

Longshoremen Offered Raise

SAN FRANCISCO, March 13 (AP)—CIO longshoremen, who have voted to strike if their demand for a 35-cent-an-hour wage increase is not met by April 1, today had before them an offer of an 18-cent increase.

The proposal was announced by the Waterfront Employers Association of the Pacific Coast, which is negotiating here with the International Longshoremen's and Warehousemen's union.

The raise would make the longshoremen's pay \$1.33 an hour. The union has demanded \$1.50.

Death Claims Hitler Disciple

NUERNBERG, March 13 (AP)—Field Marshal Werner von Blomberg, minister of war in the first Hitler cabinet, died of heart failure today at the 116th General hospital where he was waiting to be summoned as a witness in the Nuernberg trials.

Von Blomberg, 67, a member of an aristocratic Pommeranian family, started one of the major sensations of Nazi Germany when on January 12, 1938 he defied social conventions of the German military and took as his second wife a stenographer, Erika Grunh.

As a result of the storm which developed among his fellow officers, Von Blomberg handed his resignation as minister of war and generalissimo of Germany's land, sea and air forces to Hitler, who assumed control of the armed forces himself.

Theatre Sued For Accident

An equity suit filed today with the circuit court clerk names the Northwestern Theatre's company as defendant for \$15,000 sought by Clark C. Akin for injuries allegedly sustained when he slipped and fell in the foyer of the Esquire theatre.

Akin says that he fell and broke his right arm below the elbow on February 2 and that the fall was due to snow and slush covering the corrugated rubber carpet leading from the theatre ticket office into the main door.

He asserts that the theatre management was negligent in allowing the foyer and runway to become slippery, making it unsafe for theatre-goers.

The injuries received are permanent, the suit continues, and Akin has been unable to work since. He says that at the time of the accident he was earning \$1.50 an hour as a caterpillar driver. U. S. Ballentine is Akin's attorney.

Recreation Center Fund To Be Raised

Members of the city recreation committee at a meeting yesterday voted to recommend the establishment of a reserve fund, to be used for construction of a recreation center.

The action was taken on the advice of Mayor Ed Ostendorf and City Attorney Henry Perkins, who said that under the law money cannot be held over from year to year unless specifically budgeted for sinking fund purposes.

The recreation fund includes about \$17,000 in hold-over money which will be put into the reserve fund if the council acts in accordance with the committee's wishes.

Fight Breaks Out In Mukden

CHUNGKING, March 13 (AP)—The Chinese Central news agency reported tonight from Mukden that a "ferocious" fight developed in the southern suburbs of Mukden when unidentified forces attacked two points manned by government troops and police.

The dispatch said the clash started at 1:30 a. m. and lasted for three hours. The attackers were repulsed.

The government is sending troops into the Manchurian metropolis as the Russians move out and communist forces reported within one to three miles of the city. Earlier reports of street clashes inside Mukden were not substantiated.

Russia has not yet informed China when the withdrawal of Soviet forces from Manchuria will be completed, Vice Minister of Foreign Affairs Liu Chieh said today.

He told a press conference the Chinese government had received no information that the Soviet evacuation of Mukden denoted the start of a general withdrawal from Manchuria.

WHEAT

CHICAGO, March 13 (AP)—Sustained support from interests with short commitments held grain futures prices higher, most of the time today, although they reacted fairly broadly at one time to weakness in securities and cotton.

Some buying by local and increased demand by commission houses for new crop wheat boosted the September and October contracts as much as a cent a bushel or more at times, while oats and May rye which slid off around midday, finished the day with gains. Higher market stop loss selling was absorbed.

Wheat futures unchanged to 1/16 higher than yesterday's close. May \$1.23 1/2; ceiling, corn unchanged at \$1.21 1/2; ceiling, soybeans up 1/16 to \$12.00; ceiling, rye unchanged to 1/16 higher. May \$2.16 1/2; barley unchanged to 1/16 higher. May \$1.20 1/2; ceiling.

Canned Milk Supply Drops

Mothers of bottle-fed infants and young children to whom the milk supply is a precious item of diet, were taking no chances today that bottled milk would reach their back porches after Saturday.

Canned milk was being taken up rapidly throughout the city and although supplies have not been limited the buying has been brisk and from three cans to a case were going over the counters at a fast pace.

One large retail grocer said his supply was "almost out," another reported a few cases on hand but that he had no intention of rationing the stuff, first come, first served.

A wholesale operator said his supply was almost exhausted but a shipment of 800 cases was ready to be unloaded. This amount would not go far if the bottled milk supply was entirely cut off, he observed, with thousands of infants on the bottle and equally as many school children who consume upwards to a quart of milk per day. Canned milk is an allotment supply to dealers just as it was in war years. There is a dearth of can material as well as milk, one wholesaler opined.

Large Crowd Views KFJJ

A large crowd was on hand last night at KFJJ to view the newly-remodeled radio station when its staff held open house.

The visitors watched local programs being broadcast from 7:15 to 9 p. m. and were conducted through the building to see the station's new equipment and the inner workings of broadcasting.

Guest speakers over the air were Representative Rose M. Poole, Senator Marshall Cornett, Mayor Ed Ostendorf, Rev. Howard Hutchins of the First Christian church, Circuit Judge David R. Vandenberg, and Charles Stark, manager of the Klamath County chamber of commerce.

Baldy Evans' orchestra furnished music for dancing in the Willard hotel banquet room where a buffet supper was served later in the evening.

Building Burns In Pendleton

PENDLETON, March 13 (AP)—Fire of unknown origin gutted a business building in downtown Pendleton Tuesday, causing heavy loss to several businesses and damage to the structure variously estimated at from \$15,000 to \$25,000. Additional damage to contents will be considerable but no estimates were possible until insurance adjusters make their report.

The building, erected in 1886, was owned by Mrs. W. E. Brock and Gladys Taylor. Businesses suffering losses were Boone Beauty shop, Dale Phillips barber shop, Taylor Hardware company, the Salvation Army office, J. B. Perry attorney office and Dr. F. Y. Lew Chinese Herb company. Firewalls protected adjacent buildings but some damage resulted.

Army Volunteer Force 600,017

WASHINGTON, March 13 (AP)—The army reported today it has raised in five months a volunteer force of 600,017—largest of its kind in the nation's history.

This force is the nucleus of a projected peacetime regular army of 1,500,000—a goal set for July 1.

November was the peak month for enlistments with 183,000 men volunteering. Since, monthly totals have declined gradually, to 93,874 in February.

Maj. Gen. Edward F. Witsell, adjutant general, described the enlistment record as "unparalleled" and "one of which the American people can well be proud."
