

Boy Scout Leaders To Meet Here

Boy Scout leaders from seven counties in this district will attend the annual meeting of the Modoc council at 1 p. m., Sunday, at the Willard hotel. Scout headquarters announces that the time was originally set for 9 a. m., and calls attention to the change.

Following dinner, a business meeting which calls for the election of council officers will be held under the supervision of K. G. Klahn, council president.

For the first time, ten mothers will participate in the meeting.

The program will feature numerous films from the council's new visual aid library. They will be shown by Harold B. Ashley and David Cavallin, leaders connected with the county schools.

The program is being arranged by Just Trippett, Rev. Robert H. Prentice, Charles Oberbay, Joe State of Bend, and Harold Talley.

Reservations for the dinner may be made by calling the Boy Scout office, phone 6918. Because of the change of hour, reservations will be made until 5 p. m., Saturday.

Vets To Hold Meet Tonight

Klamath county war veterans who are interested in buying surplus government property may learn the details of application and purchase of excess materials at a veterans' meeting at 7:30 tonight in the Memorial building, 4th and Klamath.

George Moscrip, representing the smaller war plants corporation, will be on hand to explain how veterans may acquire surplus government goods.

Lt. Col. George Sandy of the selective service office in Salem, will explain service insurance and other rights and benefits available to veterans under the GI bill of rights.

Also on the program for tonight will be talks by Charles L. Quinlan, Oregon department of veterans' affairs, and Thomas B. Snowhill, chief contact officer of the U. S. veterans' administration.

Marine Post Set To Close On March 1

(Continued from Page One)

ing its facilities in connection with a regional survey.

First reports of the veterans administration plan, however, indicated that it would probably locate on another site in the Klamath vicinity and build from the ground up, with fireproof hospital buildings. A suggestion that the fireproof buildings could be built on the Marine Barracks site, making use of its swimming pool, gymnasium and other recreational facilities, as well as many other buildings and features there, has been advanced locally and presumably will be given consideration by the veterans administration. Possible other public use of the post has been suggested.

At present, there are about 1000 enlisted personnel at the Marine Barracks, with a total complement of about 1200.

Col. Brooks said today he has not yet received direct instructions with respect to disbanding the post, and he will make announcements of interest locally as the closure details are worked out.

Although it is scheduled for disbandment as a marine corps installation, the local post is still undergoing construction. A contract for several additional facilities is just being completed. The post has facilities for 5000 men.

Youth Sentenced To Prison Term

MEDFORD, Jan. 18 (AP)—Paul Eldon Moors, one of the two youths whose whipping at the state training school gave rise to several investigations, was under sentence to the state penitentiary today.

Moors, nearly 17, was remanded to circuit court here as too incorrigible for handling in the Woodburn reformatory. He told the court here that "a prison term might do some good" in reforming him.

District Attorney George Nielsen said he was recommending a prison term as a last resort. The youth, who said he started out stealing money from milk bottles, has been arrested on six occasions, paroled twice, and is now serving on a car theft charge.

Aided by Dimes

Five-year-old Henry Holland of Memphis, Tennessee, has recovered from the attack of infantile paralysis that crippled his legs. He was aided by your contributions to a previous March of Dimes, and is now doing fine. How about the thousands of other youngsters who were stricken with the disease last summer? For their sakes, will you

Two Mailmen Form Kangaroo Express

CHEBOYGAN, Mich., Jan. 18 (AP)—Eugene Babcock and Raymond Plaunt had to jump between ice cakes for three miles yesterday when the ice on the Straits of Mackinac broke up while they were delivering mail from Cheboygan to Bois Blanc island.

They saved the mail, too.

Police Arrest 26 Motorists

A traffic check in the city yesterday brought about the arrest of 26 motorists by police, most of them for failure to procure operator's licenses. The drivers paid \$5.50 fines.

Nick Long, operator of Long's store at 719 Main, has reported to police that a rolled rug, some 10 or 11 feet in length, was taken from the rear of his store yesterday.

He stated that the rug was heavy and probably two men were needed to carry it away.

A set of 12-inch saws, an electrical drill and electrical blower, and a quantity of cut, finished lumber has been reported stolen from the Big Basin Lumber company recently.

In municipal court this morning two drunks were sent to jail and three others bailed out. Eleven parking tickets were paid.

Dairymen Will Talk Problems

Matters of extreme importance to dairymen will be discussed at a meeting of the Klamath Dairy association Monday, January 21, 1:30 p. m., at the chamber of commerce, Earl Mack, president, announced.

"Efforts will be made," Mack said, "to secure some improvement in unsatisfactory conditions now facing dairymen.

"High cost of feed and labor, combined with unfair price regulations, have made it extremely difficult and in many cases impossible to stay in business," he said. "As a result it is now necessary to bring in dairy products for local consumption from outside sources."

Mack stated that before the establishment of low price regulations on dairy products, Klamath county was self-sustaining besides exporting considerable cheese.

A total of 13,319,248 square miles are under British control.

Wins Contract

Lillian Wells, daughter of Judge Alexander Wolfe of New York, has been signed to an acting contract by Columbia Pictures in Hollywood. A former model, she was discovered on the New York stage where she appeared in several musicals. (AP wirephoto).

SEATTLE, Jan. 18 (AP)—The YWCA reported last night 100 delegates from Washington, Oregon and British Columbia were expected to attend a business and industrial girls' weekend conference today through Sunday.

The organization said it has borrowed 50 beds and turned its gymnasium into a dormitory to help house the conference guests.

Rangers Talk Fire Control

Rangers' attention was focused on "lightning busts" at a three-day meeting held in the forest supervisor's office in Medford this week.

Eleven men representing the entire fire control staff in the four districts of the Rogue River national forest attended the session at which fire control methods used in 1945 were carefully reviewed.

Particular emphasis was concentrated on the severe "lightning bust" which occurred the first week in August. All of the 60 fires caused in the area by lightning during that period were discussed with both the good and bad points of control methods brought out.

Preliminary plans for organized control, should a similar flare-up occur in 1946, grew out of the discussion, with methods roughly outlined for using the regular fire-fighting crews, local cooperation and industrial crews.

HERALD AND NEWS—TWO

Reds Demand Troops Leave

CHUNGKING, Jan. 18 (AP)—The Chinese communist party issued a formal statement today demanding withdrawal of government forces from all places it charges they occupied after the Sunday midnight deadline for cessation of China's civil strife.

It charged that the government used "excellent wireless facilities" to order "swift seizure of strategic points." Communists have to depend upon government radio for communications, but are preparing to establish a station of their own at Peiping.

The communists asserted that since the truce agreement was reached on January 10 government forces seized 14 towns—three in Jehol, three in Suiyuan, two in Hopeh, four in Shansi and one each in Honan and Kiangsu provinces.

Ireland as a whole was united with Great Britain in 1901.

Highway Named After Sunset Division

PORTLAND, Jan. 18 (AP)—Oregon's fighting 41st, or Sunset division, today had the honor of lending its name to the former Wolf Creek highway from Portland to the coast, now the "Sunset highway."

State highway commissioners voted the change yesterday, as a tribute to the 41st and "because it leads to the sunset anyway." The old name long had been confusing because of another Wolf Creek highway in southern Oregon.

Visitor—Mrs. Harry Landrum, 533 N. 6th, has had as her house guest for several days, Mrs. Halley Wilson and young daughter, Patty, of Crescent City.

The first money mint probably was established by Gyges in Lydia toward the end of the eighth century, B. C.
