PERMANENT waving is the most important part of our beauty service, and it has been the policy of the Hazel Salon that all of our beauty operators are completely qualified in this respect. Now, we're going a step farther and will have an expert-expert, so to speak. You probably guess it... It will be Evelyn Malloy who will have the final answer to all permanent waving problems.

EVELYN is leaving for San Francisco next week, where she will take extra training in the latest methods that have been developed to give the best waves. We're especially glad to have Evelyn study in San Francisco, too, because there are so many new products on the market just now. Being there, she'll be able to investigate the very latest, first hand.

AND remember, every Hazel Salon operator has been thoroughly trained and has the experience to give the kind of permanents you like.
