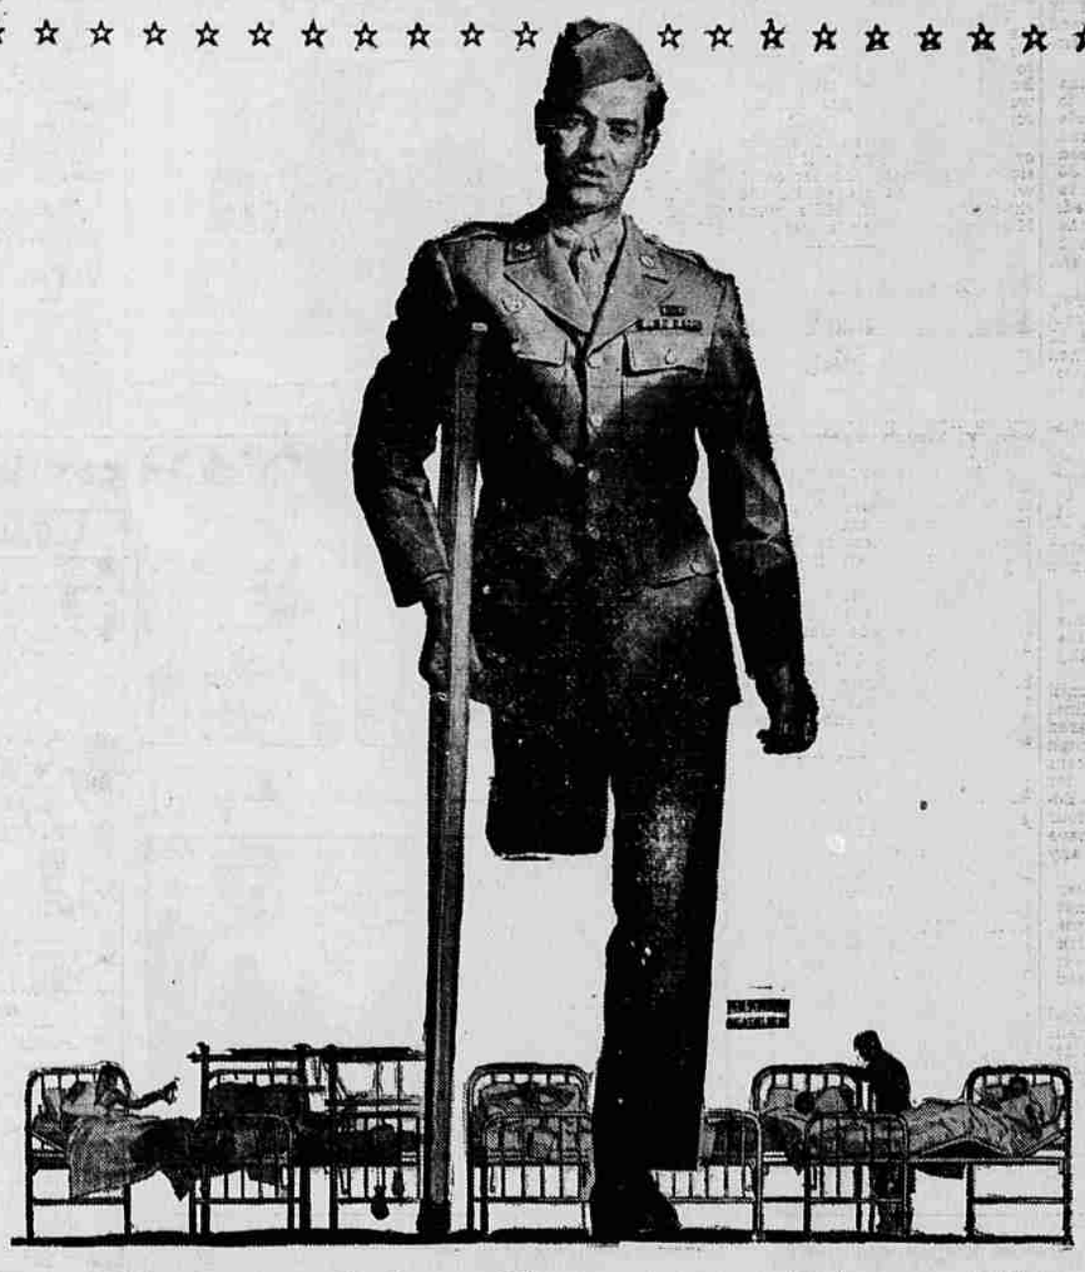
What Price Victory?



Your Share of the Cost is an Extra Bond in America's Great Victory Loan

THIS VETERAN will never get back what he gave up for his country. You get back *more* than you *lend* your country—$4 for every $3—when you buy VICTORY "E" Bonds.

So, it isn't asking much when Uncle Sam asks your help in caring for our more than 300,000 wounded. Today their medical care and rehabilitation are among America's gravest problems. And the cost is high.

Look at these examples if you want to know why the most important Bonds you've ever bought are the Bonds you buy in America's Great Victory Loan: Cost of a hospital ship, $4,500,000; a hospital plane, $110,000; supplies for a thousand bed hospital, $177,500.

Don't forget, either, that War Bonds are the world's safest investment—handy as ready cash for pleasures or emergencies. Above all remember 300,000 wounded need your help *today*.
