foremen's union, the coal shortages in the six-state strike area became more serious. Nearly 200,000 workers from almost 900 mines have left their jobs since the walkouts started 22 days ago and cold weather in western Pennsylvania aggravated an already serious situation.
With nearly one-half of the nation's 400,000 miners idle, the shortage of coal continued to slow operations in the Pittsburgh steel center and cut pig iron production in the Gary-Chicago mills. Thousands of steel workers have been furloughed because of the coal stoppages.

44 U. S. Merchant Ships Sunk By Japs

WASHINGTON, Oct. 12 (AP)—Forty-four U. S. merchant vessels were sunk in the Pacific during the war, the war shipping administration reported today.
A majority was sunk by Japanese suicide planes, but ordinary bombing, shell fire and torpedo attacks also took a heavy toll.

was sunk then, but no one aboard was killed.
Navy craft sunk by this week's storm were two tugs, a patrol yacht, a gasoline barge and a minesweeper, all caught in Buckner bay.
The U. S. fleet, which six months ago rushed an invasion force of 100,000 to Okinawa, today was rushing to the aid of an equal number of almost destitute survivors of the vicious storm.
Hospital ships in the area were called to remove 1250 hospital patients and those wounded by the storm.

GEORGE WANTS CHANGE MADE IN TAX BILL

helped congressmen frame the tax bill calculate that the reduction will trim federal revenue in 1948 to \$27,140,000,000 and hoist the national debt up another \$12,000,000,000.
The house ways and means committee held no open hearings on the "Quickie" bill, but the finance group will open its doors when it hears Secretary of the Treasury Fred M. Vinson and other witnesses.
Major provisions of the bill which went through the house unchanged include:
Individuals: cuts the surtax rates in each bracket 4 percentage points and applies the same exemptions to the 3 per cent normal tax as now apply to the surtax—\$500 each for the taxpayer and his dependents. One effect is to take 12,000,000 persons who pay only the normal tax off the rolls.
Corporations: excess profits tax cut from an effective rate of 85.5 per cent to 60 per cent next year, fully repealed in 1947; the combined normal and surtax rate is reduced from 40 to 36 per cent; the capital stock and declared value excess profits tax would be repealed July 1.
Excise taxes: sample reductions include liquor, down from \$9 per 100-proof gallon to \$6; beer, from \$8 to \$7; furs, from 20 per cent to 10 per cent; same for jewelry, toilet preparations and luggage; admissions, now one cent on each five cents of charge, down to a penny a dime; transportation of persons, from 15 per cent to 10.

FIRE CHIEF SPEAKS AT ROTARY MEETING

Fire Chief Keith K. Ambrose, long an advocate of National Fire Prevention Week, was the Friday noon luncheon speaker at the Rotary meeting. Ambrose showed a series of moving pictures on the use of fire extinguishers.
The chief introduced John Sandmeyer and Bill Kunz of the Klamath County Junior chamber of commerce, which has undertaken the sponsorship of fire prevention as one of its national projects. Both spoke briefly. Ambrose was in charge of the program. He is past president of the Rotary club.
During the program hour it was announced that Fred E. Fleet charter member of the Klamath Falls club, had just completed 23 years of perfect attendance. A. H. Bussman Friday completed seven years of perfect attendance.

RADIO PROGRAM TO BOOST WAR FUND

Boosting the national war fund as well as Klamath county's share of \$75,000 in the Community Fund drive, is the program slated over the American Broadcasting company (ABC) from 6:30 to 6:55 p. m. Monday, October 15.
Such topflight Hollywood and Broadway names as Helen Hayes Edward Robinson, Louis Calhern, David McDonald, speaking for CIO, and Gerald Swope for management, will take part in the program arranged by the CIO War Relief committee and the labor management program.

16 Persons Hurt In Bus Accident

PORTLAND, Ore., Oct. 12 (AP)—A Vancouver-bound bus skidded off the pavement here today toward a 35-foot embankment, injuring possibly 16 persons.
None of the injuries were believed grave. The injured included Mrs. Leonard Griffiths, Seattle, possible fractured nose and injured knees; Mrs. Mabel Carter, 32, Bagley Downs, Vancouver, leg injury.
The bus slid toward the embankment, but was caught short by hitting a power pole.
