

# Klamath Christmas Trees To Be Kept For Home Use

By JOY BIGGS  
Klamath Christmas trees will stay home this year. Californians who have gathered about Oregon trees for many seasons past will have to look elsewhere for their 1945 trees. No trees have been sold from the Yawkey tract, state owned

for the past two years, Clarence Williams, state forestry superintendent, Klamath Forest Protective association, said. It was planned to sell between 5000 and 6000 trees from the tract this year, but early snows prevented cutting. The area will be buried in snow now until late spring.

Weyerhaeuser Timber company, one of the largest shippers of Christmas trees to California until last year, has discontinued cutting for out of state markets. This is in keeping with the tree farm policy of the company. About 1000 white firs have been cut already for local distribution and about 2000 more will be cut this season, Fred Goeller, Weyerhaeuser trespass man stated.

# Truman Says Government Doing Job

WASHINGTON, Nov. 29 (AP)—President Truman said today he saw no need for any more Big Three conferences if the United Nations organization works as it should.

Asked at a news conference whether revisions in allied control policy and machinery for Germany might require a meeting of himself, Generalissimo Stalin and Prime Minister Attlee, Mr. Truman said he was not in favor of special conferences. He wants the United Nations to do its job, he added, asserting he remembers that the League of Nations was ruined by special conferences.

The president stated he hoped the United Nations would take over within the next 90 days all the problems previously worked out by Big Three meetings.

In his discussion of foreign policy Mr. Truman also developed these points:

1. He does not share either the fear which he said some persons in the country hold that Russia will not cooperate toward world peace or that Russia's policies will lead to war. He was very emphatic in stating he did not share any such fears.

2. At a later date, the president will discuss fully the international situation, particularly as it involves efforts of the nations to cooperate for peace. The discussion may be at a news conference.

3. Negotiations are now underway among the allies ruling Germany for a revision of the Potsdam declaration on Germany in some respects. Chiefly, the United States is seeking a modification of the arrangement which requires unanimous agreement among this government, Russia, France and Britain before any decisions can be made by the allied control council in Berlin. This effort at revision grows out of Byron Price's report on the possible failure of American aims and policies in Germany.

4. Gen. George C. Marshall, the president's special envoy to China, probably will leave for Chungking in three or four days and the instructions which he is finally given may be published. They are yet to be worked out, although Mr. Truman said that Marshall's basic job would be to carry out the policies which we've always had in China.

5. The resignation of Ambassador Patrick J. Hurley from the China post reached his desk formally only this morning, the president said. Hurley announced it two days ago with a blast at American "career diplomats." Mr. Truman declined to comment on the Hurley criticisms.

# Col. Tudor To Retire As District Engineer

PORTLAND, Ore., Nov. 29 (AP)—Col. Ralph A. Tudor, to retire as U. S. district engineer here, said today he expects to receive his army discharge Saturday at Fort Lewis, Wash.

Starting about January 1, he will assume charge of foreign projects for Morrison-Knudsen company, Boise, he reported. A trip to see about construction projects in India will be high on his agenda.

**Cut and Shipped**  
Only about 1000 lineal feet of Shasta fir have been sold by the Rogue River national forest this year, and they were cut and shipped to Sacramento and San Francisco early in November.

The new sales were made a month ago from O&C lands, P. F. Jackman, assistant district forester advised. There were about 5000 trees cut and shipped to the San Francisco bay area. No trees are being sold now, however. Sales are naturally restricted to certain sub-cut alpine areas, and where trees need thinning, but snow has come into these forests preventing further cutting this year.

**Few Trees Cut**  
Some trees are being cut from other ownerships in the county for local use and shipping, but as a whole Klamath is keeping its trees for home use this year.

Ernie Bridger has a crew of four men cutting stumps on Weyerhaeuser land as weather permits. The men have only been able to cut 100 trees a day this past week on account of storms, and truck-loads of trees are being held up on account of the icy roads. It is expected that some trees will be brought down today, however, and distributed locally to oil stations and suburban grocery stores.

# AFL Meeting Called Here

A mass meeting of AFL members of this area has been called for the Labor temple for Friday night, starting at 8 o'clock, to hear J. T. Marr, executive secretary of the Oregon Federation of Labor.

Marr will be accompanied here by John O'Neill, secretary of the Oregon Building Trades council and a state executive board member, who will also address the meeting.

The affair has been arranged by the Central Labor council. Refreshments will follow the meeting and all members of the AFL are invited, the committee announced. Committee members are C. D. Long, Ed Livingston and Joe Willis.

# Reds Threaten Iran Movement

LONDON, Nov. 29 (AP)—An Iranian embassy spokesman said in a statement today the Soviet government had threatened to reinforce red army garrisons in northern Iran if Iranian reinforcements were moved into that troubled region.

"The Soviet government, in reply to five notes from the Iranian government," the statement said, "have rejected the request of the Iranian government for the dispatch of reinforcements to the disturbed areas of northern Iran, with the threat that if reinforcements proceed to these districts the Soviet government will have to reinforce their own garrisons."
