## Whole Town Will Take Holiday

Schools will end classes this afternoon for the Thanksgiving holidays and Thursday the whole town will have a vacation to gather around the festive board and share the turkey.

Banks, libraries, the city hall and courthouse, business houses, the Oregon state liquor store and offices will close their doors in observance of the first post-war Thanksgiving.

The Elks lodge will not meet Thursday night although open house will be held for members throughout the afternoon. The Kiwanis club, which meets regularly on Thursday, will not hold a regular session but members are celebrating tonight at Reameas with a dinner dance. The Elks is also having a celebration with the traditional Thanksgiving eve ball this evening.

**Book Display**—In observance of National Book Week, the city library has placed a display of children's books in one of the windows of the First Federal Savings and Loan. The books on display will be available for borrowing after this week.

**Potluck Lunch**—The Winema Temple Pythian Sisters will have a potluck dinner in the library club rooms Friday evening at 6:30. All members are asked to be present as this will be roll call night.

## Turkey On Menu At City Lockup

A full house is expected for Thanksgiving dinner at the city jail tomorrow, with turkey, cranberry sauce, dressing, mashed potatoes, gravy and coffee on the menu. Dinner will be served at 12:30.

At present the jail has 27 boarders. Five drunks and one vag appeared in court this morning. One drunk bailed out and three parking tickets were paid. The 16th annual Police Ball will be held in the armory tonight, headed by Baldy Evans' band.

## How much can you pay?

What would you think if the clerk at your favorite store asked to see what you had in your wallet before he decided what to charge you for a shirt?—

Or if, just because you happened to have some money saved up, you were asked to pay more than other people for a haircut, a movie ticket, or even such important items as rent, food and clothing.

That's exactly the kind of reasoning UAW-CIO leaders are using in their wage demands on General Motors—

They point to funds we have saved up over the years to expand and improve our plants and provide more jobs and more production. They say, "Give us that in higher wages!"

General Motors does not go along with that kind of reasoning. People should not have to pay more just because they have a savings account—

For many years we have used our savings to expand capacity, create more jobs and provide greater values.

And we intend to keep on doing just that. We are, at present, embarked on a very important reconversion and postwar expansion program. Our objective, now as always—to produce more and better things for more people:

## NEW PASSENGER CAR TIRE

# COMING SOON: A SYNTHETIC TIRE THAT OUTWEARS PREWAR TIRES!

This isn't a guess. It's been proved! More than 2000 tests and nearly 17,000,000 miles of the toughest kind of actual road service show that this new B. F. Goodrich Silvertown will outwear prewar natural rubber tires.

### New, better rubber

B. F. Goodrich has developed a rubber that's far better than ordinary synthetics . . . so much better that for months it was a strictly guarded military secret. The new Silvertown made with this rubber wears

better and runs cooler. It has greater resistance to cracking—and actually stands bruising and damage from accidents better.

### Tire body 35% stronger

An entirely new, stronger cord is used, and more of these cords are used in the top ply. An extra shock-absorbing breaker strip was included. The result: a body 35% stronger for additional resistance to bruises, extra blowout protection . . . another reason why new B. F. Goodrich Silvertowns outwear prewar tires.

### Flatter tread covers more ground

The new Silvertown has a wider, flatter tread. We call it the "road level" tread. It puts more rubber on the road; permits all the tread to share the wear. Result: a further increase in mileage, less scuffing, better distribution of weight, better traction, more safety on the turns.

### 3 years' EXTRA endurance!

18 months before Pearl Harbor, B. F. Goodrich offered tires containing synthetic rubber to American motorists. That

was 3 years ahead of any other tire manufacturer . . . 3 years in which B. F. Goodrich was piling up the extra know-how that is reflected in the coming B. F. Goodrich Silvertown. Soon these new tires will begin to be produced in large volume for shipment to our dealers, but supplies may be limited for quite a while. So take good care of the tires you have—and in the meantime if you have any kind of tire problems, see your nearest B. F. Goodrich dealer. *The B. F. Goodrich Co., Akron, O.*
