

Marshall On Way To China

By JOHN M. HIGHTOWER
WASHINGTON, Dec. 15 (AP)—Gen. George C. Marshall left the capital at 9:08 a. m., today by plane for his new diplomatic post in China.

High-ranking military and diplomatic figures were on hand to see him off, including the Chinese ambassador, Dr. Wei Taming, and Gen. Dwight D. Eisenhower, army chief of staff.

Accompanying the general to the Orient was a military attaché, Col. Henry A. Byroade, and a state department aide, James R. Shepley.

The general is expected to reach Chungking about the middle of next week.

Marshall carried with him to Chungking a directive on U. S. policy on China. He tackles there a job that has stumped others—the unification of China.

The outline of this U. S. policy, given him by President Truman, will be released for publication tomorrow.

Diplomats said there was no doubt Marshall's major job was to bring about harmony between the communist elements of North China and the national government forces led by Generalissimo Chiang Kai-shek.

Great Britain's crude oil production during 1944 totaled approximately 750,000 barrels.

scious against a large rock where the force of the blow from the car knocked him, his feet pointing up hill. He was bleeding profusely from gashes about his head. Before the ambulance arrived he was moved to place his head up the slope to help stop the flow of blood.

According to the police report, Horan was driving about 25 miles an hour up N. 11th, applied his brake lightly as he crossed Oregon avenue and tried to make the turn into Upham.

The car struck the curb, crossed the sidewalk diagonally, hitting Zumwalt, and plunged to the corner of the stone wall. Three tires were blown out, the drive shaft broken and the body of the car damaged.

Police said the pavement was dry, the intersection well lighted and there were no obstacles in the path of Horan's car. The only known witness to the wreck was 13-year-old Charles Cox, 1320 Sargent, who was riding a bicycle on Oregon when the car careened into the curb.

The father of the Zumwalt boy conferred with the district attorney this morning on the advisability of signing a complaint charging Horan with reckless driving, but nothing had been filed at a late hour today.

Chief Fights For Labor Law

WASHINGTON, Dec. 15 (AP)—President Truman may carry to the people his fight for a law to bar strikes while fact-finding boards investigate labor disputes.

An administration source, who asked not to be identified, said a speech on labor is under consideration by the president and it is quite possible that he may make it in the near future.

The president was represented as very much concerned over the failure of congress to complete action before Christmas on his fact-finding proposal. The senate labor committee yesterday recessed its hearing on the legislation until after the holidays.

This delay and the reluctance of congress to grant Mr. Truman's request for the so-called "full employment" law, as well as broader unemployment compensation legislation, were reported to have been the subject of considerable White House discussion.

MacArthur Ends State Shintoism

TOKYO, Sunday, Dec. 16 (AP) General MacArthur today ordered state Shintoism abolished in Japan to destroy the compulsory religious ideology which his staff asserted led the nation into war—and defeat.

With the expressed air of freeing people from "direct or indirect compulsion" to believe in "manufactured" religion, the allied directive laid down a program of broad revision, calling for:

1. Withdrawal of all government control and support of state Shinto—"the way of the gods."

2. Purging of militaristic and ultra-nationalistic ideology from doctrine of the cult which preaches ancestor worship and defies the emperor.

3. Removal of Shinto teachings from schools.

Indonesians Mass For Stand

BATAVIA, Java, Dec. 15 (AP) Indonesian forces were reported miles east of Batavia, for a stand against the British.

The Dutch news agency Aneta said considerable quantities of arms had been transported from Bandung to Tjikampek, important rail junction, and reinforcements had been arriving there recently from various parts of Java.

The British announced that the chief of the Indonesian peace preservation corps, uniformed force of the unrecognized Indonesian republic, had recommended "full military action," if necessary, against extremist forces in Java.

PATTON BETTER FRANKFURT, Germany, Dec. 15 (AP)—The condition of Gen. George S. Patton Jr., was described as excellent today in an official bulletin which noted a "slight but significant improvement in sensation during the past 24 hours."
