

Yamashita To Be Hanged Like Common Criminal On Gallows In Manila

By MURLIN SPENCER
TOKYO, Feb. 7 (AP)—Lt. Gen. Tomoyuki Yamashita, his last hope for clemency denied by General MacArthur, must die secretly like a common criminal on the gallows in Manila—the city his trapped soldiers raped, pillaged and burned.

MacArthur, as final reviewing authority, today upheld the death sentence imposed on Yamashita by a military commission in Manila, and ordered that his one-time adversary meet his doom "stripped of uniform, decorations and other appurtenances signifying membership in the military profession."

Lt. Gen. Wilhelm D. Styer, acting on MacArthur's orders, will carry out the execution secretly and then announce it.

Newspapermen and photographers will be barred.

Styer, commander of army forces in the Western Pacific with headquarters in Manila, said army-selected witnesses to the execution would not be permitted to talk for publication.

Yamashita, charged with condoning atrocities by troops under his command in the Philippines, is the first top-ranking Japanese officer whose conviction has been reviewed by the supreme allied commander.

Fate of the calm, shaven-headed Japanese general was left in MacArthur's hands after the Philippines supreme court refused to transfer the case from military to civil jurisdiction, and the U. S. supreme court last Monday upheld the death sentence.

Morse Offers New FEPC Bill

WASHINGTON, Feb. 7 (AP)—A fair employment practices bill which he says will "call the bluff" of certain groups on both sides of the present controversy was introduced yesterday by Senator Morse (R-Ore.).

"I don't advance this bill as perfect and I'm willing to consider any appropriate amendments."

"I think at least it will serve the purpose of calling the bluff of certain groups on both sides, whose basic objectives I question."

The bill, offered as a substitute for the measure against which a long filibuster has been maintained by southern senators provides, like the original bill, for a commission.

It would authorize studies of employment practices, including government practices, and provide for reports to the president. The commission would have power to conduct hearings, subpoena persons and records, and would make recommendations and findings.

If the commission's findings are not accepted, it could seek an injunction in federal court. The employer would be allowed a full hearing on the merits of a case.
