

USO Here Will Close March 15

On March 15, the big neon sign in front of the USO will be taken down, signifying the official closing of the local service center.

The closing ceremony will take place the evening of March 14, with awards being presented to volunteer workers by Mrs. S. Mason Ehrman of Portland, vice chairman of the Oregon State USO and regional director of volunteer service. Invitations are being sent to nearly 500 volunteers.

The two days following the closing ceremony, Donald Forbes, associate regional director of building services for the USO, and Mai, Henry H. Koerner, regional supervisor of the Salvation Army USO, will be in Klamath Falls to mark each piece of equipment in the clubroom for shipment to other service centers or disposal.

Hal A. Yetman, director of the USO, expects to have everything shipped out and all arrangements pertaining to closing completed by the end of March. He will remain in Klamath Falls until April. Yetman has had no notice of his transfer to another club, but expects to know soon. The only USO staff member who has received word of transfer is Margaret Watts, who will leave March 15 for San Francisco.

Girl Scouts Making Dolls For Hospital

A new project started recently by the 11 members of senior Girl Scout troop 12, will provide dolls for the children at the Doernbecher hospital in Portland.

The girls are making stocking dolls, furnishing both the materials and the ingenuity for the soft, colorful toys. They hope to have at least 20 of the dolls to send north in the near future.

They work on the dolls during their meetings once each two weeks, and in their spare time. Seven of the finished products are on display at the Girl Scout office, 412 Main.

Mrs. Robert Olson is the high school troop leader, and the meetings of the troop are held in her home, 530 N. 5th.

Lifelong Oregon Resident Passes

Mrs. Harriet Baird, a lifelong resident of Oregon and for the past 19 years making her home in Klamath Falls, died March 1 at Klamath Valley hospital following an illness of eight days.

Mrs. Baird moved here from Heppner, Ore., in 1927. She had spent her early years in Heppner. Mrs. Baird was a member of the First Christian church of this city.

She leaves to mourn her passing, four daughters, Mrs. Leola Wittenberg, Yamhill, Ore., Mrs. Raymond Steers, Mrs. Robert Steers, both of Klamath Falls, and Mrs. Ralph Aubrey of Cottage Grove, also one son, Wayne Baird of this city, 20 grandchildren and eight great-grandchildren. Mrs. Baird made her home at 3260 Anderson.

LEGAL NOTICES

SUMMONS
 Equity No. 1886
 IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR KLAMATH COUNTY
 GLADYS G. BISHOP, Plaintiff,
 vs.
 GEORGE OLIVER BISHOP, Defendant.
 To George Oliver Bishop, defendant: IN THE NAME OF THE STATE OF OREGON You are hereby required to appear and answer the complaint of Plaintiff, on file against you, in the above entitled Court and cause, within four weeks of the date of the first publication of this summons, and if you fail to answer or otherwise appear, for want thereof, the plaintiff will apply to the Court for the relief prayed for in her complaint, to-wit: A Decree of Divorce of and from you upon the grounds of desertion for a period of more than one year last past, and for the absolute care, custody and control of the minor child.
 This summons is served upon you by publication thereof in the Herald-News once a week for four successive weeks (five insertions) pursuant to Order of the Honorable David R. Vandenberg, Judge of the above entitled Court, made and entered on the 5th day of March, 1946. The first publication thereof to be made on the 7th day of March, 1946 and the last publication thereof to be made on the 4th day of April, 1946.
 D. E. VAN VACTOR,
 Attorney for Plaintiff
 207 Willis Building
 Klamath Falls, Oregon.
 M. 7-14-21-281A, 4-No. 310.

Weed Students End Strike On Sanitation Question

Some 50 Weed, Calif., high school students were back in their classrooms this week after a brief strike in which they sought cleaner sanitary facilities in the school and protested against "peep holes" which the girls alleged the boys had bored in the girls' shower room walls.

More Sugar For Canning

Housewives greeted with a whoop the announcement they might get a little more sugar for home canning this year than last when OPA advised spare stamp No. 9, will become valid Monday for five pounds of sugar. It will be good through October 31. OPA said it expects to validate another stamp in June or July, adding that value of the second stamp cannot be fixed now but was not likely to be good for any more than five pounds.

Most consumers will find spare stamp 9 in war ration book 4. Others, who have received their ration books only recently, including many returned servicemen, will find the stamp in a single-sheet sugar ration book issued them in place of book 4. OPA said no addition in the regular sugar ration—five pounds per person each four months—"can be foreseen at this time." The next regular stamp becomes valid May 1.

BSA Committees Will Meet Tonight

Three of the operating committees in the Boy Scout Modoc Area council will meet with their respective chairmen from 8 to 9 p. m. Thursday in the chamber of commerce. The men attending the meeting will represent the seven counties in this area.

The camping and activities committee will meet with its chairman, Charles Overbay of Bend, the advancement committee with Percy Murray, and the finance committee with Arnold Galapp of Klamath Falls.

Navy Recruiter To Visit Lakeview

"Lakeview youths are quick in seeing the advantage of joining the navy," Vernon Chittwood of the Klamath county U. S. navy recruiting office said in planning his quota of enlistments from that area.

Chittwood will be in Lakeview again on recruiting duty from noon March 12 to noon March 13, at the Lakeview hotel. He will be in Bly from 9 a. m. until 10 a. m. March 12 at the Bly hotel to talk with anyone interested in navy service.

Men 17 years of age must have birth certificates and parents' or legal guardians' signed consent. Men 18 to 30, inclusive, need only birth verification.

The students were reportedly promised consideration of a petition which they presented to Principal Harvey Ferris, in which they specifically demanded cleaner school facilities and more social activities.

According to information received here, about 40 girls and five boys came to school last week but refused to go to classes until certain improvements were promised at the school.

The petition is said to have asked for cleaner shower rooms and drinking fountains and consent to hold social activities such as parties and dances at the school. It was reported in the Siskiyou Daily News, Yreka, that girls at the Weed high were objecting to the fact that some of the boys had allegedly bored peep holes into the girls' shower room walls.

County Health Officer Dr. A. H. Newton of Yreka was called to Weed this week by school authorities to inspect sanitary facilities. His report has been submitted to the board of trustees. Siskiyou joint high school district, for consideration. About 245 students attend Weed high school.

(Q) Which side of the street or highway should be used by persons riding a bicycle?
 (A) The RIGHT SIDE. They are subject to the same traffic laws and regulations as a motorist when using the streets and highways.

DON'T SPARE THE STORK
 KANSAS CITY, March 7 (AP) Racing the stork is getting to be a habit with cab-driver Claud Gaddy, who just has made his fifth emergency run to a hospital with an expectant mother who barely arrived in time.
 The frantic cab driver left Mrs. Virginia Nell, Joplin, Mo., with hospital attendants just 14 minutes before she gave birth to a seven-pound daughter.

Hawkins Warns Against U.S. Property Destruction

Destruction of post office property which belongs to the U. S. government must be stopped, Eurt E. Hawkins, postmaster, warned today.

Children playing in the grounds and lobby of the Klamath Falls post office brought forth this statement from the postmaster. Without malicious intent, children are destructive, he said, as evidenced by broken shrubbery and chalked walls.

Hawkins said he realized that children who live in the neighborhood do not have many places to play but pointed out that this building is not a recreation center, and the government spends money on the upkeep which might as well be diverted to other channels if children are to be allowed to deface it.

He stated that a group of children broke shrubbery in the grounds last Sunday and stripped one tree entirely of buds and new growth, leaving only a few

scraggly stems. Last year a little red dogwood tree which had taken some care to get started, was broken off and killed by a child trying to climb on it.

An urgent request was made to parents to instruct their children not to tarry and play in the grounds or building on their way to or from school.

Why Jim... HOW FAST THE PAIN GOES!
 —That Cramping Stiffness Tool

YES, those knife-like torments and crippling muscular pains, which bring such misery, do seem to disappear faster and stay away much longer after a good rub with potent OINT-EASE. That must be why so many sufferers welcome the wonderful added help of its FOUR pleasant, comforting OINT-EASE on most every spot that hurts. Always use it in distress of Head and Chest Colds, Stomach, Neuritis and—its work cooling magic on Hot—Tired feet. NOTE: OINT-EASE is the same 40 years.  You will say it's incredible! A battery so small it barely covers the end of your thumb—yet so powerful it will amaze you! Come in and try it! FREE—no charge!

ACOUSTICON
 THE WORLD'S FIRST AND OLDEST MANUFACTURER OF ELECTRICAL HEARING AIDS

You aren't getting machinery, Mr. Farmer, because...

PICKET LINES

have taken the place of

PRODUCTION LINES!

...so don't blame your Implement Dealer!

Your implement dealer had planned and expected to have his display floor filled with new implements and tractors weeks ago. And we had planned to make them—had told our dealers and our farmer customers they would have new equipment and plenty of service parts for the 1946 spring work. And we had hoped to sell these machines at no advance in price.

Real Production Had Started

When the war ended, our organization bent every effort to increase production, with the result that in the last months of 1945 machinery was being built in very substantial quantities. Here are a few figures:

ITEM	NOV. 1945	DEC. 1945
Tractors.....	7,271	7,432
Combines.....	2,345	2,526
Cultivators.....	3,482	3,308
Hay Loaders.....	209	982
Plows.....	6,185	6,702*

*Plows are made in our Canton and Chattanooga Works, which are not on strike. January production was 7,747 plows.

Both your dealer and we were encouraged by this production picture at the turn of the year. But the strike changed all that. As you know, the CIO United Farm Equipment & Metal Workers of America called a strike in ten of our plants, on January 21, 1946.

What Is The Strike About?

Wages are a basic issue. At the time of the strike, Harvester employees were among the highest paid workers in American industry. When the strike began, the average hourly

earnings in the ten plants, not including overtime, were \$1.15½. If present wage proposals are adopted, this figure will become \$1.33½ per hour.

When the strike began, negotiations were broken off by the Union on the issue of compulsory union membership. The Company has no desire to weaken the Union. It recognizes certain reasonable needs of the Union. But the Company does oppose compulsory unionism. It feels strongly that an employee's membership should be a matter of his own choice.

Material Costs and Price Relief

Wages and materials are the great costs of operating our business—together they consume all but a few cents of every dollar the Company takes in. Wages are obviously going to be high—and nobody knows just how high material costs will go.

In the face of rising costs of materials, the Company does not see how it can pay the wage increases recommended by a Government fact finding board until it has definite and satisfactory assurance from the Government that reasonable price relief will be granted to the Company within a reasonable period of time. This matter is of such importance that it will not be discussed here, but will be covered by future advertisements devoted to both prices and profits.

Speaking for our dealers and ourselves, we can assure you that no customer is more eager than we are to resume production. We are doing and shall continue to do everything in our power to bring about a fair settlement as soon as possible.
