

Unseasonable Weather Hits United States

By The Associated Press
Alternate masses of cold and warm air were moving across the country today, subjecting some areas to frigid temperatures but giving others mild mid-winter weather.

It still was unseasonably cold along the Atlantic seaboard, from Maine to Georgia. Coldest spot in the country early today was Greenville, Me., with a recording of nine degrees below zero. A belt of cold air with temperatures down to 15 degrees extended from Pennsylvania to central North Carolina.

But just west of the Appalachian mountains, in a diagonal line from Ohio to the southwest, was an area of warm weather. Till farther west, another stream of cold air was pouring into the western Dakotas and northern plains states.

Snow Falling

Snow was falling over most of the northern Mississippi valley, while rain mixed with snow was striking the extreme northwest.

Early morning recordings included Miami 65, Atlanta, 30, Washington 20, Boston 24, Buffalo 30, Memphis 42, New Orleans 43, Fort Worth 46, El Paso 42, Denver 19, Kansas City 32, Minneapolis 14, Bismarck 8, Billings, 25, Seattle 49, Salt Lake City 35, and Los Angeles 55.

Los Angeles' high of 83 yesterday was an all-time record for January 23, topping the 81 registered in 1893. Beaches were popular and sunbaths the rule.

In western Montana, farmers were hoping for a sudden—if brief—cold snap to kill off grasshoppers, lured out of hibernation by an unseasonable warm spell, before the pests could propagate.

AL Baseball Clubs In Many Exhibitions

Earl Hilligan, manager of the American league service bureau, said last spring the league teams played 94 exhibition games.

WASHINGTON, Jan. 24 (AP)—The retirement of Judge Samuel L. Rosenman as special counsel to the president, effective Feb. 1, was announced today by Mr. Truman.

The president told his news conference that Judge Rosenman would return to private life in New York City at that time but that Rosenman had agreed "to come to Washington from time to time, without compensation, to continue to render whatever assistance and advice to me that he can."

In a formal statement announcing the Rosenman resignation, Mr. Truman said the post would not be filled because the need for it had passed with the war emergency.

Shipping Tie-Up Said Imminent

SAN FRANCISCO, Jan. 24 (AP)—The official news organ of the International Longshoremen's and Warehousemen's union (CIO) carried a headline in today's edition proclaiming: "Coastwise shipping tieup imminent."

Negotiations on the 1946 contract with employers have been suspended, meanwhile.

The story, in the ILWU Dispatcher, was based on delays longshoremen claim have been experienced in obtaining retroactive pay ordered by the war labor board. It referred to a telegram which Harry Bridges, ILWU president, sent to President Truman last Monday, charging employers with refusing to make the payments and advising the president that a Pacific coast tieup is "inevitable" unless checked by presidential intervention.

Couple Found Dead In Auto

LONG BEACH, Calif., Jan. 24 (AP)—"What show do you want to see for our last night?"

Police Inspector B. C. Carstensen said he found that note last night in the purse of a 15-year-old girl, dead in a car with her 17-year-old boy friend, apparently of poison.

Aubrey Wayne Matthews and Shirley Johnson, the victims, were high school students. They had been keeping company for six months and wanted to get married, their parents said. The girl's father, John Johnson, a widower, said he had opposed marriage because of his daughter's age.

They were found clasped in each other's arms, in Matthews' mother's car, parked in the family garage.
