

Reds Move Troops Into Kuriles For Long Stay

By ALEX H. SINGLETON
 WASHINGTON, Jan. 17 (AP)—Russia was reported today to be establishing herself firmly in the strategic Kurile island chain flanking the approaches to Siberia.

Morse Favors Anti-Poll Tax

WASHINGTON, Jan. 17 (AP)—Senator Morse (R-Ore.) said today he believes the anti-poll tax bill should be enacted by the present session of Congress.

Whether a peace settlement will decree the permanent annihilation of the Kuriles from the Japanese empire still remains to be decided.

Meanwhile, government officials here in a position to know, said that Russia already has sent in troops with "bag and baggage" and their families—apparently for a long stay.

Back in the last century there was some dispute between Russia and Japan as to the ownership of these barren islands, but in 1875 Moscow officially recognized Japan's title to the Kuriles.

It appeared likely that President Truman had the Kuriles in mind Tuesday when he told his news conference it was not necessarily true that the United States would be alone in seeking independent control of former enemy-held islands.

But it remained at least temporarily uncertain whether Russia will lay its claim to the Kuriles formally before the United Nations, as the U. S. plans to do with key Pacific bases won in the war.
