

Single Men 18-25 Must Fill Needs Of Military

By MARVIN L. ARROWSMITH
WASHINGTON, Dec. 20 (AP)—All fathers are out from under the draft today but selective service quieted speculation that this might lead soon to inducting 18-year-olds only.

The end to the drafting of fathers coincided with a new reduction in army and navy point scores. But a high official of selective service said veterans are not re-enlisting in sufficient numbers to narrow the draft any further.

This means, said this official who asked anonymity, that temporarily at least, single men 18 through 25 must fill replacement needs of the army and navy.

As has been the case since the end of the war, however, the great majority of those drafted will be youths becoming 18.

Out of a total of about 35,000 men inducted in November, selective service reported, only an estimated six to nine thousand were over 18. Fewer than 900 of the 35,000 were fathers.

Father Draft
In halting the father draft yesterday, selective service also ruled that men with three or more children will not be permitted to enlist.

These fathers are "not acceptable to the armed forces," local draft boards were notified, but men with one or two children may volunteer.

In practice the ban on drafting of fathers applies only to men under 26. Older men have not been drafted since Japan surrendered.

The new ban, it was under-

stood, came as the direct result of protests in congress that there no longer is any need to draft fathers. Those with three or more children have not been called since November 5.

Selective service also disclosed that because of a halt on all inductions over the holidays, only about 30,000 men will be called up this month, as against a total request for 50,000 for the army and 1000 for the navy.

No Break In Typo Strike

SEATTLE, Dec. 20 (AP)—Publishers' representatives and the strike committee of the Typographical union (AFL) met here yesterday and adjourned with no apparent break in the strike which has shut down three Seattle dailies for a month.

Strike committee spokesmen said the meeting brought the factions no closer to a settlement of their wage differences. The printers have asked an increase of \$2.95 daily.

Vessel Picks Up Speed As Gales Subside

ABOARD THE USS WASHINGTON, Dec. 20 (AP)—(Delayed)—The Battleship Washington picked up speed today as gales of hurricane force subsided in the mid-Atlantic.

During the height of the storms, the big battlewagon was battered by gales which reached a velocity of almost 90 miles per hour. This cut the ship's speed to a little more than one knot. Some equipment was smashed by waves which

climbed more than 100 feet, toppling the ship.

The Washington originally was scheduled to dock Friday at New York, but present indications are that she will not make port there until late Saturday or early Sunday.

In Washington the navy said that the Washington, en route from Europe with more than 1000 returning veterans aboard, had not been endangered by the buffeting she took.

"The Washington is in no danger whatsoever, nor has she been damaged," the navy asserted. "She is proceeding to New York at reduced speed due to heavy and rough seas."

Navy officials here said it was "entirely probable" that the ship had sustained some damage to light equipment, as was to be expected in rough weather prevailing in the North Atlantic at this time of year.
