

Rickys Store Will Be Open At 739 Main

Rickys Jewelry store will open in a temporary location at 739 Main, today, where business will be carried on during remodeling of the building at 700 Main.

Keeping in step with improvements along Main street, Art Rickbell, manager of Rickys, plans a completely modern remodeling job. Blueprints for the \$35,000 job have been drawn by Sheldon Brumbaugh, architect, to include the place behind the store formerly occupied by Glover's Jewelry store, which opened on S. 7th. This space has been reserved for offices.

The entire store is being planned to resemble a gigantic display case with a modern all-glass, slanted front. Light American walnut finished counters will be built in the form of a long horseshoe on the main floor which will be carpeted in a soft shade of green.

New Lighting
Indirect fluorescent and direct incandescent lighting will be installed throughout, and wide easy stairs will lead to the downstairs where a radio service and jewelry repair department will be a special added feature. Handmade jewelry will be designed to order.

Rainbow granite has been chosen for the exterior of the building, work on which will be started today by Fred Lekberg, contractor. It was expected that the job would be completed in 90 days but the glass strike is holding up delivery on the plate glass ordered last October and this may delay completion.

Rickbell is a veteran of World War II, who returned to civilian life a year ago. Stanley Bechtle and Al Fisher, newly added to the staff, are also veterans and a veteran will be in charge of the handmade jewelry department.

Rickys store was established in Klamath Falls nine years ago and moved from 622 Main to the present location at the corner of S. 7th and Main, five years ago.

Assembly Short: Kids Out Early
Scott Reed, who was in charge of the assembly Friday, announced that the pep assembly would be very short as indeed it was. Joanne Albite, Gordon Veltch, Milt Thompson, Bob Thompson and Dick Yates entered the stage and gave a few yells.

Bob Clammer imitated one of the team members from Salem using a well-worn but funny idea connected with the insane asylum which is located in Salem. Bill McLain gave the speech for the basketball team and then the yell-squad consisting of Reeves and company led several yells. School was dismissed 15 minutes early.

And Incidentally
The pictures of the K club members and the about-to-be members will be on exhibit in the Kennel-Ellis window some time in the near future. The K club initiation is to be some time around the next two weeks.

An assembly sing is scheduled for tomorrow morning. The Script and Microphone is holding a "Dance of Dimes" Thursday afternoon at school. Admission will be a dime.

2 Indian Boys Held In Theft

Two 17-year-old Indian boys, Mark L. Brown and Bruce E. Tupper, both of Beatty, are being held in Portland by the federal juvenile court in connection with the robbery of the Beatty post office the night of December 1.

Special Indian Officer John Arkell said the two confessed their part in the rifling of boxes in the post office and the removal of some eight letters containing government checks to the amount of \$360. Brown and Tupper were arrested January 16 by Special Indian Officer Willis Pankey of Beatty. The pair said they cashed one check in Chiloquin, four in Klamath Falls, and threw the rest away in the Brown creek. A check of the stream failed to yield the missing checks, officers said.

Arkell warned Klamath merchants against cashing such checks without proper identification of the bearer. Arkell said both boys told him that they were not asked for any form of identification when they presented the checks in Klamath Falls and that it was easy to obtain the money. The two were brought before U. S. Commissioner Bert C. Thomas where they waived hearing, and were then transferred to the federal juvenile court in Portland.

HEARSE SOLVES HOUSING
WEST PALM BEACH, Fla., Jan. 21 (AP)—E. T. Sarman arrived here from Bainbridge, Ind., in a hearse, but made it clear today he's vacation—not graveyard-bound.

He said he bought the vehicle to cope with the housing shortage during the trip. "I put a bed in it in case I couldn't find a hotel room, and I had to use it, too," Sarman said. "It was very comfortable."

A LONG LINE
PORTLAND, Ore., Jan. 21 (AP)—Customers softened their gripes somewhat as they queued up before butter counters here at week's end—it seemed worth the trouble.

Police Officer Harry Ludington had reported a woman telephoned from Tacoma asking if police thought she would have any chance buying butter if she drove the 160 miles to Portland.

POOL PUZZLE
ST. PAUL, Minn., Jan. 21 (AP) The shocking mystery at the YMCA swimming pool has been solved.

Swimmers touching a brass guard rail received mild electric shocks. Power company experts discovered overloading of chlorine gas and soda ash to reduce pool bacteria count caused an acid condition that made the tank a virtual wet battery.

Heavy Snow Reported At Annie Springs

It was reported today by Crater Lake park authorities that the average snow depth at Annie Springs is 104.9 inches. This figure is the only one available at this time but T. C. Parker, assistant park superintendent, expects to have a full report on other points in the park within a few days.

At the same place, the average water content is reported at 42.1, with the percentage of water content 40.13.

Parker estimated that the snow at park headquarters is at least one foot deeper than at Annie Springs, and still another foot deeper at the rim of the lake.

Death Takes Valley Man

Thomas Francis Boggs, 87 since 1903 a resident of Langell valley, died at 9:20 p. m. Sunday at the home of his daughter, Mrs. John S. Horn of the Altamont district. Death was attributed to illness accompanying his years.

Mr. Boggs' wife preceded him in death a number of years ago. In addition to his daughter, he is survived by a son, Lester V. Boggs of Bonanza, and four grandchildren. Mr. Boggs was a native of Havana, Ill., where he was born August 5, 1858. Mr. and Mrs. Boggs lost a son in World War I.

The remains are at Ward's.

Snell Studies Dennis Case

SALEM, Jan. 21 (AP)—Andrew W. Dennis, Portland railroad worker who is scheduled to die in the state prison gas chamber next Friday morning for slaying his mother-in-law, Mrs. Anna Belle McNallen, probably won't learn his final fate until the eve of his execution, Governor Earl Snell said today.

The governor said it would take him until Thursday to complete his study of the case, and he then would announce whether he would commute the sentence to life imprisonment.

The state supreme court, after Acting Gov. Howard C. Belton had denied clemency, saved Dennis a few weeks ago on the night before Dennis originally was scheduled to die. The court, finding that no death warrant existed, sent Dennis back to Portland for resentencing, thus giving Dennis time to make a new appeal to Governor Snell.
