A Nylon Problem

To—

Our Valued Patrons:

Can you help us out of this dilemma?

Before very long, not this month . . . possibly by December 15th . . . and surely by January 15th . . . or whenever it may be . . . we shall receive our first allotment of . . .

Nylon Hosiery

Rest assured The Town Shop will have Nylon Hosiery of the very best quality as soon as any store anywhere!

We hope to get 100 dozen . . . or 1200 pairs. To distribute one pair to a customer would not be practical. We would prefer to offer two pairs in order that "two spares" of the same color would be available.

We have hundreds of patrons who have consistently been faithful to The Town Shop for the past nine years. Then, too, we have thousands of new customers . . . ALL LOYAL TOWN SHOP PATRONS!

THE QUESTION IS . . .

How shall we distribute two pairs of Nylons from our first allotment to only 600 patrons when we have so many thousands of customers to please . . . and keep them ALL happy?

Please send us YOUR suggestions . . . Now!

Believe us, we need your help, and shall greatly appreciate your suggestions.

Sincerely,

The Town Shop
