

JAPS TOLD TO SEVER RELATIONS

TOKYO, Oct. 25 (AP)—General MacArthur today ordered Japan to sever relations with all foreign governments and to turn over its diplomatic properties and papers throughout the world to the allied powers.

The order, issued "by direction of the allied powers," told the Japanese government to recall "immediately" its diplomatic and consular representatives home from neutral countries.

Purpose of the order, other than the apparent one of revealing to the allies all Japan's diplomatic and consular secrets, was not disclosed. It came to MacArthur from the joint chiefs of staff at Washington.

(Official explanation for the drastic order was not immediately available from Washington sources.)

In its sweeping implications the order was comparable to one issued by MacArthur a few weeks ago, in which he directed that all records of Japan's banking and industrial concerns which had furthered that nation's imperialistic ambitions be delivered to occupation authorities.

Follows Criticisms
The directive followed close upon criticisms from Moscow to the effect that with the demobilization of Japan's armed forces, the occupation policies in the conquered nation should be directed by a four-power control commission instead of by MacArthur.

The order called for "prompt compliance" by the Japanese government of the following requirements:

1. In the United Kingdom, Russia, China, the United States, France, the Netherlands and their colonies, Japan must turn

over "intact and without delay" to the governments of those countries all diplomatic and consular archives and property.

2. In other countries, where Sweden or Switzerland are acting as protecting powers over Japanese interests, the defeated nation's property and archives must be delivered to representatives of "the four allied powers" who have been instructed to receive them. The protecting powers, however, shall continue to watch over interests of Japanese nationals.

3. In all neutral countries, the Japanese missions must surrender papers and property to designated representatives of the four allied powers. Sweden or Switzerland may be requested by Japan to protect Japanese interests in these countries.

4. The Japanese government must "immediately" recall its diplomatic and consular representatives in neutral countries and "cease further relations with foreign governments."

Renounce All Titles
Shortly afterwards, Domei news agency reported that Prince Fumimaro Konoye, royal career statesman and youngest of Japan's senior statesmen, would renounce all titles and court privileges so that he could take part in politics as a private citizen.

Konoye was prevailed upon by Marquis Koichi Kido, lord keeper of the privy seal, to delay his action until work on revision of the constitution is finished, Domei said.

The action might indicate that Konoye has determined to accept General MacArthur's suggestion, which was reported last Sunday, that the three-time premier head the liberal political movement in

Japan. Konoye said in reporting the suggestion that he was undecided what he would do.

The agency, quoting what it termed reliable sources, said Konoye, with relinquishment of his title, would accept full responsibility for his part in Japan's war period.

Conferences Sought
Conferences with Japanese Christian leaders will be sought by a delegation of American

protestant churchmen who have arrived in Tokyo on a goodwill mission.

The delegation included Dr. Douglas Horton, New York, chairman of the American committee for the World Council of Churches; Bishop James C. Baker, Los Angeles, chairman of the International Missionary Council; Dr. Walter W. Van Kirk, New York, executive secretary, department of interna-

tional justice and good will of the Federal Council of Churches of Christ in America, and Dr. Lyman J. Shafer, New York, chairman, Japan committee of the Foreign Missions conference of North America.

"We were sent to Japan by the churches of our country, not by the government," Dr. Van Kirk explained.

NO NEWLY MADE AUTOS AVAILABLE

Aside from the automobile presented to President Truman some weeks ago, none of the newly made 1945 cars has gone into the hands of the public from the assembly lines, although the government gave the manufacturing industry the

green light as long ago as July 1, Lee Moran, executive vice president of the National Automobile Dealers Association, said today.

"The point I wish to bring out," Moran explained, "is that new car production has been delayed so long now that the time when motorists will be able to buy new automobiles at will is indeed a long way off.

"This means that the public will have to worry along for some time with the present over-

age vehicles which, on the average, have been in continuous service now for more than eight years. Most emphatically it means that we must drive more carefully and conservatively than ever before and see to it that our cars get the best possible mechanical attention at all times. This is the only way, as I see it, that enough cars can be kept in service to meet the transportation requirements of these postwar days."

"Just the thing for Skipper!" said Doctor

So right away I put Skipper on Borden's Evaporated Milk! You should see how sturdy he is! And now, you know, Borden's is even more wonderful for babies... because it has three times as much Vitamin D as before! Each reconstituted quart provides a full day's supply... 400 units! So it's easier than ever to see that Skipper gets all the Vitamin D he needs to develop good strong teeth and bones. Borden's Evaporated Milk bears the seal of acceptance of the American Medical Association, Council on Foods and Nutrition.

And, boy! What Borden's does for custards!

With Borden's handy, I thought I'd try it for custards. And am I glad I did! My custards turned out so smooth... so tender... so delicate, I'll never use anything else! Borden's blends beautifully with other ingredients... doesn't separate in cooking! Why don't you try Borden's in your cooking and baking?

HERE'S A CUSTARD YOUR FAMILY WILL LOVE!

BAKED HONEY CUSTARD
1 cup Borden's Evaporated Milk
1/4 cup honey
1/4 teaspoon salt
1/4 teaspoon cinnamon
2 eggs, slightly beaten

Scald Borden's Evaporated Milk and water. Combine eggs, honey, salt, and cinnamon. Add hot-milk mixture slowly, mixing well. Pour into custard cups and place in pan of hot water. Bake in moderate oven (350° F.) until knife inserted in custard comes out clean (about 30-40 minutes depending on size of custard cups). Serve warm or cold. Makes 4 to 6 cup custards.

Now 400 Units of Vitamin D Per Reconstituted Quart
