

Tribute Paid To Men And Women Of Klamath Basin Who Died During '45

Death took many prominent names and faces from the news in 1945 including soldiers, sailors and marines who fell in combat with the enemy before the cessation of hostilities late in the summer.

Space does not permit the listing of all those who passed on within the last 12 months but tribute is paid here to men and women who contributed much to the community life of the Klamath country, and to the servicemen whose names now appear on the courthouse lawn obelisk.

January

5 Dr. Charles Allen Rambo, 72, in Belgium.

6 Leo Martin Christensen, 60, 13 Stephen John Colahan, 55, 21 Edmondson M. Leever, 76.

Why Thousands of Doctors Have Prescribed

PERTUSSIN FOR

BAD COUGHS

(CAUSED BY COLDS)

PERTUSSIN must be good when thousands of Doctors have prescribed it for so many years. PERTUSSIN acts at once to relieve such coughing. It actually loosens phlegm and makes it easier to raise. Safe and effective for both old and young. Pleasant tasting, too!

21 Donald Leslie Rogers, 28, 25 Major Clyde C. Roberts, 40.

October

2 Mrs. Lyle O. Mills, 68, 4 Lt. Harry Johnson Jr., over Holland.
4 Margaret E. Broadsword, 79, 12 Donald Patrick Smith, 20, 12 David Charles Haskett, 63, 17 MOM 3/c Stanley Sexton, 23, Okinawa area.

WE HAVE BEEN PLACED ON THE UNFAIR LIST

Baker Brothers Concrete Materials have followed and lived by a principle that has characterized western private enterprise—the principle of fairness in all our business dealings.

We take pride in furnishing our customers the highest quality products in our line of business.

We take pleasure in paying generous wages and our employees, in every instance, enjoy wages as high or higher than union scale.

The working conditions of our employees are as good or better than union standards and our employees express themselves as highly satisfied, with no desire for change in the administration of our operation.

A feature of our policy is to give preference of employment, whenever we have jobs to fill, to servicemen being discharged from military duty.

For some time the AFL Laborers and Engineers Locals have demanded that we employ only members of their union. This we have refused to do.

The union leaders have threatened to put us on the "black list" or "unfair list" unless we "lined up." We have not "lined up" and therefore have been put on the "black list" and branded unfair by the union. We are advised that some of our customers have been intimidated and ordered not to use our materials.

It is immaterial to us whether our employees or applicants for jobs belong or do not belong to a union. We will not discriminate against any man because he belongs to a union and we do not like to be discriminated against or be labeled unfair by unions whose members we treat as fairly as other American citizens.

American men were not asked if they belonged to a union when selected or they enlisted to FIGHT FOR our country. We see no reason why they should be asked, much less compelled, to join a union to WORK IN our country.

As we enter our first peacetime year in five years, let us strive to uphold the constitution of the United States of America and protect and keep intact the principles of free enterprise and the liberty and personal freedom that have made this country great—with equal opportunity for all—where the least by initiative, industry, thrift and self-development may become the greatest.
