

UNION STRIKE CUTS OFF HEAT IN TWO CITIES

(Continued from Page One)

The utility strike meeting in Lansing, Mich., capital of the state and one of the major cities in the area affected by the walk-

men of the struck Consumers Power company, which serves scores of communities in the industrialized lower Michigan, joined with non-strikers in staying in plants and substations. The situation was described as "normal" by company spokesmen but union leaders said it appeared unlikely the emergency crews could continue to maintain regular service. The workers are seeking a 30 cents an hour wage increase.

Meanwhile, across the country new and continuing labor disputes kept about 457,000 workers idle, including the 218,000 soft coal miners in six states who have until Monday to obey back-to-work orders from John L. Lewis, United Mine Workers president. Some of the miners, however, went back to the pits yesterday.

Longshoremen Return
One of the country's major stoppages, the walkout of 35,000 AFL longshoremen in New York harbor, was ended after 18 days, but still smoldering was the bitter fight between an insurgent group and Union President Joseph P. Ryan. The controversy between the rival factions was responsible for prolonging the strike, which stemmed from the union's demand for a provision in its contract with ship owners covering the size of cargo net loads.

Insurgent leaders issued back-to-work orders yesterday, several days after stevedores loyal to Ryan had returned to service some of the hundreds of ships idle in the big harbor. About one half of the strikers were on the job yesterday, as Ryan met with ship owners to negotiate for a new contract. Today the union reported "everybody's back."

In Hollywood, the AFL Screen Actors Guild urged "immediate termination" of the AFL movie workers strike, in progress since last March over a jurisdictional dispute. Producer and union representatives continued efforts to settle the controversy, which affects from 3000 to 7000 workers. Picketing continued at studio gates yesterday. Strike leaders have insisted that all strikers must be rehired before the walkout will be ended.

GERMAN WAR TRIAL SET FOR NOVEMBER

(Continued from Page One)

Attached to United States forces in the European theater accompanied Neave to the cells.

Neave, in his military career, was captured by the Germans in the British retreat from Dunkerque. He escaped from a German prison camp in 1944.

The indictments were served on Hermann Goering, Rudolf Hess, Joachim von Ribbentrop, Robert Ley, Wilhelm Keitel, Ernst Kaltenbrunner, Alfred Rosenberg, Hans Frank, Wilhelm Frick, Julius Streicher, Walther Funk, Hjalmar Schacht, Gustav Krupp von Bohlen and Halbach, Karl Doenitz, Erich Raeder, Baldur von Schirach, Fritz Sauckel, Alfred Jodl, Franz von Papen, Arthur Seyss-Inquart, Albert Speer, Constantin von Neurath and Hans Fritzsche.

Quickly Relieves Distress of Sneezing, Stuffy Head Colds

A little Va-tro-nol up each nostril promptly relieves sniffling, stuffy distress of head colds—makes breathing easier.

Also helps prevent many colds from developing if used in time. Try it! You'll like it! Follow directions in package.

VICKS VA-TRO-NOL

"Vinegar Joe" Home For 35th Anniversary

MONTEREY, Calif., Oct. 19 (AP)—A big, silver B-17 from Honolulu "buzzed" a Carmel home here yesterday and then landed at the Monterey airport. Out stepped a plain, tall, gangly man wearing a battered campaign hat. Gen. Joseph Stilwell was back from the wars just in time to spend his 35th wedding anniversary with his family.

WARDS DEFIES DIRECTIVES OF LABOR BOARD

(Continued from Page One)

termed them "illegal requirements." Preceding the last seizure, the WLB had ordered Wards to put into a contract then under negotiation a maintenance of membership clause, but Avery refused. He maintained the WLB orders were merely advisory and were not binding.

Seizure Illegal
Likewise, Avery has contended that seizure of the properties was illegal. When the government first took control for two weeks in April, 1944, Avery refused to surrender his office to department of commerce officials and he was carried to the street by two soldiers.

Other company announcements yesterday said that wage increases given by the army to some employees will not be reduced. Similar increases will be given to others, with boasts extended to the union if officials agree after negotiation. Samuel Wolchok, union president, said the union would ask Wards to hold public negotiations, and he asked that Avery participate. He said that the army withdrawal without payment of \$785,089.70 in back wages was a "serious and gross miscarriage of justice."

"We have protested to President Truman this failure of the government to meet its expressed responsibility to the workers of Montgomery Ward. This has left the government in default of its own directives."

VETS WILL BENEFIT FROM NEW TAX BILL

(Continued from Page One)

the time they return to this country to work out a payment plan with the collector.

2. Men who entered the service before the pay-as-you-go tax law went into effect would be granted a similar three-year extension for payment of their tax liability on earned income (not in excess of \$14,000 earned in civilian life for years prior to 1942).

The benefits approved for business were:

1. A one-year extension, from Dec. 31, 1945, of the period in which corporations may retire their own bonds at less than face value without recognition of gain.

2. A similar extension of the period in which railroads, which have been through reorganization proceedings, may cancel out indebtedness without recognition of gain.

Details of the enlisted men's service pay forgiveness remained to be worked out. The dates probably will extend from passage of the draft act until the official end of the war. Those who have paid the tax will be entitled to refunds. The revenue loss was described as very slight, because servicemen already get an extra \$1500 tax exemption above that allowed civilians.

In its morning session, the committee took no further action on reduction of excise taxes on such articles as baby powder, gin, silver fox scarfs and lipstick. Prospect for their cut-back to pre-war levels next July 1 as voted by the house, seemed very dim.

High School Press Conference Slated

EUGENE, Oct. 19 (AP)—The annual Oregon high school press conference will resume this fall after a two-year halt. The session, tentatively set for November 24, will occupy only a single day instead of two, as in former years.

Selma Boy Shot While Hunting

GRANTS PASS, Oct. 19 (AP)—Jimmie Howsley, 10-year-old son of Mr. and Mrs. Robert L. Howsley of Selma, is in a serious condition as the result of a wound received Thursday evening from a 22-calibre rifle in the hands of Jose Neal Lee, 14, also of Selma.

The boy, wounded in the abdomen and suffering from shock, was brought to the hospital in a private car. Surgery was performed this morning. Lee, accompanied by Roy Evans, 18, was hunting near Selma when the shooting occurred. Lee stated that he did not know the Howsley boy was in the vicinity. Investigating the shooting was Charles C. Johnson of the state police.

PERON STRENGTHENS GRIP ON ARGENTINA

(Continued from Page One)

cabinet. Quijano was interior minister and Antille was finance minister when Peron resigned October 9 as war minister, labor minister and vice president under pressure from Campo De Mayo group. Neither Quijano nor Antille appeared in the cabinet which was sworn in yesterday.

This version would explain a number of puzzling circumstances: the presence in the capital, unmolested, of Adm. Hector Vernengo Lima, a Peron opponent who served briefly in the past week as navy minister; and the fact that the army stood idly by and permitted the streets to be dominated by Peron demonstrators.

Differences Patched
As for Gen. Eduardo Avalos, leader of the October 9 movement, who had taken Peron's post of war minister, one report said he had patched up his differences with the strong man after quitting the war ministry.

Midnight brought an official end to the 24-hour general strike which had paralyzed the capital and left it in the hands of marching demonstrators—many of them youngsters below voting age who professed allegiance to Peron because their apprentice schools had been formed by him.

It was estimated the strike had been 95 per cent effective. In the capital three persons were wounded in a battle between Peron supporters and a group which shouted "death to Peron." In Cordoba eight were wounded in a gun battle.

AFL Attorneys Ask For Hearing

SEATTLE, Oct. 19 (AP)—Attorneys for the AFL-Lumber and Sawmill Workers, striking for wage increases, asked the state supreme court at Olympia for a hearing this afternoon on a request for a writ of prohibition against a superior court order restraining the picketing of mills employing congress of industrial organizations workers in Pierce and Grays Harbor counties.

Counsel for the AFL-United Brotherhood of Carpenters, with which the striking union is affiliated, announced he would ask a writ of certiorari against a temporary restraining order issued here yesterday against picketing a CIO-plant in Seattle.

The AFL contends the restrainers here and at Tacoma and Aberdeen infringe free speech and abrogate all the laws of picketing of the past 25 years.

CAMPAIGN STARTED MEXICO CITY, Oct. 19 (AP)—A campaign for a nationwide minimum salary of 3 pesos (60 cents, U. S.) daily has been started by the Mexican labor federation (CTM). In regions where the present minimum exceeds 3 pesos, a new one of 6 pesos is asked.

(Continued from Page One)

when he was fired upon near the Plaza Bolivar. He was forced to turn back and that resulted in the delay in Corrián's dispatches to Washington.

There was no authoritative word on the issues involved.

Army Displeased
Venezuelan sources here speculated that lower rank army officers perhaps were displeased with the two presidential candidates for the presidency and may have revolted to take over the government.

They said the fact that Alfonso Biaggiani, a civilian, has been nominated for the presidency may have had something to do with the army's desire to revolt. This is the first time in Venezuelan constitutional history that a civilian has received the nomination.

The Venezuelan congress is scheduled to meet on April 19 to set the date for the presidential elections.

Oregon Strawberry Plants Purchased

CANBY, Oct. 19 (AP)—Several million Oregon strawberry plants are being purchased by growers in the Sacramento valley, growers here said today.

Canby berry gardens said it was shipping a million plants next month and other growers reported California orders nearly as large.

Discharge Score For Wac Officers Lowered

WASHINGTON, Oct. 19 (AP)—The war department announced today the point discharge for Wac officers will be reduced from 39 to 37 on November 1.

The department previously announced that the point score for enlisted women in the women's army corps will be reduced from 36 to 34 points on November 2.

CONGRESS AROUSES IRE OF SCIENTISTS

(Continued from Page One)

peacetime workers on atomic energy are sufficient to stir deep distrust abroad and invite an international atomic bomb armament race.

He said the government ought to trust scientists to look out for the interests of the United States rather than impose a "tight censorship" on them.

Lot of Money
After all, he said with reference to the cost of making the atomic bomb, "two billion dollars was a lot of money to gamble on the word of long-haired scientists."

(Dr. Urey is a brisk, fairly close-cropped individual himself.)
Dr. H. J. Curtis of the Oak Ridge, Tenn., atomic laboratories and others also were in on the news conference. Curtis said of the secrecy proposals:

"The implications in this bill—the tone of this bill—are such that if I were a scientist in a place that had the potentiality of making atom bombs I would feel that 'those fellows in the states are getting ready to bomb us.'"
"This bill adds fuel to that fire."

MEAT RATIONING TO BE CONTINUED

(Continued from Page One)

he still hopes that food subsidies can be ended by next July 1. The first step in that direction came with the cancellation of a government subsidy to butter processors, with a resulting prospective increase of 5 to 6 cents a pound in retail prices effective November 8.

(Wholesalers will be permitted to increase their prices November 1). On the other hand, there is a good possibility that the current butter ration value of 12 points a pound may be cut to eight, effective October 28.

Army Releases Butter
One reason, said food officials who asked anonymity, is the recent release by the army of 80,000,000 pounds of butter.

At the same time there was an indication that the better cuts of meat will continue to be rationed in November: OPA already is printing meat point charts for next month.

Withdrawal of the five-cent a pound butter subsidy, effective October 31, marks the beginning of the end of this wartime method of handling food cost problems.

Peacetime has started manufacturers, blowing about their goods again. Trade winds!
