

MacArthur Favors Opening Cabinet To Military Heads

By EDWIN B. HAAKINSON

WASHINGTON, Nov. 8 (AP)—Gen. Douglas MacArthur has expressed his belief that "the professional heads" of the armed services should sit in as ex-officio members of the president's cabinet.

The general's suggestion is included in a transcript taken by the joint chiefs of staff special committee. This group interviewed top army and navy leaders on a proposal to set up a single department of national defense.

The transcript, made public by the senate military committee which is considering army-navy merger plans quoted MacArthur as saying at Leyte in the

Philippines December 3, 1944:

"I believe that the professional heads of the services should be ex-officio members of the cabinet. They should be present at all cabinet meetings without power of voting, but permitted to express their opinion, and above all else, to hear the cabinet as they discuss not only external affairs of the United States but internal problems."

Not Possible

Brig. Gen. F. Trubee Davidson, member of the army-navy staff committee, was quoted as telling MacArthur his suggestion was not possible "in the cabinet today the way the government is set up."

MacArthur added: "It was our forefathers who wrote the constitution looking at Europe, fearful of military dictation and military influence, and they made the great mistake of trying to keep the military isolated."

Discussing MacArthur's suggestion with a reporter today, Senator Edwin C. Johnson (D-Colo.), acting chairman of the military committee said "I disagree heartily with the plan."

COFFEE NUT PUDDING

1 cup strong coffee 1/2 teaspoon salt
1 cup Borden's Evaporated Milk 1 egg, slightly beaten
1/2 cup sugar 1 teaspoon vanilla
3 tablespoons cornstarch 1/2 cup finely chopped walnuts, if desired

Heat coffee and 1/4 cup of the Borden's Evaporated Milk in top of double boiler. Mix sugar, cornstarch, and salt; slowly add remaining 1/4 cup of milk, stirring until smooth. Stir cornstarch mixture into hot mixture. Cook, stirring constantly, over hot water about 10 minutes. Pour part of mixture over egg, mixing well. Return to double boiler; cook 2 minutes longer, stirring. Remove from heat. Cool, stirring occasionally. Add vanilla and nuts. Serve with cream or top milk. Serves 4.

Tongue Point Project Slated

PORTLAND, Nov. 8 (AP)—A breakwater and extensive piers must be constructed at Tongue Point to berth the 800 vessels of the reserve fleet slated for Astoria, Capt. Samuel P. Jenkins said today.

He said the ships will be moored in open water in the meantime. The navy is expected to spend up to \$6,000,000 on facilities.

First ship of the reserve fleet has already reached Astoria, and 350 should arrive by mid-1946.

POLICY PROVISION EXPLAINED BY LEE

Clarifying a recent announcement by Sun Life Assurance company of Canada, Paul Lee, local representative, has received additional information regarding the "war and aviation provision" in existing policies.

"With the interest in private aviation at its present peak the removal of limitations covering this hazard is increasingly important at this time, stated Lee. "Not only was Sun Life, to my knowledge, the first company to drop the 'war and aviation provision' from new contracts

effective August 15, but we are now informed that deaths occurring on or after September 2, 1945, will be treated as though this provision were not included in the original contract."

It is strange indeed to realize that the very things that were forged in the furnace of war will soon add immeasurably to the life that beckons across the broad plains of peace. — Bayonne, N. J., Times.
