

Magnuson Urges U. S. To Seek Island Bases From England As Part Of Loan

By ALEX H. SINGLETON
WASHINGTON, Jan. 16 (AP)—Senator Magnuson (D-Wash.) called today for acquisition of some British-owned island bases in connection with any loan to England, thus spreading to both oceans current discussions of future American outposts.

Magnuson's comment to a reporter came in the wake of President Truman's declaration that this country intends to retain exclusive control over any former Japanese islands it needs for security in the Pacific.

The chief executive told his news conference yesterday that other Japanese owned or managed islands will be placed under United Nations trusteeship. He added that no decision has been reached on just what bases this country wants to keep by itself under exclusive trusteeship.

Mr. Truman's words backed up arguments of American military and naval officials who long have urged permanent development of a chain of island bases from the Aleutians in the north to Manus in the south.

Virtual Directive

The president's assertion also amounted to a virtual directive to the American delegation to the United Nations assembly in London.

Magnuson, however, said this country should go even further now toward getting the bases it needs both in the Atlantic and the Pacific and whether they belong to enemy or ally.

A lieutenant commander in the naval reserve, Magnuson before becoming a senator was chairman of the house naval subcommittee which conducted a secret inquiry with war, navy and state department officials on this country's island defense needs.

Now a member of the senate naval committee, he said the question of acquiring British bases "essential to our defenses"—either on a permanent or long-term lease basis—should be raised before the proposed \$3,750,000,000 loan to Britain is approved.

"I don't know why, under the loan, these bases can't be thrown in as part of the consideration," he said.

"I wouldn't suggest it if it involved an economic loss for Britain. But most of them are located on otherwise barren islands and are of no commercial or military value to Britain or the empire."

Magnuson may have an opportunity to present his agreement formally on Capitol Hill within a few weeks. Mr. Truman told the newsmen he plans to send congress a special message on the British loan shortly after his message next Monday combining budget requirements with his views on the state of the union.

Meanwhile, it appeared possible the American plan for exclusive retention of the islands it needs might stir a controversy at London over whether it constitutes another big-power cutback of UNO's ultimate authority.

Mr. Truman said UNO would be asked for authority to retain individual control. But it was left unclear what this country's position would be in the event the request was rejected. Asked whether the United States wants to control some islands "forever," he replied that depends.

James Patterson, manager of the Northern Life Insurance company, was elected chairman of the Klamath basin district Boy Scout committee at the annual meeting of Scout heads at the chamber of commerce last week.

Also elected were Merlin Bleak of Swift and company, to the post of vice chairman of the committee, and Just Trippett of Commercial Maintenance, who will serve another year on the Scout district commission.

Patterson has served many years in Boy Scout work. He has been troop committeeman for troop 1 of St. Paul's Episcopal church and for the past year has been organization chairman for the local district. Before coming to Klamath Falls he was active in Scouting in Great Falls, Mont. He succeeds Paul Skeen as chairman.

The new officials were elected to their posts by a group of 37 committeemen. After the election and business meeting, training films on Scout subjects were shown by Bill Kunz of Swift and company.

Does this sauce make good cooks better cooks?
LET'S ASK THE WOMEN WHO COOK WITH DEL MONTE!

2 out of 3 of them have used it more than 10 years

Yes, Del Monte Tomato Sauce has been the grand old cooking sauce of western housewives, for years! Was their favorite—is their favorite!

And even during the war, when it was hard to get, they didn't forget it. Certainly not!

How do we know? Well, one of America's largest independent research organizations went out and asked them.*

And what did Del Monte users say about Del Monte Tomato Sauce? Plenty! Two out of three women preferring Del Monte have used it over 10 years. Listen to Mrs. Falkenrath, for instance:

"You can streamline any tomato dish with it!"

—Says MRS. JOHN G. FALKENRATH, 802 BEVERLY AVE., SAN LEANDRO, CALIF.

You've always used Del Monte, Mrs. Falkenrath?

"Yes and no. I'm an experimenter! Naturally, in 39 years of cooking I've tried many sauces. And when I say other sauces don't suit me so well as Del Monte, I speak from experience and lots of it."

Just why do you like this sauce so much?

"For many reasons. It has the true tomato flavor—and too, its fine clear color makes any dish look so good. Another thing—it's a fast worker. You can streamline any dish with it. In 15 or 20 minutes you can make a sauce or gravy that used to take hours of mixing, blending and simmering."

Do you use tomato flavor often?

"Well, I should say so! You see, I was brought up on French cookery. My Shrimp Creole recipe has been a family favorite for 50 years or more. Mother used it—I've speeded it up with Del Monte Tomato Sauce. I'd be lost without Del Monte for plainer dishes, too—stews, meat pies, soups, Spanish rice, and many others. It always gives me just the flavor I want!"

Escapes Hitch Ride With Cop

PORTLAND, Jan. 16 (AP)—Two juveniles who escaped the new jail annex here while held on car theft charges were behind bars again today, presumably convinced they're fixxed when it comes to autos.

The 14-year-olds, making their get-away yesterday, "hitched" a ride with an obliging civilian heading out of town.

But Sgt. W. C. Hogue—out of uniform—promptly turned about and headed for the jail.
