

74 Jews, One Arab Killed In Anti-Jewish Outbreaks

CAIRO, Nov. 7 (AP)—The British ministry of information announced today that 74 Jews and one Arab had been killed in anti-Jewish outbreaks in Tripolitania.

Troops and police in Tripoli, metropolitan center of the Italian colony in North Africa, were ordered to "shoot all looters and rioters if necessary" as dispersed troops of more than five persons.

SOLUTION TO PLAGUE MIGHT BE NEW POISON

By HARRISON HUMPHRIES

WASHINGTON, Nov. 7 (AP)—The answer to one of mankind's greatest scourges—bubonic plague—may lie in an innocent looking white powder.

The powder is the new rat poison 1080 (ten eighty). Its chemical name is sodium fluoacetate. It gets its numerical designation because it was the 1080th chemical compound tested in the government's two-year wartime search for an effective weapon against disease-spreading rodents.

It kills rats quicker than any known poison except strychnine (which must be imported) and—amazingly—rats like the stuff. Strychnine has to be disguised.

Bubonic plague, transmitted to a man by the fleas that infest rats, is estimated to have killed more humans than all the wars in history.

Plague Found

A form of the plague has been found in several different types of rodents in the western states, including ground squirrels, wood rats, deer mice and woodchucks. Poison 1080 is deadly to all of these and is equally effective in a wide variety of baits and in water.

The fish and wildlife service estimates that there are nearly as many rats in the United States as there are persons. On farms there are about 60,000,000 rats. They cause property loss estimated at \$1 a year for each rat.

With the outbreak of the war, supplies of the customary poisons used in rodent control—trallium, red squill and strychnine—were curtailed or cut off. Trallium was imported from Europe, principally Germany, Belgium and France; red squill from the Mediterranean region and strychnine from the Far East.

It was for this reason that the government, with the office of scientific research and development and the U. S. fish and wildlife service cooperating, began its search for a new domestic rat poison which resulted in the development of 1080.

Naval Units To Dock For Armistice Day

PORTLAND, Nov. 7 (AP)—Naval units will again be in port here for the November 9-12 Armistice Day holiday period, Mayor Earl Riley said today.

A telegram from Admiral Halsey said one division of destroyers or its equivalent or one cruiser would berth here.

With support of the Arab League, Libians are seeking independence from Italy. The colony is made up of Tripolitania, the western section and Cirenaica, the eastern.

Russia openly expressed interest in some form of control over Tripolitania during the conference of five foreign ministers in London, indicating she might ask a share in administering that colony and Eritrea.

Foreign Commissar Vyacheslav M. Molotov told newsmen at the conference "there was a grain of truth" in reports that Russia wanted sole trusteeship over Tripolitania, in a discussion on disposition of Italy's colonies in North Africa.

Stern Measures

The ministry of information communique said stern measures, including the imposition of a curfew, had been enforced to put down "a serious outbreak on rioting, violence and arson by the Arabs against the Jews in Tripoli City Sunday night."

"Arrests have been made of subversive Arab elements," it said.

In addition to those killed, 83 Jews, 38 Arabs and two Italians were hospitalized.

The ministry said the rioting started when an "Arab mob attacked the Jewish quarter" of Tripoli. It added:

"These acts of violence, which are unprecedented in the history of Tripolitania (which had always been characterized by friendship and the mutual goodwill of Arabs and Jews) were the work of irresponsible elements who, in a large majority of cases, came from the Arab section of the population. Leading local personalities, both among the Arabs and Jews, have disassociated themselves firmly from the lawbreakers and have expressed their deep regret for the occurrences."

Easter Lilies Produce Blossoms

BLY — Easter lilies in the Protzman's garden made up for blooming at the wrong time of year by producing a quantity of blossoms. The plant burst into bloom in early October and on the 13th, 10 blooms and 14 buds were counted.

The plant was an Easter gift from George Carlisle. It was put in the storeroom and forgotten after it had finished blooming.

In late summer, Mrs. Protzman came across the bulbs and planted them in the yard and they responded by blooming in October.

Klamath Falls Man Reports Collision

Wallace Carl Westin, 2545 Shasta way, reported to county officials a collision between his car and an automobile driven by Sgt. John I. Mathews, 1307 Nimitz, which occurred at the intersection of S. 6th and Washburn late yesterday afternoon.

Both cars were traveling very slowly at the intersection, and only slight damage was done to Mathews' car. Damage to Westin's machine was estimated at \$100.

Benjamin Franklin was born in Boston on January 17, 1706.

OREGON SHOWS GAIN IN VALUE OF PROPERTY

SALEM, Nov. 7 (AP)—The state of Oregon's property is worth \$43,975,000, a gain of \$1,700,000 in the past year, the state board of control said today.

The board made the announcement in connection with drawing up the \$100,000 annual levy against state departments for the state restoration fund. This fund, which will total \$382,000 after the levy is made, is the state's insurance system on its own property, insuring against loss by fire, flood and storm.

The board said it had to pay only \$25,000 in loss claims in the past two years.

Largest Valuation

The largest valuation was \$6,180,000 on Oregon State college properties, while the highway commission has property valued at \$5,645,000.

Other large valuations include: capital buildings and grounds, \$4,444,000; University of Oregon, \$4,383,000; liquor commission store stocks, \$1,624,000.

The levy amounts to 22.7 cents for each \$100 of value.

The board took no action on the proposal by the state board of health that a state, county and city health building be constructed in Portland, with the federal government paying half the cost. The board of health said it does not have enough room to carry on its activities.

The board of control said it has received orders to vacate offices on the ground floor of the Oregon building in Portland, which was sold last week. The board predicted other state offices in the building would be ousted.

The board said it might build or buy a building in Portland for use of state offices, but no plans have been made.

NAMED PRESIDENT

ASTORIA, Nov. 7 (AP)—Lawrence Rogers, Hammond, has been named president of the Clatsop county chapter of the Oregon Historical Society.

Weary Feet Perk Up With Ice-Mint Treat

When feet burn, callouses sting and every step is torture, don't just groan and do nothing. Rub on a little Ice-Mint. Frothy white, cream-like, its cooling soothing comfort helps drive the fire and pain right out. — tired muscles relax in grateful relief. A world of difference in a few minutes. See how medicinal Ice-Mint helps soften up corns and callouses too. Get foot happy today, the Ice-Mint way. At drugists, 5¢.

HIGH SCHOOL News Notes and Comment

By JOAN O'NEILL

The music department is just about the most active one in outside activities in school. Its schedule is full and increasing.

Tonight the music department is sending some of its pupils to entertain at the Shrine club at the Willard hotel. Alyce Wells, Alyce Selby, Dorothy Howry and the dance band which is composed of Bill Kessee, John Epley, Darrell Gentry, and Pat Laahs, will make up the program.

Several of the students of this department have been helping right along with the bond campaigns and are still working. Alyce, Bud, and the dance band have been doing their bit as have Barbara Zinn and Herbert Brower.

A cappella choir is preparing programs for the Lions club and school Thanksgiving assembly. Even though Christmas is over a month away they are also going to be prepared for the Rotary club and Library club Christmas programs. November 27 will find the AC choir singing at the Victory Bond show at the Pelican theatre. The band will play in the Armistice Day parade which is scheduled for Monday the 12th.

Service Club Finds Busses to Bend

The Service club will soon have a name for itself if it keeps on showing its spirit and willingness to work as it has been doing. The Service club has been doing jobs around school ever since it was organized and now it has chartered several busses to attend the Bend game. The busses were originally to be opened to only Service club members, but the Pep Peppers have now been invited.

The round trip to Bend will cost each student \$4.07. The bus will leave early Friday morning and return late the same night. Money and permission slips were to be in Mr. Vanderpool's room at 4:00 today.

The school assumes no responsibility, as this trip is an outside activity; students making this trip must have an excuse from their parents at the dean's office Tuesday morning as there is no school Monday. Mr. Everett Vanderpool, faculty advisor to the Service club, will accompany the students.

El Rodeo Sales

The El Rodeo has been really selling fast these past two days. At the rate they are selling they are out to reach that 750 mark. There is a big thermometer by the main door which will record the progress of the sales. Un-

Sprague River

SPRAGUE RIVER — Mr. and Mrs. R. T. Lake spent the weekend in Lakeview visiting Mrs. Lake's mother, Mrs. Grace Hagar and daughter, June.

Mr. and Mrs. Russel Kernan have moved to Klamath Falls where he is now employed.

Dolly and Clifford Hayes were recent visitors in Sprague River. Clifford has recently been discharged from the service.

Vincent Bodner Jr., has recovered from a foot injury received while playing ball at the Henley school, where he is a junior.

Mr. and Mrs. Brick Stowe have moved into the Giegler store apartment recently. Stowe is employed as butcher and his wife as a clerk in the store. They came here from Chiloquin.

A combine which has been working on the Bodner ranch on Sprague river has completed the harvesting there.

T/Sgt. Robert Carnini, located at Camp Selby, Miss., is expected home soon on a furlough to visit his parents, Mr. and Mrs. M. Carnini, and a sister, Mrs. Gloria Pisani, of Portland. Robert has recently been promoted three ranks. He was a member of the 28th division in Europe.

less 750 subscriptions are sold there cannot be an El Rodeo.

American Education Week

The week of November 11 to 17 has been set aside for observance once more as American Education Week. Next week will be the 25th annual celebration which will carry the theme, "Education to Promote the General Welfare."

American Education Week is being used to stress the idea of preparing the younger generation for the tasks of peace. KUH's plans to celebrate the week by observation of Parents and Patrons night when the parent will replace the students and become acquainted with the school and the teachers.

Art club held a banquet last night at Sari's in honor of the new members.

Did you hear Pelicana broadcasting the yells of the students that were recorded at the last pep assembly?

There is no ancient geographical term which covered all of the area now known as Palestine.

New Pine Creek

NEW PINE CREEK — Wild duck and wilder goose but well tamed in a hot oven will be the backbone of the big feed to be held this Saturday evening at the East Side grange hall when that organization convenes for its regular fortnightly meeting. The affair is for grange members only and it is expected that a large number of strangers will turn out for this annual event. The way the inclement weather has brought in the wild fowl of late should make hunting good and guarantee a big supply of fried duck smothered in onions and crisp roasted goose stuffed with well seasoned dressing. Following the supper there will be dancing.

The East Side grange orchestra journeyed to Ft. Bidwell last Saturday night where it played for a strange benefit dance. Several local people went over the mountain and reported a bang-up time. The orchestra was induced to play until 4 o'clock and the usual wee hours grew into the figure 5 before the members got back home. The grange orchestra has been engaged to play a repeat at Ft. Bidwell Thanksgiving eve.

Layton Gentry returned home last Monday afternoon from Barksdale field, La., where he was mustered out and honorably discharged from the service. Layton is glad to be home after serving four years and one month in the army. But he is now faced with an acute domestic problem. When he was inducted he weighed 137 lbs. and now he bears down to 160 pounds and the only civilian garb he could find amongst his wardrobe, so neatly cared for by his mother during his absence, was his shoes.

Richard Newman from High Hat, Ky., was here visiting with Johnny and Harry Newman over the weekend and enjoyed a day or two hunting but had no luck. He was like some of the rest of us deer track chasers who got in with nothing but a husky appetite on not only one but on several occasions—and not mentioning all the muscular

Ed Vandenberg was quite ill last week and is staying at the Dyer's home until he is better.

George Kohler returned Sunday from Salt Lake City, U., where he spent his vacation. Monday he fell off the bureau of reclamation truck and fractured his arm, while loading lumber. His son Douglas is staying with him for a few days.

Louise Stone of Klamath Falls was inquiring for a truck to haul spuds from Bonanza Monday.

Henley and Bonanza ball teams played against each other last weekend.

Bly

Mr. and Mrs. Herb Hadley and children spent the weekend with relatives at Paisley.

Mrs. LeRoy Olson returned home Thursday after spending a few days with her parents, Mr. and Mrs. Robert Lewis, at Greenville, Calif. She was accompanied home by her brother, Nolan Lewis.

Mr. and Mrs. Jack Smith and children left Wednesday for a two-week vacation. They plan to visit at Roseburg and Portland.

Salem Alumina Plant On 24-Hour Basis

SALEM, Nov. 7 (AP)—Salem's \$4,000,000 alumina plant went today on a 24-hour basis, while the next few months are expected to determine whether it is economical to extract alumina from Oregon clays.

The plant is being operated by the Defense Plant corporation. If the process is successful, the plant probably will be turned over to the Columbia Metals corporation.

Hager

HAGER — Charles Green is sorting spuds now, out of his cellar. Bob Coker and Doyle Carte are helping Dick Derry on the spud sorter.

Everybody's asking... "When can I get new tires?"

HERE'S THE FIRST POSTWAR NEWS ABOUT U. S. ROYALS

When can I get new tires?

It won't be long now. War production is over. The entire facilities of our 5 giant plants are rolling out tires and tubes 100% for civilian use. This great production capacity is devoted to turning out more and more tires for you.

By January 1, 1946 we expect to be making as many civilian tires every day as we made before the war. Next spring we will be turning out more tires than we ever built before.

What about rationing?

We expect the government to continue rationing for at least 60 days. Present indications are it will be removed or greatly relaxed before the end of 1945.

How good will the new tires be?

Since Pearl Harbor, "U. S." scientists have made as much progress in applying synthetic materials to tire manufacture as had been made in the previous three decades with natural rubber.

When you buy your U. S. Royals, you'll buy more than just a good tire—you'll buy a great tire. Car owners are sending us reports from every section of the country that they are getting prewar performance and better from their U. S. Royals.

From tire dealers, tire service men and tire engineers, men who have made tires their life work, the evidence piles up—U. S. Royals are

out in front in mileage, in safety, in all-around performance.

Where and How can I get new U. S. Royals?

Your U. S. Royal Dealer offers you a plan to assure the earliest possible delivery of tires and to keep your present tires rolling during the waiting period.

Here is the plan

- Go to your U. S. Royal Dealer today for a thorough tire inspection.
- If you are in urgent need of new tires, he will show you how to get them at the earliest possible moment.
- If your need is not immediate, he will use his expert knowledge of tire care to keep your car on active duty until new U. S. Royals are available.
- The quickest way to get new U. S. Royals is to register your tire needs with your U. S. Dealer now.

HOLD OUT FOR U. S. ROYALS

When you get your new set of U. S. Royals, you can expect great service from them. Meanwhile, get full use of your car by seeing your community U. S. Royal Dealer.
