Something special in canned peas? You bet!
Remember how peas grow in your garden? Different sizes, different flavors, even in pods on the same vine. That's the way Del Monte Early Garden Peas are packed—only Del Monte goes Nature one better.
First, Del Monte takes out the peas too young to have flavor, the peas so old they have passed the prime of flavor.
Then, selects just the best of all the rest and packs them together—so the sweeter flavor of the smaller sizes blends with the richer flavor of the larger.
Enjoy them yourself! You'll be in good company—Del Monte Early Garden Peas are the largest-selling brand of peas on the Pacific Coast.
