

# Japs Enter Grim Sugamo Prison

By RUSSELL BRINES  
TOKYO, Dec. 12 (AP)—Grim Sugamo prison opened its gates today to a steady procession of Japanese war criminal suspects headed by aged, handlebar-mustachioed Prince Morimasa Nashimoto of the imperial family.

Foreign Minister Shigeru Yoshida meanwhile told the diet that Japan already has broached to allied headquarters the question of resuming diplomatic relations with the rest of the world.

A critical questioner in the diet retorted that allied suspension of Japan's world diplomacy showed "lack of confidence in the cabinet."

"Is Japan not being recognized as an independent state?" the questioner, Rep. Masanosuke Ideka, demanded.

"Japan at present lacks complete sovereignty," Yoshida conceded.

Fifty-nine top-ranking Japanese had been given until midnight to surrender as war-crimes suspects, and, laden with baggage and bedding, they were checking in at Sugamo at five-minute intervals through the day.

## Prince Nabbed

Diet members criticized the government sharply for permitting the arrest of Prince Nashimoto, first member of the imperial house to be ordered apprehended. He was the first to reach the prison today.

Two hours earlier, Lt. Gen. Masaharu Homma and two other

Japanese officers were removed from Sugamo for a flight to Manila to face trial on charges growing out of the infamous Bataan march of death and other atrocities.

Only last week, Gen. Tomoyuki Yamashita was convicted in Manila by a U. S. military commission of having condoned wholesale outrages by troops of his Philippines command and

was sentenced to be hanged. He has begun a series of appeals which will reach MacArthur and the U. S. supreme court in Washington.

## Spare Yamashita

In Tokyo today, men, women and school children were signing an appeal to be submitted to MacArthur to spare Yamashita's life. The petition was circulated by Teichiro Araki,

chief of the Araki efficiency research station, who said it would be delivered to MacArthur's headquarters when it bears 100,000 names.

Homma, one of Yamashita's predecessors as Japanese commander of the Philippines, smiled and waved as he was taken to Atsugi airfield. Taken with him were Col. Akira Nagahama, commander of Manila

kempetal (thought police) from late 1942 until this year, and Lt. Colsalchi Ohta, his predecessor there in 1942.

War crimes were uppermost in the minds of Japanese. Kyodo news agency reported at least 30 members of the house of peers designated as suspects by MacArthur have reached a secret agreement to retain their seats.

## Oregon Over Top In Army Enlistments

Oregon is over the top again. This time in U. S. army enlistments for November, 1945.

Four hundred and fifty-eight of the 20,123 men enlisted in November in the 9th service command area were recruited through the Oregon district. This is 73 over 385, the quota allotted to this district.

Eighteen men were accepted through the local recruiting office under Maj. John M. Clayton Jr., in charge.

Approximately 75 per cent accepted in the 9th service command were re-enlistments, attracted by the army's 20-year retirement plan.

"This plan," said Maj. Clayton, "is considered the most liberal in the world. There is nothing in industry to equal it. A man would have to pay \$84 per month over a period of 20 years to receive a retirement salary equal to that of a retired master sergeant."

The 9th service command districts include Los Angeles, San Francisco, Washington, Oregon, Utah, Montana and Arizona.

## Payments Due Lamm Employee

The west coast lumber commission has found the Lamm Lumber company of Modoc Point to be in non-compliance with a WCLC order relating to the reinstatement of R. E. McLain, according to a monthly summary of the commission's activities received here.

The WCLC directed the company to pay McLain the difference between what he had earned in other employment and what he would have earned in his regular job if he had not been discharged.

The commission set forth in its findings that the company had been directed again on May 18, 1945, either to make the wage payments required or appear at a show cause hearing on July 19, but that it had done neither.

Local CIO officials said McLain was allegedly discharged because of union activities, and is now in California. The company discontinued its Modoc Point operations in September, 1944.

In another matter, the WCLC denied a union petition for review asked by the AFL Lumber and Sawmill Workers union in connection with a decision in the Kalpine Plywood company case.

## OPA Will Take 3-Day Holiday

A three-day holiday will be observed by the local office of price administration at Christmas and again at New Year's, it was announced today.

The privilege of taking the Mondays off before Christmas and New Year's was extended to all federal employees by the president of the United States, provided they make the work up on Saturday, December 29, 1945 and Saturday, January 5, 1946.

No other federal offices in Klamath Falls plan to take the three days off at either holiday, officials stated, believing it to be too hard to make up accumulated work.
