

Roads Said Slippery In High Areas

SALEM, Feb. 18 (AP)—Oregon highway conditions were little changed today, with mountain passes slippery and fog on parts of the Pacific highway, the state highway commission said.

The road report:
Santiam Junction—30 degrees, overcast, 2 inches new snow. Total snow at summit 143 inches, at junction 76 inches. Packed snow and frozen slush on roads.

Odell Lake—Overcast, 29 degrees, total snow at summit 147 inches. Packed snow east of McCredie Springs. Three short sections of one-way traffic above Okridge because of washouts.

Fog
Klamath Falls—The Dalles-California highway normal. Green Springs highway normal except for fog west of Klamath Falls.

Roseburg—Foggy.
Astoria—Columbia River highway closed at east city limits of Astoria, short detour through Tongue Point naval base. Oregon Coast highway closed by slide north of Manzanita, detouring via Sunset and Necanicum highways. One-way traffic on Mist-Clatskanie highway because of washout.

Tenham—Pavement free of snow except for few icy spots near Emigrant Springs and over the summit.

Gideon Camp Set Up Here

The new Klamath Falls-Lakeview Gideon camp was organized and launched at a fellowship dinner held in the Immanuel Baptist church Sunday.

Contingents of Gideons arrived from Portland, Salem, Grants Pass, Medford and Lakeview. Speakers were Harry West, national chaplain; Cleeve Hudson, state president; Cleve Anson Johnson of Grants Pass. Bill Bartell, baritone soloist of Portland, sang several numbers.

George A. Hacking, field secretary, stated he believes the Gideon camp here will rank as one of the strongest. It takes in eight local ministers as associate members and a revolving membership of 40 regular and associate members.

The following officers were elected to take over and direct activities of the camp. President, Verne H. Speers, vice president, Homer Shirey; treasurer, Charles Hathway; secretary, Carl R. Larsen; chaplain, E. L. Crambly; evangelistic secretary, Victor Utterback; Bible replacement secretary, E. V. Zell; chairman of membership committee, John Wesley Carter.

The dedication of 200 Bibles for local hotels was made at the Gideon fellowship dinner.

Rites Set For Fire Victims

SUTHERLIN, Ore., Feb. 18 (AP) Funeral services will be held at neighboring Oakland cemetery tomorrow for four members of the Harold Fugate family and one friend, victims of a fire which spared only 10-year-old Glenn and 6-year-old David of the family of six.

Fugate, 35; two children, Caroline, 4, and Nathan, 14 months, and June Davis Brown, 23, succumbed Friday soon after oil poured on stove coals exploded into a mass of flame.

Mrs. Fugate, 31, died in a Eugene hospital late Saturday. David was treated for minor burns and released to the care of family friends. Glenn was the only member of the family to escape unhurt.

Students End 3-Day Annual Conference

SALEM, Feb. 18 (AP)—One hundred students from six Oregon colleges and universities ended yesterday their three-day annual Oregon Methodist student movement conference at Willamette university.

Students and faculty members from Linfield, Lewis and Clark, Pacific, Oregon, Oregon State and Willamette attended the crisis in our time.

Information On March 15 Deadline On Income Tax

NO. 1—WHO MUST FILE
(Editor's Note: This is the first of several stories explaining who must do what about 1945 income tax returns and estimated returns for 1946.)

By JAMES MARLOW
WASHINGTON, Feb. 18 (AP)—The first two things to remember about the March 15 income tax deadline are these:

1. Everyone with income of \$500 or more in 1945 must file a return on or before March 15.

2. Some people also, by that date, will have to file an estimate on their tax for 1946 and pay the first installment on it.

(Special provisions for veterans and servicemen will be explained later in this series. The law for them is not the same as it was last year.)

Take the two groups which must do something about taxes by March 15.

Group 1: File Return
You—man, woman, child, married or single—must file a return if your 1945 income was \$500 or more.

You must do this even though the full tax was withheld from your wages or salary in 1945 and you don't owe any further tax.

Your return must show how much your income was, how much tax, if any, was withheld from you, or how much tax you owe.

If your return shows too much tax withheld in 1945, you'll get a government refund by filing the return.

If it shows you still owe the government tax on your 1945 income, you'll have to pay when you file the return.

Remember: You can get a \$500 exemption for every person dependent on you. You can't claim as dependent anyone whose income was \$500 or more, even though you contributed to more than half his support in 1945.

If the 1945 income of your dependent—say a child—was less than \$500, he doesn't have to report it. You don't report it in your return.

Suppose a child earned \$500 or more in 1945. Who makes the return: child or parent? The child makes it.

Although the parent can't claim his as an exemption—since the child made \$500 or more—the parent nevertheless is responsible for paying the tax if the child doesn't pay.

But if your wife had income—no matter how small—you cannot claim the usual \$500 exemption for her unless you include her income in a joint return.

Refund
Suppose you made less than \$500, you're entitled to a refund on taxes withheld.

If you file the return in this case, you get a refund. If you don't file, you don't get it.

So much for that. Remember this, before looking at group No. 2, mentioned at the start of this story:

In 1946 full tax will be withheld from wages and salaries of

people making up to \$5000. These people don't have to do anything. Uncle Sam collects their tax regularly through payroll deductions.

Now take group No. 2: People in this group by March 15 must not only file an estimate on all or part of the tax they'll owe on 1946 income but start paying the first of four installments on it. The other three installments are due June 15, September 15 and January 15, 1947.

Here are the people who have to do this:

1. Those who are not wage-earners or salaried workers—and so don't have taxes deducted from their income—but who expect to make \$500 or more in 1946.

Example: A doctor whose income is entirely from fees but will be \$500 or more; a landlord whose only income is rent but will be \$500 or more.

2. Wage-earners and salaried workers who expect to make \$6000 or more in 1946 and from whose earnings full tax will not be withheld. **Example:**

A. A wage earner who expects to earn more than \$5000, plus \$500 for every exemption except his own. For instance:

A single person who expects to make \$5001 will have to file an estimate but not a person who has one dependent unless he expects to make more than \$5500; for a person with two dependents unless he expects to

Test Station Funds Urged By Stockman

WASHINGTON, Feb. 18 (AP)—Rep. Stockman (R-Ore.) urged the house appropriations committee to increase funds for the Pacific northwest forest and range experiment station at Portland, Ore.

Stockman said that in eastern Oregon large sections of grazing land were intermingled with pine forests and that it was a good example of multiple uses of forest lands. He said he thought it was tragic the station had not been given enough money to carry on intensive research in the pine forest land. He said the station had not been adequately

Legion Slates Meet Tuesday

A potluck dinner at 6:30 p. m. Tuesday will precede the regular business meeting of Klamath Falls Legion post No. 8. Prepared by the Legion auxiliary, Mrs. Elizabeth Petersteiner, president, announces that any members of the auxiliary who wish to contribute food may contact her at 3898 or Mrs. Syd Evans at 5758. Wives of new Legion members are particularly urged to attend.

There will be a report from the housing committee and several other important features, will be up for discussion.

Activities for the year will be outlined by Commander Paul Otterbein. All honorably discharged veterans from World War II are cordially invited to attend the meeting and potluck dinner.

Test Station Funds Urged By Stockman

WASHINGTON, Feb. 18 (AP)—Rep. Stockman (R-Ore.) urged the house appropriations committee to increase funds for the Pacific northwest forest and range experiment station at Portland, Ore.

Stockman said that in eastern Oregon large sections of grazing land were intermingled with pine forests and that it was a good example of multiple uses of forest lands. He said he thought it was tragic the station had not been given enough money to carry on intensive research in the pine forest land. He said the station had not been adequately

staffed or given funds to make the necessary research. "I believe that an active research program on the multiple use of the forest lands is not only greatly needed but that it will result in economic benefits in the use of timber and grazing lands to both public and private ownership," Stockman said.

SEATTLE, Feb. 18 (AP)—Southeast storm warnings were raised today from Point Arena, Calif., to Cape Flattery and through the Strait of Juan De Fuca.

Its New Name - Its New Home . . . Its New Expanded Scope

"Standard Insurance Company" is the new name by which the Oregon Mutual Life Insurance Company henceforth will be known. Its name has been changed in recognition of its expanded operations in Washington, California, Idaho, Utah as well as Oregon, and to make way for expansion to other states. There is no change in the personnel, the corporate structure, or in any of the operations of the company.

The company has outgrown its present home office building and has purchased the well-known Stevens Building on S.W. Washington Street between Park and Ninth Avenues. The company will occupy a substantial portion of the building just as soon as the remodeling has been completed. All of the company's business conducted under the old name will be carried out fully, under the new name.
