

# TRUMAN WOULD OUTLAW ATOMIC

## CIO Steel Workers Slate Strike Vote

The nation's CIO steel workers, following the procedure of CIO automobile employees as part of their campaign to get increased wages, plan strike votes.

Headed by Philip Murray, president of the CIO as well as head of the steel workers union, officials today prepared the strike vote petitions, which they expected to have filed with the proper federal agencies by Monday.

The strike ballots would involve more than 600,000 employees in 766 steel, aluminum and iron ore plants and were regarded as the union's answer to rejection by major steel companies of its demands for a \$2 a day wage boost.

The proposed vote was announced as final tabulations in the second strike ballot of the union on a ballot. Industry's "big three" showed workers in Chrysler corporation plants favored a work stoppage. In a similar poll employees of General Motors also voted in favor of a strike. The results were regarded by CIO United Automobile Workers as a "mandate" to press demands for a 30 per cent wage hike for the industry's half million workers. Workers at Ford Motor company will ballot on the same issue on November 7.

## In The Day's News

**By FRANK JENKINS**

**PRESIDENT TRUMAN** in a Navy Day address today, pledges the United States (as far as a President CAN pledge the nation) to KEEP THE SECRET of the atomic bomb as long as it can be kept and intimates strongly (without putting it actually into words) that this nation will use its great military strength to preserve the peace until the time comes when international co-operation CAN BE TRUSTED to do the job.

As to the atomic bomb, he says flatly:

"Until the world reaches the state where atomic methods of destruction can be definitely and effectively OUTLAWED forever, the United States will hold the atomic bomb as a SACRED TRUST."

He adds:

"We are willing to exchange fundamental scientific information in talks TO BEGIN SOON, but these discussions will NOT be concerned with the process of manufacturing the atomic bomb or other instruments of war."

STRANGE ideas have got loose in this country. The theory has been advanced that having developed and MANUFACTURED a revolutionary new weapon so powerful that it ended the Jap war in almost a matter of days we should GIVE THIS WEAPON FREELY AWAY, so that ANYBODY might USE IT AGAINST US!

It is reassuring to hear from the President that no such form of potential national suicide is contemplated.

THE President's Navy Day address displays NO lack of confidence in ULTIMATE international co-operation to limit the dangers of world war. Instead, his utterances BREATHE CONFIDENCE throughout in the ULTIMATE possibility of such a thing. He says flatly that "there are NO CONFLICTS OF INTEREST among the victorious powers so deeply rooted that they cannot be resolved."

But he adds that the solution of these "conflicts of interest" will require a combination of forbearance and firmness and a willingness to find a common ground as to methods of applying the high principles that will be necessary if the "conflicts" are to be peacefully settled.

He comes as near as a President can to committing the United States to the job of using its great military strength to keep the peace in the DISTURBED INTERVAL while the world is getting back to sanity after the greatest of all wars.

HE then outlines a 12-point foreign policy for the United States based on the use of military power to preserve peace while we are planning more effective international organization for that purpose.

This 12-point foreign policy program is too long to be even summarized here, but it is printed in this newspaper today.

Read it. Study it. You will find it a brief and heartening statement of a LIBERAL AMERICAN OUTLOOK upon world affairs in which we come close to stating that our relations with the rest of the world will be based upon the principle of the Golden Rule—that is, that we propose to conduct ourselves toward others as (Continued on Page Two)

## Arriving In United States

**By The Associated Press**

Wilton H. Kleppen T/Sgt., Klamath Falls, arriving on La Grande Victory due in New York October 27.

Joseph Wronski, T/S, Mt. Shasta, Calif., arrived on Pontotoc Victory due in New York October 23.

Neal O. Fife, S/Sgt., 65 Pine street, Klamath Falls, arrived on the Christopher Greenup, due in San Francisco October 22.

Woody A. Joe, T/S, Chiloquin, arrived on the Christopher Greenup, due in San Francisco October 22.

Elizabeth Cleghorn, lat. Lt., Klamath Falls, arrived on Argentina, due in New York October 25.

George F. Colbert, T/S, Lakewood, arrived on Argentina, due in New York October 25.

## 8TH CALOREGON HEREFORD SHOW STARTS SUNDAY

Fine Cattle Breeding  
Stock Arrives At  
Fairgrounds

Some of the finest cattle flesh on the Pacific coast, pick of breeding stock from leading herds, will parade into the arena Sunday at 1 p. m., when the 8th annual Caloregon Hereford association show and sale will get underway at the fairgrounds pavilion.

The show is slated for Sunday afternoon the sale to start promptly at 10 a. m. Monday. The public is invited to attend all events in connection with the show and sale.

Outstanding A good supply of big, heavy-boned, rugged range bulls, 100 in all, plus 50 choice foundation females, will make the 1945 show outstanding. It is the unanimous opinion of the livestock men who have seen the cattle now at the fairgrounds, that this is the best Hereford cattle for type, conformation and quality, ever sold by the Caloregon association.

Dr. W. L. Carlyle of Annadel Farms, Santa Rosa, Calif., will judge. Dr. Carlyle is an internationally known beef cattle authority. Monday the cattle will go through the auction ring, under the hammer of Auctioneer Earl O. Walter of Filer, Ida.

Between these two events, the western brand of hospitality which has made Klamath Falls a popular rendezvous for cattlemen will hold sway, highlighted by the annual cattlemen's dinner Sunday night at the Willard. Cocktails will be served at 6:30 p. m., dinner at 7:30. Many leading livestock men of the western states will be in attendance, including representatives of the American Hereford association, editorial and field representatives of the principal livestock journals of the west.

Tickets are available at the Willard desk or by contacting W. A. Serruys, Mitchell Tillotson, sales manager, will be master of ceremonies at the dinner at which John Day of Medford, (Continued on Page Twelve)

## \$200 Taxi Fare?

### Sure Says Gal

Never underestimate the power of a woman—nor her determination to get what she wants regardless of cost.

That bit of philosophy is in order again in reference to the story of a Klamath Falls girl who recently showed up at the police station at Richmond, Bialf, asking for the whereabouts of marine stations in that area.

The girl explained to Richmond Police Sgt. John Bacon that she had driven down from Klamath Falls in a taxicab, looking for a marine who has some of her belongings.

"I have to be back in Klamath Falls by 6 p. m. today," she told Bacon, "or my cab bill will be more than \$200."

"Are you dissatisfied with your fare?" Bacon inquired. "Oh, no, that's all right," the girl answered. Before starting, she said she and the driver agreed on a round trip payment of \$200 with the understanding that if they didn't get back to Klamath Falls by 6 p. m., she would have to pay overtime.

Whether the Klamath gal found the marine and recovered her belongings—which must have been worth over \$200—has not been reported, but the bets are on her.

## Parties Cleared In Crash Death

No evidence that any of the parties concerned in the trucker accident Wednesday night which resulted in the death of Mrs. Anna B. Hansen were guilty of crime or negligence was found by a coroner's jury during an inquest yesterday afternoon.

The inquest was held at Ward's funeral home and conducted by Marvin Albee, deputy coroner. The inquest had been called at the insistence of the district attorney's office.

W. D. Miller, Sr., Klamath Falls contractor, was the driver of the car in which Mrs. Hansen was riding. An international truck, loaded with hay, crashed into the side of the Miller automobile at the Shasta way-Summers lane intersection early Wednesday evening. Driver of the truck was Doc Minford Daugherty.

This nice hunk of bull is H. Hark Hartland 33rd, as fine a piece of Hereford flesh as you'll find in a dozen states. His owner, Henry Heyden of La Grande, is among the consignors at the Caloregon Hereford association show and sale slated for Sunday and Monday at the fairgrounds. This is the 8th annual show and sale and the public is invited to both events.

## GOVERNMENT HOPES STRIKES WILL HALT

WASHINGTON, Oct. 27 (AP)—Government agencies detected signs today that reconversion will be accorded a breathing spell from labor-management disputes over wages.

Labor department sources predicted unofficially that major work stoppages will be stayed until the end of the year because big strikes now: 1. Might influence congress in its consideration of anti-strike legislation. 2. Would tend to embarrass the national labor-management peace conference beginning Nov. 5.

The federal conciliation service reported that in the week ended October 24 the number of strikes settled exceeded the number of new ones which began. (Continued on Page Twelve)

## Gathwright Case Set For Monday

The criminal trial of Dennis Samuel Gathwright, charged with possession of stolen property, will come up in circuit court at 10 o'clock Monday morning.

Gathwright and another person, listed in the indictment as John Doe and as yet not apprehended, were indicted last June for having in their possession 9000 new labeled grain sacks, the property of E. R. and M. A. Long and allegedly stolen from Malone warehouse near Merrill.

The sacks were valued at \$1800. Gathwright has been free under \$2500 bond since June 27.

## Hixon Attends Jaycee Meeting

MEDFORD, Oct. 27 (AP)—The executive board of the Oregon junior chamber of commerce opened its meeting here today with President Leo Sludd Jr., Portland, presiding.

Other officers present at opening sessions included Lofton Tatum, Portland, past president of the state organization; Merle Nash, Eugene, first vice president; Marvin Hixon, Klamath Falls, second vice president; Bruce Gilbert, Bend, secretary; and O. H. Bengtson, state representative.

## 2 PERSONS JAILED ON MORALS CHARGES

Charges of contributing to the delinquency of a minor have been filed against Nettie Belle Lusk, about 44, and of statutory rape against Albert M. Waldo, 32, both of Klamath Falls, by the district attorney's office and Mrs. Lusk's 14-year-old daughter has been placed in custody of juvenile officials.

Mrs. Lusk is in the county jail unable to raise \$2500 bail after being arrested this morning by state police. Waldo was also arrested this morning and his bail is set at \$5000 cash.

The case came to the attention of juvenile authorities through a report that the girl was breaking up the home of the jailed man, who is married and has four children. Faye Lucas, juvenile officer, picked the girl up last night and she made a statement to the district attorney implicating her mother and Waldo.

**Rented Cabins**  
Mrs. Lusk, officials said, allegedly rented two cabins on S. 6th street about October 2, occupying one herself and allowing Waldo and the girl to occupy the other. Waldo, who has been employed at Weyerhaeuser Camp No. 5, has a previous police record and is at present on probation, officials said.

After the girl's statement to the district attorney, state police picked up Mrs. Lusk this morning at her cabin and Justice of the Peace J. A. Mahoney set her bail at \$2500. She was unable to post bail and was placed in the county jail.

The sheriff's office arrested Waldo and his bail was set at \$5000. Waldo is in the county jail in lieu of bond. Judge David R. Vandenberg issued the order today having the girl detained by juvenile authorities.

## UNREST PREVAILS ON CHINA POLICY

**By SPENCER MOOSA**  
CHUNGKING, Oct. 27 (AP)—A feeling of distinct uneasiness prevailed in Chungking today about Russia's China policy, as indicated by Moscow's reported refusal to allow Chinese government troops to land at Dairen and Port Arthur.

This alleged refusal was considered by some here an open violation of Chinese sovereignty over Manchuria, specifically acknowledged by Russia in the recent Sino-Soviet pact.

Official Chinese quarters showed pronounced reluctance in discussing Sino-Soviet relations, in obvious fear of incurring Moscow's displeasure, but strong undercurrents of resentment were not difficult to trace.

Chinese circles were perturbed about the alleged Russian transfer of much of Manchuria's movable wealth, which from testimony of reputable witnesses was accepted here as fact.

Junior officials assigned to posts in Manchuria privately confided to friends that all Chinese appointees there required tacit if not explicit approval of Soviet authorities.

Although the Sino-Soviet pact provided that Russian material aid to China be made through the central government, different quarters here claimed this clause was not being fulfilled, and they complained that Moscow had not severed all links with Chinese communists.

## A Skeleton In The Closet!

Rumors of an 18-foot skeleton being unearthed in the vicinity of Klamath Falls have brought numerous inquiries to Klamath county chamber of commerce.

How the rumor started no one seems to know. One theory being that since the story seems to have some connection with the ancient Indian petroglyphs at Tulelake, it may have grown from the fact that the drawings are about 18 feet up the side of the cliff.

One inquirer enclosed a clipping from "Amazing Stories" magazine stating that "such a skeleton has been discovered at Klamath Falls."

Charles R. Stark, manager of the chamber of commerce, received three inquiries in one week regarding the out-size skeleton. He admits no knowledge of such a discovery.

## US Possession Of New Bomb "Sacred Trust"

NEW YORK, Oct. 27 (AP)—President Truman proclaimed to the world today a 12-point foreign policy based on the use of military power to preserve peace while planning to outlaw the atomic bomb.

"Loss of faith in the effectiveness of international organization," is the great threat to peace, he said. In an atomic age it would be nothing short of disastrous.

The United States regards possession of the atomic bomb as a "sacred trust," which "will not be violated," the president said. But he declared the highest hope of the American people is for a state of world cooperation in which "the atomic methods of destruction can be definitely and effectively outlawed forever."

He expressed willingness to exchange fundamental scientific information in talks with other nations which will begin soon, but reaffirmed:

"These discussions will not be concerned with the process of manufacturing the atomic bomb or any other instruments of war."

The chief executive's first overall statement of foreign policy since he took office last April was made at a Navy Day rally in Central Park.

**Diplomatic Efforts**  
It came in the midst of intense diplomatic efforts to bring about better relations with Russia and in a few hours after disclosure that Generalissimo Stalin had received an undisclosed message from Mr. Truman through Ambassador W. Averell Harriman.

Mr. Truman said differences which exist among the allies "are not hopeless or irreconcilable."

With a possible view to conditions in the Balkans, however, he stated emphatically that the United States would "refuse to recognize any government imposed upon any nation by the force of any foreign power."

He set forth four purposes for which "this nation must remain powerfully armed: to enforce the peace on defeated enemies, to support the United Nations, to defend the western hemisphere and to defend the United States."

**Solution Urgent**  
The atomic bomb makes the solution of international problems "more urgent than we could have dreamed six months ago," Mr. Truman said, "but it does not alter the basic foreign policy of the United States."

That policy he described as one of "friendly partnership with all peaceful nations and of full support for the United Nations organization." He defined it in these three principles:

1. No territorial expansion, no plans for aggression, no objectives "which need clash with (Continued on Page Twelve)

## AFL LEADERS WILL DISCUSS WALKOUTS

PORTLAND, Ore., Oct. 27 (AP) The Monday meeting of AFL Lumber and Sawmill Workers union heads held the spotlight in the northwest lumber strike today.

District council executives and local union members will gather here then to outline further strike plans.

Already the union has begun to tighten down on lumber movement, forcing six lumber loaded railroad cars to be uncoupled from an eastbound train and left on a siding at Arrow Junction, Idaho.

A member of the AFL strike policy committee, Willis Nazer, said in Aberdeen, Wash., an offer had been made to eight mills in the Grays Harbor area to negotiate with operators either individually or collectively.

Meanwhile, Superior Judge Howard J. Atwell granted a permanent injunction in Kelso to keep the AFL from picketing the big Weyerhaeuser and Long-Bell mills at Longview. The Washington state supreme court will conduct hearings on similar cases November 13.

The AFL reported progress in its efforts to tie up construction, saying eastern contractors had sent many requests that the ban on "hot lumber" be removed.

## Bulletin

**DETROIT, Oct. 27 (AP)—**General Motors corporation tonight proposed to the CIO Automobile Workers union that it join with the corporation in petitioning congress to change the wage and hour act to make the standard work week 45 hours instead of 40 during the postwar reconstruction period.

A kick-off breakfast in the Victory Loan campaign is set for Tuesday morning.

## ALL AMERICA PAYS TRIBUTE TO U. S. NAVY

**By The Associated Press**  
Her ports crowded with warships and skies filled with triumphant navy planes, America today celebrated the exploits of the Pacific and Atlantic fleets and gave thanks for the victory they helped to win.

President Truman, reviewing an impressive display of sea-power stretching seven miles up

**Big Crowd**  
The Marine Barracks post, at 8 o'clock this morning to the public in observance of the nation's Navy Day, had played host to more than 3600 persons by 2 o'clock in the afternoon.

Cars whisked through the gates at the rate of from two to three a minute.

This afternoon navy personnel, navy families and others were guests at the USO.

The Hudson river, led the nation in its observance of Navy Day. All along America's coastlines, millions crowded aboard famous war vessels riding proudly in home ports after months and years of battle. Spectacular displays of air power were planned, with 1200 planes in the New York celebration, alone.

**Celebration**  
At San Francisco, the battleships South Dakota, Alabama, Wisconsin and Indiana rode at anchor, with the carriers Yorktown and Bon Homme Richard and other fleet units. Two hundred navy planes and a fleet of blimps were soaring over that city during the day.

At Honolulu, the Pearl Harbor navy yard—scene of the Japanese sneak attack—was opened to civilian visitors for the first time since December 7, 1941.

As Honolulu citizens were welcomed aboard many warships which won fame in Pacific battles, Fleet Admiral Chester Nimitz in a Navy Day message urged the United States to retain its "birthright" of strong sea power.

Los Angeles planned a parade of 15,000 and a huge spectacle at Memorial coliseum depicting the signing of surrender terms by the Japanese aboard the battleship Missouri.

## Vet Acquitted Of Love Murder

MADERA, Calif., Oct. 27 (AP)—Lt. Claude Chipman, 27-year-old veteran of the Stillwell road campaign, stalked from the courtroom without even glancing at his wife here late yesterday after he was acquitted of slaying her lover when he returned from overseas.

A superior court jury of eight men and four women took only 30 minutes to deliver a verdict of innocent of charges the young army officer had murdered Herman Blood, Jr., 26, a North Fork lumberjack, last Sept. 24.

Chipman solemnly shook hands with each of the jurors and thanked them. Then he left the courthouse without looking at his wife, Barbara Jo, 21, who showed obvious joy at her husband's acquittal.

She rushed home and changed to blue jeans, riding boots and a lumberjack shirt, expecting her husband to take her with him to a mountain retreat at Central camp 60 miles east of here. Lt. Chipman failed to appear.

The lieutenant's wife had testified impressively the previous day that she had lived openly with Blood for five months while Chipman was overseas.

# COLORFUL CARNIVAL OPENS VICTORY LOAN DRIVE

A colorful carnival with "western nights" flavor will kick off Klamath county's Victory Loan drive Monday evening, and the special events committee in charge today urged people throughout the Klamath basin to participate in this lively entertainment.

The "victory arcade" will be set up in the area on Main street from Esplanade to Broad street,

with special activities in the armory and the salesroom of the Balsiger Motor company. The time is from 5 to 8 p. m. Monday.

Paul Lee, chairman of the special events committee, said today that \$86,000,000—that's right, millions—in stage money is being printed for this event. Handbills were dropped from planes today on surrounding communities, and the committee expects dwarf that at any previous war loan event.

Games will be manned by members of the American Legion, Elks lodge and Junior chamber of commerce. There will be numerous prizes.

Special music will be provided by Joy Caylor and her girls' band, an outstanding musical aggregation.

Starting off the event will be a parade through town to the arcade. This is scheduled for 4:45 p. m. Monday.

"We're hoping for good weather but that won't make much difference as we're having major activities indoors," said Lee.

The victory arcade will be the first of a series of special events being planned for the loan campaign period. Top acts from this

series will go to Portland for a showing at "victory center" there November 29-30.

Mayor Ed Ostendorf today issued a proclamation establishing the time for the victory arcade program from 5 to 8 p. m. Monday and asking businesses to close for that period.

"I do further declare," said His Honor, "that the citizens and residents of Merrill, Malin, Tule-

lake, Chiloquin, Bly, Bonanza, Dorris and all other residents of Klamath county and surrounding territory are urged to attend the victory arcade as a personal display of their determined intention to help make the Victory Loan drive an outstanding success."
