

NAZI CRUELTY SHOWN IN GRIM FILM RECORD

Thursday, Nov. 29, 1945 HERALD AND NEWS—ELEVEN

By WES GALLAGHER
 NUERNBERG, Nov. 29 (AP)—Ghastly scenes of Nazi concentration camps were shown in motion pictures today to the international military tribunal, but some of the Hitlerite leaders on trial sat with averted eyes during the showing of the grim film record of German cruelty.

The grisly pictures of mass murder sobered Reichsmarschal Hermann Goering and others of the score of defendants who had grinned and laughed earlier as an American prosecutor dis-

closed the threats, bluffs and deceit with which Hitler softened up Austria for an unopposed invasion.

Hjalmar Schacht, Hitler's "financial wizard," sat with his back to the screen, refusing to look at the official U. S. army film. Franz von Papen, once Germany's wildest diplomat, refused to glance at the screen but could not shut out the sound of the narrator's voice describing the deaths of thousands of Nazi victims.

Hess Interested
 Rudolf Hess, on the other hand, showed an interest in the trial for the first time. Hitler's one-time deputy, who is trying to escape from the trial on a plea of lost memory, followed the uncensored film closely.

Goering also watched the screen intently. Cold, aloof Grand Admiral Karl Doenitz, German navy commander-in-chief, glanced at the screen only occasionally. The court adjourned for the day at 4:45 p. m., after the motion picture was entered as evidence.

Fat and not-too-happy Goering was described as the man who directed by telephone the blitz invasion of Austria after Aus-

trian Nazis paved the way by deposing Chancellor Kurt Schuschnigg.

Records Found
 The records were found in the ruins of the Berlin air ministry building by Associated Press Correspondent Dan De Luce and given to the prosecution for evidence.

"This highly interesting document allows us to live again in those grim days of Anschluss," Alderman declared.

Many of the telephone conversations were with Arthur Seyss-Inquart, Austrian Nazi leader and one of Goering's fellow defendants. The prosecution said the records clearly disclosed Nazi plotting to absorb Austria into the Reich.

Transcriptions of the telephone conversations disclosed Goering succeeded in having Seyss-Inquart installed as Austria's chancellor by threats and dictated the telegram in which German troops were invited by Seyss-Inquart into Austria in the Anschluss coup.

Nazis Amused
 The reichsmarschal laughed and most of the other top Nazis in the prisoners' box seemed amused as the prosecution read

off in Goering's words the threats, bluffs, cajoleries and lies that resulted in the downfall of Austria.

At the height of the pre-Anschluss scheming, Goering gave Austrian President Wilhelm Miklas just two hours in which to appoint Seyss-Inquart as chancellor, threatening to send 24,000 German troops

pouring over the border if he refused. The troops marched anyway, after Seyss-Inquart—described by Alderman as "the original quivering"—invited them in "to prevent bloodshed."

Parents must make a special effort this year to get their boys and girls into school. It never has been more important.—Albany, Ga., Herald.

Truman Sees No Need For Big 3 Meet

WASHINGTON, Nov. 29 (AP)—President Truman said today that the administration has not been asleep on the job of reconversion, in fact, that its program is far ahead of schedule.

The president made this comment at a news conference, in releasing a formal statement dealing with the first hundred days of reconversion progress.

In his statement, the president said that unemployment is far less than had been expected; that the job of reconverting war plants "is virtually completed"; and that time lost through work stoppages since August is only "0.78 of one per cent of the total working time available."

"Federal Cities" Will Be Necessary

WASHINGTON, Nov. 29 (AP)—Continuance of such "federal cities" as Hanford, Wash., will be necessary under a program of continued production of atomic energy as recommended to the senate atomic energy committee, Maj. Gen. L. R. Groves, head of the Manhattan project in developing the atomic bomb, said yesterday.

Groves recommended to the committee that the bombs be produced until this country has a "sufficient" number, or decision is made on control of the weapon.
