

# JAP REDS ASK UNITED FRONT; OPPOSE REGIME

TOKYO, Oct. 19 (AP)—Japanese communist leaders asked the socialist party today to join in a united front against the Shidehara government, which they said "has no ability to cope with the present situation."

The socialists did not reply immediately. Further talks between the groups were set for tomorrow, but the National Federation of Toilers, a workers' organization, strongly denounced the communist suggestion at the first toilers' mass meeting since the surrender.

Meanwhile, Foreign Minister Shigeru Yoshida told his first press conference the chief task of Premier Kijuro Shidehara's cabinet was to carry out terms of the Potsdam conference as smoothly and as rapidly as possible "to demonstrate our good faith through deeds."

Communist Leaders Yoshio Shiga, Shigeo Kamiyama and Ichizo Matsumoto called at the office of the Japan socialist party and formally asked the party to join in opposing the cabinet.

The communists and the socialists once were bitter political foes, but Shiga expressed belief that the groups could cooperate in a "unified single trade union."

The toilers drew a capacity audience at their first mass meeting. After four of their leaders attacked the communist plan for one-front opposition to Shidehara, they affirmed support of the imperial institution, said Domei agency.

Domei called the meeting notable for "its open denunciation of communism in the face of growing communist activities."

Not many cattle were seen upon the great plains of the west before the Civil War.
