## Oilex Simplifies Polish Removing

AFTER what Martha found in Currin's the other day . . . getting off the old nail polish before putting on the new . . . isn't going to be such a messy process. Oilex . . . a new nail polish remover with an oily base . . . does the job in a jiffy . . . and neatly . . . doing away with those smears that often get on your clothes . . . or practically to your elbows. Oilex is a non-smearing medicated cosmetic . . . which, used on a pad of cotton, absolutely absorbs the nail enamel . . . leaving the fingertips clean for a fresh coating. This preparation . . . which Martha certainly recommends . . . comes in two-ounce bottles . . . priced at 50 cents at . . . Currin's for Drugs . . . the friendly drug store . . . at Ninth and Main.

## Studio Improves Hair Appearance

YOU can't make a lovely appearance with dull or mossy hair . . . nor should you even have such tresses . . . when it's so simple . . . and complimentary . . . to improve upon nature's oversights. The Studio of Beauty personnel can advise you about your hair . . . and if you don't wish to brighten it up with a complete tint . . . there's a shampoo tint (rinse) . . . which can be used for glinting or slightly tinting . . . concealing every trace of gray . . . or giving it a gleam that will go a long way toward attractiveness. While chatting with Fern Short at the Studio this week . . . she mentioned that the matter of incessantly breaking appointments . . . which has become such a problem . . . causing loss and inconvenience to the operators . . . has been taken up at the national convention of beauty shop owners . . . with the probability remedies will be suggested that will discourage this discourteous practice.

## Whytal's Receives Knit Outerwear

IT took some bundling up for shopping this week . . . when Indian summer went on the warpath . . . but Martha waded forth to look over the sweater situation finding a big shipment hardly out of the boxes at Whytal's. Both hi-necked pullovers and alpons . . . of all-wool . . . these are tops for warmth with skirts or suits . . . and of such satisfying outdoor colors as wing gray, woods brown, afterglow pink . . . yellow, aqua and pale pink. Sizes are from 34 through 40. Besides these new arrivals in knitted outerwear . . . Martha found at Whytal's a splendid selection of nubby knits . . . in buttoned-front and slipover styles (with long sleeves) . . . of spirited shades like cherry, yellow, fuchsia, lime . . . besides white, black, apple green, flesh, pale blue and beige. There are also all-wool, long-sleeved sweaters of heavy weave . . . in a warm spice color, purple and coral . . . sleeveless pull-overs of black and brown, worn over a blouse to make your suit jacket more comfy . . . and another group of short-sleeved pullovers . . . of finer weave . . . some with v-necks . . . in practically the same range of colors. So, if you're looking for a new sweater . . . now that chill winds are blowing . . . Martha suggests that you be sure to see these . . . At Whytal's . . . in the Medical-Dental Building . . . corner of Ninth and Main Streets.

When Fern gets more detailed reports from the convention . . . Martha should have more information on this subject. From the Studio of Beauty . . . on Whytal's mezzanine . . . in the Medical-Dental Building.

## Town Shop Ready To Outfit Skiers

IT isn't too early to mention skiing . . . and it certainly isn't too early to start getting your snow sports apparel together . . . while The Town Shop still has an adequate selection of White Stag outdoor togs . . . which have no peer, in Martha's opinion. This season . . . the shop has a new White Stag item for you skiers . . . a pullover ski shirt . . . it's really a four-season jacket . . . of belted style, with poplin skirt effect. One of these would be plenty smart looking . . . combined with a pair of White Stag's all-wool gabardine Downhill ski pants. You can get these pants in grey, tan, gunmetal or navy . . . while the jackets . . . including White Stag's zelan-treated waist length type . . . are in red, blue, navy or natural . . . thus you can either have colorful contrasts . . . or a practical navy outfit. For added comfort . . . some of the jackets come with parkas . . . some without. If you prefer a regular ski suit . . . The Town Shop also has these by White Stag . . . of 100 per cent wool . . . in navy trimmed with air force blue . . . and especially recommended for spectator suits. Don't forget mitts . . . you'll need 'em! White Stag's ski mitts are made with poplin tops and horsehair palms . . . with all-wool fillers . . . and are water-repellent. Also, separate White Stag ski caps are available . . . in case you lost yours last year. The Town Shop . . . specializing in Outdoor Outfits . . . corner of Fifth and Main.

## Cal-Ore Patrons Find Fun Aplenty

IF you haven't been down to Cal-Ore lately . . . you'd better get in the groove . . . for, from what friends have been telling Martha . . . there's plenty of fun to be had there every night of the week . . . except Monday, of course, when it's dark. There have been lots of dinner parties . . . for the Tavern has a prided reputation in serving excellent food . . . and will be plenty more . . . now that the winter social season is zipping along. Entertainment is always varied . . . and very danceable music is provided by Sammy Herman's six-piece orchestra . . . with a few semi-classical numbers thrown in by the pianist . . . for extra enjoyment. Paul Swigart is the vocalist . . . and those of you who have heard Paul . . . know that he's plenty easy to listen to. So, the next time you get a yearning to dine out . . . Martha recommends Cal-Ore Tavern on Highway 97 South . . . just across the California line.

Mr. and Mrs. Earl Sutton of Eugene are visiting this week

He hopes to take home a nice big buck. Lou Pierce who had the New Pine Creek Saddle shop here has moved to Washington where he formerly was in business.

**Alturas**  
ALTURAS — Mel Barron supervisor of Modoc National Forest, has announced his resignation and has accepted a position as manager of the Sam Jaksick lumber company interests. He will make his home and headquarters near Reno on one of the Jaksick ranches, but will be a frequent visitor in this district where the Jaksick company operate a number of mills. H. K. Pyle has been named to replace Barron as supervisor. The appointment of a permanent supervisor has not, as yet, been made. He comes here highly recommended. Just beyond the First National Bank building, at 123 North 6th St., you will find the new office of Hans Norland Insurance Agency. Stromberg-Carlson Radios, Derby's Music Co.
