

Alf Landon Blasts US Foreign Policy

LAWRENCE, Kas., Oct. 25 (AP)—Criticism of the administration's foreign policy, Alf M. Landon, 1936 republican presidential nominee, said today that if Russia refused the "proffered hand of the peace-seeking nations, we must not shrink from the tragic fact that a new aggressor is on the prowl."

In a speech prepared for delivery before the Kiwanis club, Landon outlined a six-point program which he suggested as the U. S. foundation for world security.

Raps Policy

Alf Landon

"You can't build an international organization for collective security on the quicksilver of vindictive, ruinous and imperialistic settlements that lack any constructive ideas," he said.

Program Suggested

The former Kansas governor's proposed program:

1. Make the U. S. a sound financial mooring post for the rest of the world to tie to by reversing our present unsound fiscal policies of borrowing and spending unlimited.
2. Reverse the German policies for which the U. S. largely is responsible. Put Germany on an economic, self-sustaining basis.
3. All nations abandon extra-territorial practices. "The U. S. should stand in the Far East advocating its substance what we did in the Philippines where we set the model for colonial treatment and development of self-governing communities."
4. Insist on "honest and intelligent, reasonable" application of the principles of the Atlantic charter before we make any gifts. Follow for the most part Woodrow Wilson's 14 principles for peace.
5. Seriously and thoroughly consider internationalization of the atomic bombs and of the few hitherto key spots in the world provided all world nations have shown a genuine willingness to band together and work together for peace.
6. If Russia refuses the "proffered hand of the peace-seeking nations, we must not shrink from the tragic fact that a new aggressor is on the prowl."

Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep.

When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
