City Dads Pass Three Measures

The third and final reading of ordinances which will place three measures on the ballot at the special city election to be held in conjunction with the primary election May 17, was passed at the regular session of the city council last night.

The council also passed a resolution notifying the state that the city of Klamath Falls was excluding itself for the time being from participating in the public employes retirement act but this measure will appear on the May 17 ballot and if approved at that time the city will then petition the state for participation starting July 1, 1946.

In 1945, the state legislature passed a law known as the public employes retirement act to go into effect July 1, 1946. All employes and municipalities with civil service and employes under the same, will begin to make contributions based on the percentage of salaries and unless a city notifies the state they do not wish to come under the act prior to May 1, 1946, they automatically will be incorporated in this plan.

Excluded

Due to the fact that funds are not available to participate in this act for the time being, the city passed the resolution last night notifying the state Klamath Falls was excluding itself.

On May 17, at the primary election, a measure will be placed on the ballot to raise not to exceed one and one-quarter mills which will make funds available for the employes in the city to participate in the act.

Public employes in the city of Klamath Falls who will come under this act include police officers, firemen, street employes and any other city employe actively engaged in city work to the extent of 600 hours per year. Elective officials can petition the state for the privilege but they do not come under the act automatically, it was pointed out.

Two Measures

The retirement act is one of the measures to be presented and the other two are as follows:

1. "Shall the city of Klamath Falls pave portions of streets adjacent to city owned parks within the city, levy a tax of one-quarter mill upon every dollar of taxable property for the tax year of 1946-47 and for that year only, for the purpose of paying for said pavement, create a special fund entitled 'park pavement fund,' in which money derived from said levy shall be placed; and amend the city charter to meet the levy authorized."

2. "Shall the city of Klamath Falls construct street improvements in front of city owned lots in cooperation with adjacent property owners to improve such street; levy a tax of one-half mill upon every dollar of taxable property for the year 1946-47 for the purpose of creating a revolving fund entitled 'lot revolving fund' into which all money collected under said levy shall be placed; from which payment for improvements for lots shall be made, which payment shall be replaced upon sale of such lot from money received and amend the city charter to meet the levy authorized."

City Police Hold 25 Bikes

Are you missing a bike?

There are 25 impounded bicycles at the city police station and officers would very much like to get the machines back to their rightful owners.

The city council discussed somewhat last night offering those machines which have been at the station for a long time, at a public sale. City Attorney Henry Perkins wasn't sure about this procedure and plans to look into it. In the meantime, the bikes are piling up and owners are asked to identify their bicycles and take them home.

Klamath Firms Pay Overcharge Fines

Settlements for overcharges by several Oregon firms, including two in Klamath Falls, were announced today by the district office of OPA in Portland.

Rose Motor company paid a $33.07 fine for overcharge on a used car, and Palace Market paid a $25 fine for overcharge on meat.

DISTRIBUTOR WANTED—

. . . To Handle the Most Sensational, Proven Article that has Entered the Automotive Field Since its Beginning.

Can you establish dealers on an article that will save seventy cents out of every dollar on the operating cost of any Automobile, Truck or Tractor? Prove to our factory representative who will be in your city next week that you are the right man and we will prove that we have it.

We expect our distributor to service and supply his own dealers making it necessary to carry a two thousand dollar stock. Write Box 2400 care This Newspaper.

In The Day's News

(Continued from Page One)

over a terrible four months until the next harvest comes in."

That is to say, we are actually asked to SACRIFICE something willingly in order that millions may LIVE instead of STARVING!

In an era dominated by "I want mine FIRST, and to hell with the other fellow" thinking, that appeal tinkles strangely in the ears.

Conservation Program Urged By Unionists

PORTLAND, Ore., March 12 (AP)—A proposal that the federal government finance a program to assure forest conservation work by smaller lumber operators which would also ease the lumber shortage was made here by the CIO International Woodworkers of America.

The union's research director declared a three-point plan advanced by the union in an announcement over the weekend is based on changes in the northwest's industry the past quarter century from large scale operations to small units.

Ellery Foster said the small operations now characterizing the lumber industry are "too poor" to finance the program.

He urged:

1. The government provide technical aid to lumbermen similar to that the department of agriculture gives farmers, pay for forest conservation as it pays farmers for soil conservation.

2. Police powers to the national forest service to enforce regulations to prevent destructive logging.

3. Stimulation of wood utilization plants and others to use wood waste in making substitutes for ordinary lumber.

Foster said the first of the points would require the government to give more assistance in logging, production, marketing, improving forest fire protection, construction of permanent system of logging roads and replanting of cutover lands at public expense.

Car Reported Stolen Here

John Miller of Richreall, near Salem, reported to city police yesterday that his green 1934 Chevrolet coupe was stolen from 6th near Main sometime since he parked it there Sunday evening. Miller is visiting in Klamath Falls and staying at the Willard hotel.

He told the police that no key was needed to start his car and there were only about four gallons of gas in the tank.

John Williams, 619 Pine, posted $50 bail with city police on a charge of reckless driving. He was arrested last night at 6th and Spring. Vernetta Walker, Chiloquin, posted $50 bail on charges of drunk and disorderly and possession of intoxicating liquor.

William Johnson, Klamath Falls, was fined $8 in municipal court today for violation of the basic rule, and Sybil Hyde, Klamath Falls, was fined $5 for failure to procure an operator's license.

Several minor accidents were reported to police last night but there were no injuries and only slight damage to cars involved.

Car Dealers Sued By OPA

PORTLAND, March 12 (AP)—OPA suits on file today against three used car dealers here charging violation of ceiling prices asked a circuit court to invalidate the business licenses of the dealers.

OPA Auto Enforcement Attorney Charles Kaufman said the action was one of 20 such suits planned to protect legitimate dealers as well as the public.

Kaufman said the defendants had perpetrated various price evasions, accepting "side payments," requiring trade-ins before selling and writing false certificates of transfer.

He reported one veteran had paid $1800 for a $1400 car he needed in his business and another paid $750 above ceiling.

Former KF Resident Passes In Eugene

William O. Hill, 35, former Weyerhaeuser Timber company engineer, died at Eugene, March 8, and final rites will be conducted here by Ward's. Hill moved several years ago to Lafayette. He was recently employed by the Lorane Lumber company at Cottage Grove.

Hill was born June 9, 1910, at Calgary, Alberta, Canada, and married Mary Morgan at Klamath Falls in 1937. The family had completed arrangements to return here to live at the time of Hill's death.

The average amount of electricity in a lightning flash is far less than the amount that can be charged into a storage battery.

Air Forces Made Into 3 Commands

WASHINGTON, March 12 (AP) The army air forces were streamlined today into three major combat commands by Gen. Carl Spaatz, who declared the atomic bomb made it "almost" certain any future war would begin with air action.

The new chief of the nation's air army announced the following combat groupings for the postwar setup:

The strategic air command, composed of long range striking forces, the air defense command, responsible for the aerial protection of the continental United States, and the tactical air command, which will cooperate with surface forces.

These will be supplemented by five supporting commands, and by air national guard and air reserve forces. A revised "air university" system of schooling already has been put into effect.

Pauley May Accept Deal

WASHINGTON, March 12 (AP) A new arrangement whereby Edwin W. Pauley would ask withdrawal of his nomination as undersecretary of the navy was reported in the making today.

A republican member of the senate naval committee, who declined use of his name, said the deal was proposed at a two-hour conference of Pauley, Democratic National Chairman Robert E. Hannegan and two members of the committee.

Republican committee members, he said, will meet later with Senator Tobey (R-N.H.), leading opponent of the Pauley nomination, to decide whether the terms of the arrangement met their approval.

This development, presaging a windup of the six-weeks-long controversy, came as a scheduled meeting of the naval committee on the nomination was called off. It had been set for 2:30 p. m., EST.

AAA Committeemen Talk Production

Community committeemen for AAA met this morning in the county agent's office with C. W. Smith, assistant county agent leader of Corvallis.

The group went over production goals for 1946 and considered soil conservation practices that will be recommended for Klamath county.

LOS ANGELES, March 12 (AP) Deputy Sheriff C. L. (Hard Way) Brownlee has dug up some more evidence.

He has investigated a complaint a toy balloon had exploded in a purchasers face. Brownlee examined a similar balloon. It blew up in Brownlee's face.

A week ago he was investigating a dog bite case. The same dog bit Brownlee.

STATE OF OREGON, County of Klamath, ss.

I, Chas. F. DeLap, County Clerk in and for the County and State aforesaid, do hereby certify that the foregoing is a full, true and correct statement of all claims allowed by the County Court of said Klamath County, Oregon, and Warrants issued on the various Funds of the County, Oregon, and Warrants issued on the various Funds of the County, in payment of said Claims during the month of February, 1946.

Said publication is pursuant to CHAPTER 388 Oregon Statutes of 1945.

In Witness Whereof I have hereunto set my hand and affixed the seal of said County this 6th day of March, 1946.

(SEAL) CHAS. F. DeLAP, County Clerk, Klamath County, Oregon.
