

Almond Gets 2-Year Jolt

James Almond, who also goes under the name of Frank Carson, was sentenced to spend two years in the Oregon state penitentiary on a bad check charge in circuit court this morning.

Almond waived indictment and council and pleaded guilty to the district attorney's information against him that he had given a bad check for \$7.85 to Mac's market, receiving \$1 merchandise and \$6.85 change.

Albert Johnson, who was indicted for obtaining money and property under false pretenses, switched his plea of not guilty to guilty this morning and will be sentenced Thursday.

He was indicted for passing a bad check for \$70 at Hermap's Men's store and was to have been tried January 14.

H. Knapp, also charged with obtaining money and property under false pretenses, pleaded guilty and was given two years probation. Knapp passed a \$5 check to a Yellow Cab driver.

Union Makes Picket Plans

NEW YORK, Jan. 7 (AP)—Plans for picketing and other details of a nationwide strike by 200,000 electrical workers were to be made today by officials of the CIO United Electrical, Radio and Machine Workers of America who set a walkout for January 15.

Plants which would be affected by the strike are those of the General Electric and Westinghouse Electric companies, and electrical plants of General Motors.

A union spokesman, announcing plans for today's conference, said the organization was willing to meet again with representatives of the companies to discuss settlement of the union demand for a \$2 a day wage boost, but saw little prospect of such a meeting.

Pay increases of 10 cents an hour for workers earning less than \$1 an hour and 10 per cent for those receiving more have been offered by General Electric, while General Motors offered a 13 1/2 per cent hourly raise and Westinghouse was agreeable to a 45-hour work week to increase take-home pay.

Klamath Resident Injured In Fall

Frank E. Jigger, 1847 Earle, for 15 years a resident of Klamath Falls, suffered back injuries late Monday morning when he fell as he stepped out the rear door of his residence.

Jigger, father of Randall Jigger, 2787 Altamont, was moved to Klamath Valley hospital by the Merchants' Police ambulance. His condition was said satisfactory late today by Mrs. Randall Jigger who is a nurse at the hospital.

Oregon 12th In Victory Loan Drive

WASHINGTON, Jan. 7 (AP)—Oregon was in 12th place and Washington 40th in bond sales in the Victory Loan drive, the treasury department announced Saturday.

Oregon sales total 27 million on a 22.5 quota. Washington's were 42 million on a 40 million quota.

UNO Worried Over Atomic

LONDON, Jan. 7 (AP)—With the issue of the atomic bomb uppermost in their minds, delegates of 51 members of the United Nations will set out this week to achieve the hope and dream of mankind—lasting peace.

Against the backdrop of bomb-scarred London, the general assembly of the United Nations will convene for its first meeting Thursday amid hopes it will succeed where the old League of Nations failed.

Just how far America, Britain and Canada are willing to go in disclosing information about the atom is to be discussed thoroughly by the general assembly some time after Prime Minister Attlee launches the opening sessions.

The issue of safeguarding American atom secrets may force a big power review of the atomic energy plan agreed upon recently at the Moscow foreign ministers' conference.

Atom Control Group Named

WASHINGTON, Jan. 7 (AP)—Secretary of State Byrnes today announced the appointment of a five-member committee to study "controls and safeguards" needed to protect United States atomic energy know-how.

A few hours before his scheduled take-off for London, where he will attend the United Nations assembly, Byrnes named the following members of the committee:

Undersecretary of State Dean Acheson, who will act as chairman.

John J. McCloy, former assistant secretary of war; Dr. Vannevar Bush, Dr. James B. Conant, and Maj. Gen. Leslie R. Groves, the three men who supervised and directed the development of atomic energy.

The state department was establishing the committee in anticipation of "favorable action by the United Nations organization on the proposal for the establishment of a commission to consider the problems arising as to the control of atomic energy and other weapons of possible mass destruction."

one could imagine what went on in the barracks," she said.

"Through judgment of Tsuchiya I am burning anew with a fierce hatred against the military," she wrote.

Cataldo Citizens Repay Blood Bank

SPOKANE, Wash., Jan. 7 (AP)—Floyd Erickson, 14, of Cataldo, Idaho, was badly burned there in an accident New Year's Day.

Twenty-two pints of blood from the Spokane blood bank were rushed to save the boy's life. The citizens of Cataldo vowed to repay. And they did today.

Half the population of 100 people showed up at the blood bank here after driving over in a chartered bus. Forty-nine Cataldo residents lined up for five hours while attendants drew 28 pints of blood from the public spirited citizenry.

Elderly Woman Hurt By Auto

Mrs. Addie Mears, 67, 920 Lincoln, was knocked down and slightly injured late Saturday afternoon when she stepped into the path of a car driven by Robert Pepple, 4349 Winter, at 9th and Pine.

Pepple took her to Klamath Valley hospital in his car, where she was treated and released. According to police investigation Mrs. Mears started to cross the street just as the walk-wait light changed and stepped directly in front of Pepple's car as he was starting up.

Jewell House, 3238 Bristol, was fined \$15 by police for failing to yield the right-of-way after an accident Saturday night at East Main and Applegate.

Driving a 1929 Chevrolet down Applegate, House slowed down but failed to stop at the East Main intersection, investigating police said, and drove out into the path of a car driven by Murray M. Walters, 3935 Altamont, coming along the through street.

The crash resulted in approximately \$250 damages to Walters' 1938 Ford sedan and \$100 damage to House's vehicle.

A Sunday morning collision on the S. 6th viaduct caused extensive damage to cars driven by Vernon Ward, route 3, and Romeo M. McVeigh, 5746 Delaware.

Ward reported that he was driving north on S. 6th and had started up the viaduct when the other car bore down on him on the wrong side of the street. McVeigh's car crashed into the left side of Ward's vehicle.

Byrnes Off To London Confab

WASHINGTON, Jan. 7 (AP)—After nine busy days at home, Secretary of State Byrnes leaves today (2 p. m. PST) for London to attend the United Nations assembly and tackle world problems unsolved at Moscow.

Among other things, Byrnes will try to get:

1. An international agreement on the Dardanelles question, thus easing Russo-Turkish relations.
2. Agreement for a Soviet-British-American commission to study the complicated problems of oil-rich Iran.
3. British and Russian assurances that "full security" will be guaranteed in operations of the United Nations atomic energy commission.

Aides said Byrnes is confident UNO will get off to a good start, and that the wide area of agreement reached by the Big Three foreign ministers at Moscow can be expanded to cover a few more knotty questions.

County Roads Said Passable

All county roads are passable right now, County Engineer Wally Hector said today, but another day of snow will cause some districts to have to be plowed.

Last week's thaw and rains developed a good many mudholes that brought complaints from rural drivers and mail carriers but road workers figured that driving heavy gravel trucks through to patch them would only add to the situation so no work was done.

The rock crusher was put back into operation today and patching work may be started this week, Hector said.

So far this winter only the road above Fort Klamath has needed the snow plough. There has been no report of school buses failing to get through.

Palastine Issue Will Be Studied

WASHINGTON, Jan. 7 (AP)—President Truman expressed confidence today that the "spirit of cooperation" will characterize all operations of the Anglo-American inquiry into the Palestine problem.

The White House said in a statement issued as the group opened hearings that the agreement of British members to begin the inquiry here was an evidence of that cooperation.

"The president is glad to note that the committee has started its proceedings so promptly," the statement said.

Bartley C. Crum, former campaign manager for Wendell Willkie, was appointed by President Truman as a member of the Anglo-American committee. He replaced O. Mac Gardner, former North Carolina governor, who resigned several weeks ago.

Passenger Hurt In Bus Collision

Jaycees Plan Annual Dinner

At a meeting held at the Klamath County chamber of commerce by the Junior chamber Wednesday, January 2, plans were laid to have the annual Founder's Day banquet to be held at the Willard hotel on Friday night, January 25.

The speaker will be Bishop Bruce R. Baxter, who has been president of Willamette university for a long time before entering the ministry and is well known throughout the state.

The annual First Citizen Award given by the Junior chamber will be given to the outstanding young man of Klamath county who contributed most to the leadership and public activities during the calendar year of 1945.

A secret committee of business men of Klamath Falls will appoint this young man. There will also be awards to members of the Junior chamber who did outstanding work within the club.

This banquet is being held under the directorship of Ray Ward and chairman in charge is Hank Garnett. On his committee Paul Dellar will handle sales of tickets and Bob O'Sullivan the program.

This will be a dinner banquet at the Willard hotel Friday night, January 25, to which the public is invited.

Stark To Take Business Trip

Charles R. Stark, manager of the Klamath County chamber of commerce, plans to leave Thursday night on a 15-day business trip for the chamber.

He will attend the meeting of the Pacific-Northwest Tourist association in Butte, Mont., in his capacity as director, January 14 and 15. He will also attend the Northwest Aviation Planning council meeting in Boise, Ida., January 21 and 22.

Between these two big meetings Stark will make business contacts in Portland and Spokane and return to Klamath Falls January 25.

Wife Of Little Glass Eye Irked

TOKYO, Jan. 7 (AP)—The wife of Tatsuo Tsuchiya, "Little Glass Eye," today wrote Yomiuri Hochi, Tokyo newspaper, that if Americans imprison her husband for life because of atrocities committed against U. S. prisoners, Japanese military leaders should be condemned to death for atrocities against the Japanese themselves.

Japanese superior officers beat soldiers for neglecting to salute on the streets "and from this is invited."
