

2 Highways Blocked By Land Slides

SALEM, Feb. 27 (AP)—The Columbia River and Oregon Coast highways were blocked by slides again today, State Highway Engineer R. H. Baldock said.

The Columbia river slide, near Multnomah Falls, is the same one that closed the highway and Union Pacific railroad from February 5 to 15. About 300,000 yards of dirt and rock were involved in the first slide, but today's slide amounts to about 5000 yards.

This morning 200 feet of highway was covered five feet deep. Traffic was detoured via the Washington side of the river at Cascade Locks and Portland.

Baldock said the road might be reopened in two days, but it depends on whether the slide stops running and whether the slide takes out the 90-foot wooden bridge that was built across the gap in the road which was cut in the first slide.

Equipment, including huge shovels and bulldozers, started working on the slide this morning. They had still been cleaning up from the first slide.

The coast highway trouble again was near Manzanita, where the road started slipping toward the sea. This section was opened up only two days ago, after being closed for three weeks. Traffic again was being detoured by the Sunset and Necanicum highways.

Washouts on the Willamette highway were cleared up today, so that two-way traffic was restored on the entire route. The pavement on all mountain roads was almost free of snow and ice.

The road report also said: Government Camp—Raining, 36 degrees. Total snow 90 inches. Road is bare to top of Salmon river, milepost 5 on Wapinitia. Patches of snow and ice to milepost 23 on Wapinitia.

Santiam Junction—Raining, 34 degrees. One-way traffic at milepost 79 because of snow slides, but expect to have normal traffic before noon. Road bare of snow throughout district except at scene of slide. Total snow at summit 123 inches, at junction 68 inches.

Remember Deductions When Filing Income Tax Return

(Editor's Note: This is another of several stories explaining who does what about his income taxes.)

By JAMES MARLOW
WASHINGTON, Feb. 27 (AP)—Don't forget your deductions in filing your 1945 income tax return. You may save money.

Many expenses are deductible. So are some kinds of income which not only are exempt from tax but don't have to be reported.

All the kinds of deductions can't be listed here. If you have doubts or questions, ask your international revenue collector.

The amount of deductions will determine for many people the kind of income tax return they file.

People who made \$3000, or over, have to file on the 1040 long-form anyway. They can do one of two things in filing that return:

1. Take, without itemizing, the standard \$500 deduction allowed everyone who files on the 1040 long-form. Just write down \$500 in deductions whether they amounted to that much or not.

2. Or, if your deductions were more than \$500, then claim them for whatever they are. But when you do that, you'll have to itemize all your deductions.

But what of the people who made under \$3000? They, depending on their individual case, can file their return on form W-2, the withholding receipt, or the 1040 short-form. Here are the two steps they can take:

Two Steps
1. Everyone filing form W-2 or the 1040 short-form automatically is allowed a deduction of about 10 per cent of income for non-taxable expenses, even though they did not amount to 10 per cent.

So you don't have to itemize any deductions on form W-2 or the 1040 short-form. Your 10 per cent deduction already has been taken out of your tax which you find in the table used to tell the tax on people using those forms.

Farming In Valley Periled

VALPARAISO, Ind., Feb. 27 (AP)—A consulting engineer for a governor's postwar development committee warned here that unless the Willamette valley flood control project is completed "there won't be any more Willamette valley agriculture" after a few more floods.

W. M. Bartlett, speaking to the chamber of commerce, criticized sportsmen's opposition to the project "in spite of the fact that tests . . . show the (Willamette) river so polluted fish can't live in it."

Bartlett declared failure of the state to plan has "dissipated natural resources to such an extent that the situation is deplorable." He listed several projects to provide employment and create wealth for the state:

1—development of 2—exploration of sodium beds in Sumner and Abert lakes; 3—cinnabar production in Ochoco mountains; 4—laterite mining in northwestern Oregon; 5—industrial use of cut vegetables and waste lumber; 6—rehabilitation of cut-over and burned-off forest lands; 7—the Willamette valley project.

They made this prediction as the agricultural department, boss of government-seized meat plants, prepared to put an additional 16 cents an hour into pay envelopes of 131,000 employees of five big packing companies.

While this increase approved yesterday by the wage stabilization board applies at present only to workers at 11 plants of Swift, Armour, Cudahy, Wilson and John Morrell, it becomes the pattern for the industry under the administration's new wage-price policy.

The labor council's resolution drew protest from affiliated union drivers of milk and dairy trucks who insisted an investigation into the dairymen's plea be conducted before the council formally opposed any price rise.

Excise taxes—like those on liquor, tobacco, cosmetics, jewelry—are not deductible. Medical, hospital and dental expenses are deductible if they exceed five per cent of your income, but are limited to \$250 if you file a return for yourself alone or \$2500 if you claim more than one exemption.

Example: Your income was \$4000 and your medical expenses were \$275. You can claim only what is over 3 per cent of your income.

Five per cent of your \$4000 income is \$200. Subtract that \$200 from \$275 medical expenses. That leaves you \$75 in deductible medical expenses.

Klamath Trip Brings Low Opinion Of County Roads

Rather than face a race with the stork over muddy, rutted Langell valley roads, Mr. and Mrs. George Fernlund started to Klamath Falls Sunday afternoon in order to get near a hospital in time for an expected arrival.

Even at that, Fernlund reported to The Herald and News office, it took them two hours to traverse the 15 miles from their east side Langell valley ranch to Bonanza in a car. He believes that if they hadn't started Sunday they would have never gotten in.

The road to Bonanza, he said, is muddy from the thaw, impassable in many places where the bottom has literally dropped out. They drove a distance in the ditch to get through and found the ditch better riding than the roadbed.

The west side Langell valley road is in a terrible condition right now, Fernlund said, and he believes the county road department was unwise in graveling side roads last fall and leaving the main roads alone.

The road he lives on is a route for a school bus, mail car and milk truck and recently the milk truck cut off three miles at the end of its route because the road was too bad to travel.

The Fernlunds arrived in Klamath Falls after their arduous journey in plenty of time for the baby but very peeved with the county commissioners.

The Klamath Mineral Club will meet Thursday at 8 p. m. in the chamber of commerce rooms, 323 Main. The Klamath Mineral Club is organized to promote the study of the geology and mineral resources of the Klamath basin and many of its members are further interested in the field of cutting and polishing the semi-precious gem stone material of this region.

The meetings of the club are open to the public.

SALE ANNOUNCED
SWEETHOME, Feb. 27 (AP)—Sale of the Lucas Lumber company to Herbert Templeton Lumber company, Portland, was announced today.

Three File For Re-Election

SALEM, Feb. 27 (AP)—Three state representatives filed for reelection today.

They are Manley J. Wilson, Warren democrat who represents Clatsop and Columbia counties; M. M. Landon, Sweet-home republican who represents Linn county; and John F. Steelhammer, Salem republican representing Marion county.

Other filings:
O. Henry Oleen, St. Helens democrat, for state representative.
G. C. Knodell, Albany republican, for state senator from Linn county.

Tickets Available For 'Award' Dinner
Some tickets are still available for the Friday night "award" dinner to be held at the Willard. Tickets should be picked up before Friday at the chamber of commerce, Charles R. Stark, manager, said.

Gov. Earl Snell will be the guest of honor at the affair and present the awards for faithful service to non-paid selective service board workers of both Jackson and Klamath counties. Special awards for bond sales will also be made at the dinner, a late announcement revealed.

War Crimes Case Rested

NUERNBERG, Germany, Feb. 27 (AP)—The allied prosecution rested its case against 22 top ranking Nazi war leaders late today after more than three months of hearings before the international military tribunal.

Arguments on legal aspects of the attempt to prosecute six Nazi organizations as criminal groups are scheduled for tomorrow. The defense is likely to start Monday.

Just before closing of the prosecution case, U. S. Deputy Prosecutor Thomas Dodd obtained the court's permission to withdraw from the trial record a document introduced as evidence more than a month ago.

Dodd said a further examination of this document, a letter originally attributed to Defendant Alfred Rosenberg which spoke in glowing terms of the Hitler Youth organization, had indicated "grave questions as to its authenticity."

The tribunal denied Joachim von Ribbentrop's plea that Winston Churchill, Edouard Daladier and other pre-war allied leaders be summoned as defense witnesses.

MEAT BILL WILL JUMP 80 CENTS
WASHINGTON, Feb. 27 (AP)—OPA officials estimated today that the average American's meat bill will go up only about 80 cents a year as the result of higher wages authorized for packinghouse workers.

They made this prediction as the agricultural department, boss of government-seized meat plants, prepared to put an additional 16 cents an hour into pay envelopes of 131,000 employees of five big packing companies.

While this increase approved yesterday by the wage stabilization board applies at present only to workers at 11 plants of Swift, Armour, Cudahy, Wilson and John Morrell, it becomes the pattern for the industry under the administration's new wage-price policy.

VALUABLE PALOMINO STALLION DIES
A valuable Palomino stallion, owned by Harry K. Tavenner, stock buyer, died at the auction yards here Sunday. The horse, valued at more than \$1500, had sired a number of fine Palomino colts in this area.

OPPOSITION TO MILK BOOST RESCINDED
PORTLAND, Feb. 27 (AP)—A resolution opposing Portland area dairy producers' request for an increase in grade A milk prices has been rescinded by the Portland central labor council.

Contralto To Sing Tonight

Doors will open tonight at 7 o'clock for the third of a series of concerts presented at the Pelican by the Klamath Community Concert association when music lovers will gather at the theatre to hear the lovely Canadian contralto, Jean Watson.

Miss Watson arrived today from the south. Her concert will be heard at 8 o'clock sharp, and inasmuch as no seats are reserved ticket holders are urged to be prompt. Tickets will not be sold at the door as admission is by membership only.

Judge Tosses Out Old Case

PORTLAND, Feb. 27 (AP)—A suit in connection with the sale of a horse 13 years ago for \$100 was dismissed yesterday by Special Judge Ira C. Tilton after he described the case as "a strain on the judiciary and a disgrace to the legal profession."

The case, which has piled up costs of more than \$1000 in seven trials and was coming up for the eighth time, started after Ben Anderson sold a mare to Ben and Vernon Kuehl and took a \$100 note. The Kuehls declared the horse was unsound, refused to pay and Anderson repossessed the horse.

The Kuehls won five of the previous trials, but a new hearing was granted each time. One trial ended in a mistrial and one in a disagreement.

During the litigation, Anderson was killed but the case was carried on by his estate. The horse also is dead.

BANK RESOURCES HIGHEST IN HISTORY
PORTLAND, Feb. 27 (AP)—Resources of Oregon state banks totaled the highest in history during the last six months of 1945, State Banking Superintendent A. A. Rogers said today.

He said a survey by the national association supervisors of state banks revealed Oregon banks had higher gains than the national average. Assets jumped 17.6 per cent compared to the national average increase of 8.2 per cent.

Rogers said total assets December 31, 1945 were \$147,582,032; deposits, \$139,975,362; and U. S. securities holdings \$93,791,332.

ECCLES RAPPED BY GOP COMMITTEE TO TALK FUNDS
PORTLAND, Feb. 27 (AP)—The republican state central committee's executive committee will meet here Saturday to discuss financing for the primary elections.

State Chairman Neil R. Allen, Grants Pass, called the meeting for six days prior to the deadline for filing petitions so party leaders could study possible vacancies expected on the ticket in outlying up-state districts.

The population of all the Latin American countries combined is almost as large as that of the United States.

PEDESTRIAN KILLED WHEN STRUCK BY CAR
PORTLAND, Feb. 27 (AP)—Pink Brown, 40, was killed yesterday by an automobile as he walked down the dirt sidewalk on North Denver avenue, deputy sheriffs reported today.

Officials said the car apparently careened off the highway. One of the car's occupants, Roland Hunt, Camas, Wash., was injured.

On Trip—Mr. and Mrs. Joe Steele of Merrill are visiting in Sacramento for a few days.

At Home—Mrs. Chester Oppen of 320 Roger is ill today. She is a teacher at Klamath Union high school.

Ill—W. E. Beck of 320 Lewis is at home ill this week.

Insurance won't prevent an accident, but it will prevent a lot of grief. Han Norland Insurance, 123 N. 6th St.
