

New Mediation Plan Offered

WASHINGTON, March 14 (AP) — Sen. Morris (R-Ore.) said today he believed a mediation service outside the labor department would give both sides in a labor dispute more confidence.

Such a plan is contained in a bill drawn by a drafting committee to be presented to the full labor committee, of which Morris is a member, today. The bill is a substitute for the house Case bill.

Morris said he led the fight for the separate mediation service and that it won by only one vote.

"I based my motion," Morris told a reporter, "on the argument that both labor and industry, particularly industry, will have greater confidence in mediation if it is independent of control by the secretary of labor. I feel the secretary of labor would be in better position to appear before an impartial board as sponsor of labor or on any issue if he has freedom of action."

"The board's position as an impartial body would be destroyed if it is under the control of the secretary. Setting up an impartial board does not impair the secretary's authority."

Luncheon To Launch Membership Drive

A luncheon scheduled for Friday noon in the Pelican party room will be the springboard launching of the Klamath County chamber of commerce 1946 membership drive.

The campaign for new members has been divided into two teams, "Farmers" and "City Slickers" but members may work on their own without being on either team and several enticing awards are being offered to those signing the greatest number of new members.

Quota is 600 new members and the deadline for signing this number is April 10—making less than a month to accomplish the job.

A tentative victory luncheon will conclude the campaign according to present plans.

Muslin is named after the city of Mosul, where it first was made.

Churchill Silent On Stalin Blast

NEW YORK, March 14 (AP)—Winston Churchill remained silent today on accusations leveled against him by Generalissimo Stalin as he whipped into shape a 30-minute speech he will deliver tomorrow night at an official New York city dinner.

The Mutual Broadcasting system said the former British prime minister would discuss "latest developments" in connection with his recent Fulton, Mo., address. He is scheduled to start speaking at 7:30 p. m., PST.

Stalin charged Churchill yesterday with working for a "war with the USSR" and with telling "lies" in his Missouri talk.

WHEAT

CHICAGO, March 14 (AP)—Oats and May wheat were under moderate pressure most of the time today, but all wheat futures were back at ceiling prices in a light trade.

Gains of 1/4 to 3/4 of a cent a bushel shortly after the start of trading but September and December wheat back at the maximum quotations along with May and July. The reinstatement of the top allowable figures completed the recovery of around 2 cents a bushel which the grain lost in a general sell-off a week ago.

Wheat unchanged to 1/4 higher than yesterday's finish, all deliveries at \$1.21 1/2; ceiling bid; oats 1/4 down to 1 1/2; May 83c ceiling; rye unchanged to 1/4 lower. May \$2.15 1/4; barley unchanged, May \$1.28 1/2; ceiling bid.

OPA Blasted For Suit Lack

WASHINGTON, March 14 (AP) — A congressional committee today again heard OPA blamed for the shortage of men's suits, and one retailer declared "everything OPA touches dies."

Arthur Besse, president of the National Association of Wool Manufacturers, asserted the principal reason for the suit shortage is the maximum average price program of OPA. He proposed drastic revision of OPA policies.

He and Wade G. McCargo, Richmond, Va., department store operator, appeared before the house banking committee, which is considering legislation to extend price control laws, McCargo said.

"Everything OPA touches dies. Everything they take hold of disappears from the legitimate market and reappears in the black market."

"From the cradle to the grave OPA is denying goods for our customers. We are out of diapers. Last week a customer wanted a white shirt to bury his father in, but we didn't have it."

Gee Whiz, Ain't People Ignorant!

WINTER PARK, Fla., March 14 (AP)—Because of lack of education, three-fourths of all the world's people "would not be able to read the Atlantic charter or any other charter even if you put it in their own language," says Supreme Court Justice William O. Douglas.

He made the statement to reporters in declaring that to preserve peace in the atomic age, the present United Nations charter should be amended so that the nations of the world would be welded into a world federation "with powers to act as a whole rather than as individual sovereign states."

But to assure the success of such a world organization, he said, "one of the most important programs would be the education of the people" in the meaning and objectives of the federation.

Plywood Plant Remains Closed

SPRINGFIELD, Ore., March 14 (AP) — The Springfield Plywood corporation plant was still closed today—because the CIO had not removed picket lines and AFL workers continued to refuse to break through the lines.

A meeting called by the AFL yesterday afternoon brought 23 former CIO workers into the AFL, but failed to break up the strike. Another meeting was scheduled this afternoon.

The CIO picket line was placed around the wartime strikebound plant because of a recent NLRB election that gave the AFL group the bargaining right for all employees.

USO Program Set Tonight

The USO will end 17 months' service in Klamath Falls with a special closing ceremony tonight.

Present for the program will be Maj. Henry O'Kerner, regional supervisor of the Salvation Army; Maj. Henry Koerner, regional supervisor of the National Catholic Community service, and Bernice O'Denny, director of the USO in Medford. Master of ceremonies will be Clarence Humble, chairman of the USO operating committee.

Special service awards will be given to volunteer workers in recognition of their efforts. All volunteers including the junior and senior hostesses will be present.
