The responsible dairymen who are left are not merely interested in getting a higher price for their product; they are gravely concerned about the declining state of the local industry.

Advertising Roundup

HAVE you ever planned a major improvement for so long, and looked forward to it for so long, that when it's actually accomplished it seems very matter-of-course? That phenomenon has caused many an advertising program to die a-borning.

ADDISON

Last week, March 1 to be exact, this program moved ahead again when an auto delivery route was started down the valley. This route is the baby of Bryce Hammond, experienced circulation man, and like any baby, it will require a lot of expert hand care—but it is underway.

To get this route out on time the paper will have to go to press at 3:00 o'clock. This calls for printers and newsroom starting at 7:00 in the morning, for earlier handling of ads, and for generally better coordination in the 'production line.'

Bryce will deliver papers along the highway from Klamath Falls to Malin and will deliver bundles to dealers and carriers in Merrill, Malin and Tulelake. Everyone who is located to get the paper this way should have it by 5:30 or earlier.

Speeding up to this earlier deadline will, of course, benefit all others who get the paper by carrier. . . . ma should get a look at it before pa gets home. Advertisers and subscribers on the new route will benefit alike, in that ads can be read while they're still new.

All of which should call for a big hip-hurrah announcement. . . . except that practically all of the working details still have to be ironed out (we're just hopeful and striving) and, on top of that, we're afraid of selling any more subscriptions because the newsprint shortage is still with us!

THE departments of this paper always have carried on friendly feuds, and fuel has been added to this fire during the paper shortage. The ad department, naturally, would like to have all the paper it could use for advertising.

Circulation and advertising generally have seen eye to eye, because they know what it takes to make the mare go. But what really put the bite in newsprint supplies was a 50% increase in subscriptions since 1941. Now, the new delivery in the Southend likely will increase circulation there!

WHAT really makes the ad department tear its remaining hair is action such as last week when a bit of the precious space allotted to the society page was used to heckle our favorite theatre advertiser, by accusing, so to speak, the Pelican of coming to a fancy concert with a dirty shirt (floor). The little pill was bitter, as the theatres always have kicked their own business around to satisfy the concert group.

After hearing reports that many of the town's elite have suffered from that well-known malady, we've waited with baited breath to hear that the term 'copcoitis' has been changed to 'concertitis.'

On friendly feuds. . . . we've wondered what would develop with the radio department. We hear it referred to within the walls here as 'the beauty parlor' (because of the fancy decoration) and the 'department of weird noises' (for obvious reasons).

However, a sobering and friendly thought is that the radio uses no newsprint!
