

# Hitler Prophesied His Spirit Would Rise From Grave And Vindicate Him

By DANIEL DE LUCE  
 NUERNBERG, Germany, Jan. 2 (AP)—Adolf Hitler was pictured today as going to his death with a defiant prophesy that his spirit would arise from the grave and that the world one day would see that he had been right.

The war moved so swiftly, however, that the rambling handwritten letter, which Von Ribbentrop described as Hitler's "last political will," was never delivered to the then British leaders.

**Never Wanted War**  
 Von Ribbentrop, picturing the fuhrer as a broken and bitter man, said Hitler had never wanted war with Great Britain or the United States and that he had hoped until the last to come to terms with the British. The letter declared, in fact, that Hitler had entrusted Von Ribbentrop with the task of delivering an appeal for real friendship between Britain and Germany as a "fundamental necessity if both nations will live in the long run."

Hitler, Von Ribbentrop declared, looked upon the war solely as a struggle between two world conceptions—"nationalist and communist."

"In our last conversation," he said, "the fuhrer, in talking of the war, suddenly turned to me and said: 'You will see my spirit will arise from my grave and one will see that I have been right.'"

Of the war with the United States, the letter said:

**Regretted Conflict**  
 "Hitler regretted the war with America because we had no possible divergencies with this big nation. We had always regretted this war from the beginning and have done everything we could to prevent it, even when our ships were being attacked."

The letter continued:

"About one point on which there has always been entire agreement between the fuhrer and myself and that was a strong and united Germany as a preliminary condition for a stable, flourishing Europe could only exist in the long run by close collaboration with Great Britain."

"That England declared war on Germany over the Polish question, a war which we both

wanted to avoid by all means and which I tried and almost succeeded to prevent at the last moment, came lastly as a great shock to the fuhrer."

**Man Nearly Scalped When Hit By Auto**  
 MEDFORD, Jan. 2 (AP)—William R. Crosby, 58, Talent, was nearly scalped early yesterday when struck on the Pacific highway by a car driven by Thomas Madden, 24, Portland.

State police reported Madden

Midland extension unit met with Mrs. Lee Sutton December 18, with Mrs. Ernest Milani presiding. Sewing skills were demonstrated and a delicious pot-luck lunch was served at noon.

There was a beautifully lighted Christmas tree with gifts for all and the chairman, Mrs. Milani, presented each member with a clever felt lapel pin.

Seven members and six children were present.

He rounded a curve near Phoenix and did not see Crosby in the center of the road. Madden was driving home from Ventura, Calif., where he was discharged from the army.

## Two-Headed Baby Born

BIRMINGHAM, Eng., Jan. 2 (AP)—A girl with two heads was born yesterday to the wife of an American soldier, officials of the Selly Oak hospital said today.

Nurses in the maternity ward said the child—born about a month prematurely—was being kept in a ward with other premature babies and that she awakens for feedings and cries normally. They said, however, that she was "quite feeble."

Hospital officials said both the child's heads were perfect and were attached to twin necks on normal shoulders and body. Weight at birth was five pounds, 12 ounces.

The hospital declined to disclose the name of the parents. They said the father had returned to the United States last July. The child was born at the mother's home in a Birmingham suburb, but the mother and baby were taken to the hospital immediately. The mother was said to be recovering normally.

A doctor who examined the baby said she had a very slight chance of living. He said the infant apparently had two sets of respiratory organs and the two heads were breathing at different rates.

**9 out of 10 chose RIVERSIDES!**

Yes... when racing-drivers risked their lives on their tires, the winners of 599 of 667 auto races chose Riversides! They deliberately bought regular "stock" tires in Wards stores... the same tires that were sold to car-owners all over America! Why? For the same reason that makes so many car-owners switch to Riversides today—greater protection against blow-outs... **MORE MILES-OF-SAFETY!**

**EVERY PLY IS 12% STRONGER!**

Here's why Riversides are now even stronger than our pre-war tires—Stronger cords to begin with are chemically-strengthened to stay strong... then liquid-dipped—"welded" together... next, cushioned in rubber! Finally, the plies are cemented before vulcanizing, to provide greater protection against blow-outs!
