

Boy Scout Week To Be Observed

All the Boy Scouts, Cubs and their leaders in the Klamath basin district are joining with nearly 2,000,000 fellow Scouts throughout the nation in observing Boy Scout Week, February 8 to 14. The theme of this 36th anniversary of the founding of the Boy Scouts is "Scouts of the World, Building Together."

The local commemoration of the anniversary will begin with church attendance this Sunday. Individual troops will attend church in a body.

Each group in the district will have open house at its meeting this week to which parents, friends and interested people are invited.

Special Feature
As a special feature of Scout Week, the boys have begun a "Shirts Off Our Backs" campaign in which American Boy Scouts and Cubs are contributing used but clean and serviceable uniforms and camping equipment to help Scouts in war-torn countries. The campaign is part of the "World Friendship Fund" created to help Boy Scouts in other countries rebuild their organizations.

Climaxing Boy Scout Week will be a swimming meet and water carnival at the Marine Barracks swimming pool, at the invitation of Col. Charles Brooks. Lt. Henry F. McNamara is directing the meet, which will be presented at 7:30 p. m., Friday. The public is invited.

Date Changed For Field Day

Field day at Oceanside, Calif., for inspection of potato seed test plots has been held over one week. The date has been set for February 21 and 22, in order to get an accurate check on leaf-roll this year.

One hundred and 17 Oregon growers have a total of 255 lots at Oceanside this year. Thirteen counties are represented with 10 varieties. There are 10 lots of Nette Gems, 104 White Rose and 31 Burbanks. Other varieties are Earliest of All, Bliss Triumphs, British Queen, Katahdin, Early Rose, Gold Coin and Pontiac.

E. R. Jackman, extension specialist in seed certification, will make the readings on Oregon lots and will be present on field days.

A map of test plots with listing of Oregon growers having seed lots at Oceanside will be made available to interested parties. Copies can be obtained from any Oregon State college representative present at the meeting.

Reservations should be made in advance by those planning to attend the field days and may be made in Carlsbad, Calif., for convenience to test plots. It was suggested by the cooperative extension work department in agriculture and home economics at Oregon State college.

Skiing Good At Canyon

Snow conditions for skiing are now better than at any time this winter on the Fremont Highlanders' Warner canyon course north of Lakeview.
