To take care of the even greater increase expected next year, the college has developed an extensive program of expansion. Chopin Concert Set December 14

One of the most interesting events to which Klamath Falls music lovers can look forward during the month of December, is the all Chopin program which will be presented Friday night, December 14, by George Hopkins, professor of music at the University of Oregon.

Professor Hopkins, known to many who are either former students or old friends from the university, will play the entire concert, the affair to be given in the Klamath Union high school auditorium.

The concert is being sponsored by the Klamath Falls Shrine club and the entire proceeds will go to the Shrine Hospital for Crippled Children in Portland. People of this town, who have the reputation for generosity whenever a worthy cause pops up, will undoubtedly over-subscribe for the concert.

Dr. M. C. Cassel is president of the Shrine club this year and he is a member of the committee of which Dr. George H. Adler is chairman, Andrew Loney Jr., and E. H. Jones are also members.

Mr. Hopkins is presenting a series of such concerts and the Shrine club should present him with an enthusiastic audience when he plays here next month.

Jean Watson, who sings for us February 27 under the banner of the community concert, has received a flock of rave notices in the eastern papers. She has just given her fourth annual Town Hall recital and the reviewer observed that she "has so much on her side it's almost unfair" and that "she is the answer to any impresario's prayer."

If your little Susie is doing tip-ups and jump-ups and what nots in the living room right after a terrific meal, don't let it bother you. It is part of the new physical fitness program going on throughout Oregon. Our children haven't had such a delightful dinner guest in years as Jennelle Moorhead who was one of the moving spirits of the program. They all got down on the floor and went through the routine.

Incidentally, Mrs. Moorhead who was also here as president of the Oregon Federation of Women's clubs at the recent district conference, will leave right after Thanksgiving for Washington and New York. She will speak at the University of South Carolina on the physical fitness program in Oregon, first state in the nation to step out and really try to do something about the physical condition of the school kids.

Joan Campbell is expected home from the University of Oregon to spend the holidays with her parents, Mr. and Mrs. Hugh Campbell.
