

Marines 'Busted' To Privates In Aftermath Of Discharge Petition

PEARL HARBOR, Feb. 21 (AP)—The board ruled that the marines sergeants and corporals were reduced to privates today because they circulated a petition which demanded more information on leatherneck discharge plans.

The board announced this as "the final decision contemplated" in the case of Lt. Gen. Roy S. Moore, Pacific fleet marine commander, said the demotions were punishment for the six men. The individuals concerned demonstrated their unfitness to be non-commissioned officers, he declared.

"They failed to display the qualities of leadership, judgment, loyalty and fidelity which are requisites of non-commissioned officers in the United States marine corps," he declared.

The six marines were demoted on the recommendation of a board convened by Maj. Gen. J. Moore, commander of the air force of the Pacific marine force in charge of the EWA army air base in northwest Oahu, where the six men were stationed.

Four-H News

National 4-H club week will be held March 2 to 10, 1946. The main theme, "The Local 4-H Club in a Changing World," will play an important part in reinforcing the use of the 10 4-H guideposts as launched at the national 4-H club congress by the director, M. L. Wilson. The new 4-H goal, 3,200,000 4-H members by 1950 will also play an important part in helping the club members and leaders of each community to assume their full share of responsibility in reaching more young people with the 4-H club program.

It is the hope that in every community 4-H members will carry on in fine spirit, completing their projects for 1946. In discussing such important issues as housing, health, vocational choices, marketing, distribution, conservation, recreation and maintenance of world peace, these young people can make a really remarkable beginning in demonstrating how they can develop their own local 4-H programs as effectively in solving the problems of peace in this era of atomic energy as they did in solving the problems of war on the home front.

Use Of Booze Brings Arrest

Carlton Dwight Galloway, contractor residing at 715 St. Francis, has posted \$100 bail with city for an appearance in municipal court this afternoon on a charge of driving while under the influence of intoxicating liquor.

Galloway was arrested early tonight at East Main and Vine. Three drunks appeared in police court this morning, and one parking ticket was paid. City jail now has 15 inmates. The police are getting a new Dodge sedan, to be known as number five in the office.

Martha Shops and Shops

Emptying Slacks Arrive At Long's

SUMMER slacks have arrived at LONG'S already, but you don't have to wait till summer to wear them. . . and, most certainly you may be disappointed if you wait till then to purchase them.

Fashioned for faultless fit in every cloth . . . with a stitched waistband and zipper fastening . . . the shades are without a doubt the most tempting shades encountered so far . . . royal green, birdseye blue, peacock pink, toast, white and black.

For outdoor wear . . . or for wearing around at home . . . these slacks would go beautifully with the long-sleeved, cotton shirt . . . in matching contrasting colors . . . also available at LONG'S APPAREL, 719 Main.

Some people think of black and green tea being brewed in different kinds of kettles, but all tea grows on the same kind of bush. Green tea, produced by checking fermentation after the leaves are picked, comes only from China and Japan, which is why the supply has been all the present U. S. supply of tea is coming from India and Ceylon.

Why? It's Receives Cocktail Frocks

GUARANTEED to put you in a party mood are the new cocktail frocks received at WHY? It's . . . and there are also gay, striped casuals that are simply stunning, Martha's opinion.

Most of the party frocks favor . . . crepes and sheers . . . some are frothy with lace . . . all show a smart bit of design genius. Take, for instance, a black crepe on which the black crepe above the neckline scalloping and edges front pleat.

Group of dressy jerseys . . . the new arrivals . . . has been printed on the usual flamingo on pastel grounds . . . a very different neckline.

The multi-striped crepes . . . mist gray, black on white grounds . . . are slimming, waist classics . . . modern . . . that will live long.

WHY? It's you know, is in the Medical-Dental building . . . at Ninth.

Blustery Weather Sale At Star Drug

ON the dot with our whimsical weather is the half-price sale on Dorothy Gray's Blustery Weather Lotion at the STAR DRUG STORE.

Inasmuch as you can get a two-dollar size bottle for only one dollar . . . Martha thinks it a timely idea to stock up for months ahead . . . because, it's not only protective to the skin . . . but a non-sticky powder base . . . and a delightful lotion after bathing.

The famous house of Dorothy Gray makes much of the "right look" . . . so while you're buying the Lotion . . . ask to see the new lipstick shade.

Right Red . . . a clear, true red, creamy and smooth, giving a youthful satiny sheen to the lips . . . and the matching rouge that leaves a gentle rosy look.

Both are priced at \$1.00, plus tax . . . at the STAR DRUG STORE . . . right on the corner of Fifth and Main.

Shop Has Unique Pottery Pieces

SELECTED as this week's conversation piece . . . the original, glazed bowls, vases and ash trays by Landaker . . . Martha saw in the ART and GIFT SHOP . . . that would be possessions you'd take a distinct pride in owning and showing.

These unique pottery pieces are hand built in an artist's studio . . . and no attempt has been made to remove the finger marks or individual character of the artist.

The glaze effects are intentional . . . the ideas original. The clays and glazes are the same as those used by the Chinese, Persians and Egyptians in the 12th and 13th Centuries.

These are found at the ART AND GIFT SHOP . . . 519 Main . . . where numerous new items in the gift line are arriving.

Like salted peanuts? There'll be plenty. Over 26 million eight-ounce cans of salted peanuts declared surplus by the war and navy departments are moving into civilian markets. Though salted and packed last year, they were hermetically sealed and should be found in the same quality as when packed.

Blast Wrecks Three-Story Apartment House

An explosion followed by fire wrecked a three-story apartment building in the downtown residential area of New Orleans, killing an undetermined number of persons and injuring a score of others. Rescue workers are searching through the debris. (AP Wirephoto).

New Traffic Ideas Talked

New ideas which will change the temper of Main street traffic were discussed last night at a meeting of the Teamsters union, truckers, Klamath Retail Merchants association, the police, zoning and traffic safety committees, the city council, the mayor, and other interested townsmen.

It is the hope that in every community 4-H members will carry on in fine spirit, completing their projects for 1946. In discussing such important issues as housing, health, vocational choices, marketing, distribution, conservation, recreation and maintenance of world peace, these young people can make a really remarkable beginning in demonstrating how they can develop their own local 4-H programs as effectively in solving the problems of peace in this era of atomic energy as they did in solving the problems of war on the home front.

Cedarville Asks Hospital

ALTURAS—A large group of Surprise valley citizens appeared before the county board of supervisors at its monthly meeting and asked that the board make plans for a hospital to be erected in Cedarville.

It is the contention of the group that the valley is without a doctor and has no medical facilities.

The board authorized District Attorney Lederer to try and make a deal for medical supplies which are to be released at the Tulalake Jap camp. The board will then consider maintenance costs and other problems pertaining to the cost of erection and operation of a hospital in various county communities including Cedarville, Adin and Tulalake.

Camp 4

The March of Dimes drive and dance was a big success and the drive chairman, Mrs. Arthur Cooper, and Recreation Chairman B. M. Antle, wish to thank the community for their help and cooperation.

A storm shower was the feature of the Traveling Card club on February 7. The shower was for Mrs. M. H. Hall at the home of Mrs. Archie West with Mrs. Prescott and Mrs. Cruikshank assisting.

The Founders Day meeting of the Parents and Teachers association was observed on Thursday at the community hall. After the regular meeting a shadow play was presented, followed by the candle lighting and cutting of the Founders Day cake. Hostesses were Mrs. Antle and Mrs. Cruikshank.

The monthly card club met February 14. Mrs. Gordon Good was the hostess and a pot-luck luncheon proceeded the card playing.

Dinner guests on Sunday at the Cruikshank residence were Mr. and Mrs. William Jones and family of Klamath Falls.

A nice selection of new books has arrived at the library, including "Keys of the Kingdom," "Rickshaw Boy," "Seven Came Back" and "We Are the Wounded."

Mr. and Mrs. Lyle Stone were in camp on Thursday. They are former residents and Stone has just been released from the navy.

Former residents recently discharged from the services include Wayne Knap, Parks and Jack Simpson.

Due to the snowstorm and wind last Wednesday the men had an extra lay-off on Thursday and Friday.

Returning Here—Dr. Francis William Peak, Klamath Falls

dentist who has served in the army medical corps at the Santa Ana, Calif., air base, is expected home within a short time and on March 1, will re-open his offices in the Medical-Dental building. The air base is closing and Dr. Peak has received his discharge. He is the brother of Joe Peak of the Klamath Falls schools.

Easy does it KENU MAKES ALL YOUR HOUSECLEANING SO MUCH EASIER

On soiled walls, woodwork and painted surfaces —once over lightly—with Kenu does the trick. No after rinsing or wiping either because Kenu-cleaned areas dry fast without streaking.

Raincoats Need Trip To Cascade

IT'S time to be getting your dirty raincoat, field jacket or all-weather reversible cleaned up for rainy days ahead . . . Martha was reminded while in the CASCADE CLEANERS this week.

All-weather clothes should be cleaned at frequent intervals if they are to hold up as protective apparel . . . and besides, if they don't look well your good-grooming record is lowered.

Because of conditions under which they are worn . . . soil becomes deeply imbedded in their tightly woven fabric . . . and is sometimes difficult or impossible to remove without damage to the material.

For this reason, washing at home is not advised . . . and there's always the danger that bright colored linings may fade onto top surfaces.

The job will be done properly by professionals . . . such as the CASCADE CLEANERS . . . 1118 Main . . . wet-cleaned if that's what the garment needs . . . dry-cleaned if it can't stand dunking. And, if the water repellency needs renewing . . . that's all the more reason you should allow the experts to take over.

IWA Boss Hits Cancellations Of Contracts

PORTLAND, Ore., Feb. 21 (AP)—The conference of CIO International Woodworkers of America here over the weekend was followed today by a "statement to the press" on operators' contract cancellations.

Earlier in the month a number of operators notified locals of termination of contracts April 1. Later, H. D. Weaver, secretary-manager of the lumbermen's industrial relations committee, said this was merely a move to initiate negotiations in conformance with contract provisions.

James E. Fadling, union president, said at the time and reiterated in today's statement, that the agreement required negotiations to start within 15 days and this was not done.

Blames Employers

"Any stoppage of production because of workers reluctance to work without a working agreement can be laid at the door of the employers," Fadling's statement concluded.

Fadling clarified this in an interview by saying that work would be uninterrupted to April 1 and that if new contracts had been negotiated by that time, they would be effective. However, he said, had negotiations been started within 15 days after the termination notice, the present working agreement would have been extended as far beyond April 1 as necessary to complete the negotiations.

Weaver, who earlier said letters had been exchanged and negotiations were progressing normally, could not be reached today for comment.

Keno

Keno Junior high was loser in their last two games of basketball played. They lost one game February 13 to Dorris high's "B" team, also the one played with Fremont junior high on Friday evening. However, Friday's game was an exciting, well played, close game, the final results being very uncertain until the last few minutes of play. The score was 26 to 22. Keno's hard playing, plucky little "Midgets" also lost their game with Fremont "Midgets" by quite a score the same evening.

Mr. and Mrs. Walter S. Foster and little son Wally, of Klamath Falls visited overnight recently at the home of his parents, Mr. and Mrs. Joe H. Foster. The Foster's other son, Warren, had arrived home from overseas that day so there was a family reunion that night after more than two years' separation.

Dale Bringle, another former Keno boy, has arrived home from overseas service, having recently received his honorable discharge. Dale saw service in the European theater.

Mrs. Tom Calmes returned home last week from San Francisco where she had been for a couple of weeks visiting with her father and other relatives. Monnette Calmes visited at home about three days the last of the week from OSC at Corvallis.

DRESS REHEARSAL

BUHL, Idaho, Feb. 21 (AP)—Buhl's firemen, dressed in their Sunday best for their annual Valentine ball, were about to begin the dance when the fire alarm rang.

Out they ran and extinguished a small house fire. Then they returned to the hall, washed their hands and went on with the ball.

TIGHTEN UP

MINEOLA, N. Y., Feb. 21 (AP)—Motorists suspected of intoxication will be put through an addition to the standard sobriety test by Nassau county police beginning tomorrow.

The suspect—besides walking a chalkline—will have to recite: "Around the rough and rugged rocks the ragged rascal ran." And if he can't recite—he's tight.

A synthetic motor oil for year-round use has been perfected; it does not become thick in winter or thin in summer.

The human skull has 22 bones.

WoolFoam DON'T GAMBLE WASH ALL FINE WOOLENS IN WoolFoam Made for Wool by a Wool Firm 25c AT LEADING DEPARTMENT, GROCERY AND DRUG STORES. WOOLFOAM CORP., NEW YORK 10, N. Y.

Listen to The Town Shop's presentation of "Show Stoppers" every Thursday at 12 noon over KPJJ.

The Town Shop 500 Main

Klamath Woman Awarded War Bond

Mrs. William Paull, 227 Mortimer, has been awarded a \$25 war bond received from the Sperry company which recently conducted a contest seeking a prize winning name for the recipe folder packed in sacks of Sperry's Drifted Snow Flour. Mrs. Paull was advised that her name was one of 100 selected by the company, by Cliff Jackson, manager of Piggly Wiggly store, her grocer.

Mrs. Paull's husband, chief clerk at the Southern Pacific freight office, is now in a hospital in San Francisco. She advised him of her award today.

HARRISBURG, Pa., Feb. 21 (AP)—Daniel E. Sullivan, Emporium, Pa., farmer told an army recruiting officer, "it's up to us older fellows to get the younger men home so they can get married and raise families." But the army turned a deaf ear. At 63, he was too old.

The Town Shop Customers Eligible NYLONS

Feb. 21 through Feb. 27 Names selected through our impartial distribution plan

ANN MASON, 2025 Lawrence
 JUANITA McGUIRE, 826 California
 MRS. MONTIE MOSS, 1346 Owens
 MRS. WILLIAM GIBSON, 1437 Pacific Terrace
