

# AAA Sign-Up Scheduled

Klamath county farmers are to be notified by individual letter of dates for each community sign-up of individual AAA farm plans. Any farmer, whether owner, tenant or share cropper, may participate in the 1946 conservation program if he signs one of these AAA farm plans previous to May 1, 1946.

This sign-up is entirely voluntary and those who sign the farm plans become members of the Klamath county agricultural conservation association, agree to follow conservation methods of farming and participate in the payments provided for carrying out certain farm practices which have been performed during the program year and are recorded in reports at the close of the year. These payments represent the national interest for the conservation of our soil and water resources.

Farmers from each community are asked to come in to the county AAA office on the dates announced Saturday, for their respective communities. County and community committees will be on hand to assist in making out the farm plans on these dates.

New York enacted price-fixing laws in 1780.

- (Q) Are there any rules or laws against driving too slow?
- (A) It is unlawful for any person to unnecessarily drive at such a slow speed as to impede or block any reasonable movement of traffic.

## Hooch Supply Will Not Drop

PORTLAND, Ore., March 18 (AP)—Oregon's 1946 liquor supply should not drop materially because of limitations of grain for beverage alcohol production, state liquor commission administrator T. R. Conway reported today.

Conway said the state would have more blends than straight whiskeys, but noted the ratio that gives Oregonians three times as much straight stock as the national average. He said in addition, the state would have a chance at 1000 cases of Scotch and 1000 cases of bourbons and ryes each month.

## Sheriff Slayer Gets Life Term

PORTLAND, March 18 (AP)—Circuit Judge Frank J. Lonergan today sentenced Lawrence R. Oglevie, 30, convicted of first degree murder in the slaying of Deputy Sheriff Al Bowe last fall, to a life term in the state penitentiary.

John E. Drew, 25, Oglevie's companion in the shooting after a tavern holdup, drew a similar sentence last month for second degree murder.

Oglevie's sentence was mandatory on the jury's verdict.

## Lumber Output To Be Pushed

WASHINGTON, March 18 (AP) OPA Administrator Paul Porter said today that emergency action will be taken this week to stimulate production of western pine lumber.

His statement was made at a meeting of western congressmen with needs of government reconstruction agencies to discuss price ceilings.

Prior to his announcement, H. C. McQuarters, secretary of the Western Pine association, testified that lumber costs have so cut profits of the industry that production is dwindling rapidly.

John B. Small, chief of the civilian production administration, stated the minimum lumber need this year for the country is around 36 billion board feet. He said that "with the best of breaks" production cannot be expected to top 32 billion.

"It is the purpose of OPA," Porter said, "to take emergency interim action this week on all these critical lumber items."

## Death Claims Civic Leader

PORTLAND, March 18 (AP)—Sterling William Smith, 49, assistant manager of the Cascade Plywood Corp., Lebanon, and prominent in Linn county civic affairs, died here yesterday at the Lincoln Memorial hospital.

Prior to his affiliation with the Cascade plant he was employed by the Long-Bell operation at Weed, Calif. He was a member of the American Legion, held a commission as a major in the army reserve and was a member of Wheeler Masonic lodge, the Lions club of Lebanon and Phi Delta Theta fraternity. He graduated from Oregon State college.

He will be buried here Tuesday in Lincoln Memorial park mausoleum. His widow, a son and a daughter survive.

## Wild Plums Net Profits

LAKEVIEW, March 18—The propagation of wild plums in Lake county, while still on a small scale, can become a major industry, according to A. E. Rugg, Lakeview businessman and fruit grower, who was the main speaker on the Rotary program Wednesday.

With the rapid cutting of privately owned timber, Lake county must turn to remanufacturing, improved livestock and seed crops, and diversified farming, Rugg said. Citing his own experience with wild plums, he stated that last year his plum orchard of less than two acres brought a gross of approximately \$1200. With a cost of \$295.13, besides his own labor, his orchard netted him \$433 an acre. The first crop paid for the land, cost of trees, setting out and cost of marketing—everything, in fact, besides his own labor. He is satisfied that he could do equally as well on 1000 acres of wild plums.

The kangaroo, when standing erect, occasionally reaches a height of eight feet.

## Volunteers Rewarded For Service

Four senior hostesses received recognition for over 500 hours' service at the USO at the club's closing ceremony Thursday night. Margaret Mealey, regional director of the National Catholic Community service, women's division, is presenting the gold pins to, left to right, Mrs. John Schubert, Mrs. S. R. Redkey, Mrs. Neva Hays and Mrs. William E. Beck. Mrs. Henry H. Koerner, right, regional head of the Salvation Army USO, presented national certificates to the volunteers.

## Lads And Colleens Gather In Honor Of St. Pat's Day

"And where might you be going, me lad?" "I'm going to Con O'Keefe's in America!"

It was the Irish that got together Saturday night and Sunday to celebrate St. Patrick's Day, the lads and colleens that left Ireland to go to the O'Keefes, the O'Connors, the O'Reilys and the Fitzgeralds.

America to them was not Oregon or New York, Maine or Texas—but the new homes of their fellow Irishmen who had come to America where they have managed to keep as green as the shamrock the memory of the Emerald Isle.

Dancing and toasting, stories and songs of old Erin made the rafters ring in more than one

## Mill Begins Production

SUSANVILLE, Calif., March 18—The large sawmill operation of the Fruit Growers Supply company in Susanville went into production March 4 with three of the plant's four headrigs sawing and the fourth ready to start when weather permits a resumption of logging.

The company has enough logs on hand for about six weeks' milling. About four cars of 12-inch box lumber has been received from the company's plant at Westwood each day, the material needed because of the increased output of the box factory and planing mill in the past three years.

Operation of the plant is almost assured on a 48-hour week basis as soon as the logging camp is started. At present the mill is operating five eight-hour days a week.

## Woman Rescued From Bleak Isle

LOS ANGELES, March 18 (AP) Physically and mentally exhausted, Mrs. Bernice Brown of Van Nuys, Calif., was rescued by the U. S. coast guard yesterday from a bleak, uninhabited Anacapa island, where she was marooned for 14 days after the wreck of a 50-foot fishing boat.

Her husband, 42-year-old Roy Brown, and their friend, John Barta, 38, who sailed with them out of Santa Monica harbor the night of March 2 on a pleasure trip, are believed to have been drowned in the mountainous waves that sank their boat, the Nancy Lee.

Mrs. Brown, 43, managed to survive by hanging for hours to a floating gasoline drum.

## Officers Probe School Robbery

MOLALLA, Ore., March 18 (AP) Clues to a \$25,000 bond and cash robbery at Molalla Union high school were sought today by the Clackamas county sheriff's office. The loss, principally in E. F. and G series bonds, was discovered yesterday by Principal M.C. Deller. The door of a steel vault had been forced open, records scattered and the bonds gone. About \$400 belonging to student funds was included in the loot.

The United States consumes annually 60 per cent of the oil produced in the world.

## Weather

NORTHERN CALIFORNIA — Partly cloudy today, tonight and Tuesday with light rains or snow flurries near Oregon border today. Colder tonight and southern interior today. Moderate to occasionally fresh northerly winds off coast.

WASHINGTON AND OREGON FORECASTS — Cloudy today with snow flurries in mountains and few light showers west of Cascades. Partly cloudy tonight and Tuesday. Colder tonight. Moderate westerly winds (becoming northerly westerly off Oregon coast).

## Police Nab 11 Violators

Traffic arrests occupied the bulk of general police business over the weekend, although numerous minor accidents were reported.

Jose Soto, 1928 Wantland, was arrested shortly after midnight today and posted \$20 for a violation of the basic rule on S. 6th and for having no operator's license.

Frank P. Zissos, Valley hotel, was cited to appear in police court today for a basic rule violation on S. 6th last night. Robert Lewis Pryer, 2809 Shasta way, posted \$5 for running a red light at 6th and Klamath.

Donald J. Rose, 2235 Alameda, put up \$5 bail for allowing four persons to ride in the front seat of his car, and Stanley M. Larson, Prospect, Ore., posted \$5 for running a stop sign at 10th and Pine.

Robert L. Lawe, 317 Pine, posted \$5 bail for running a red light at 9th and Pine.

James W. Withrow, 227 Jefferson, put up \$10 bail for an appearance in court for running a stop sign at 10th and Pine and for having inadequate brakes on his car. Rex V. Legg, 4853 Hilyard, posted \$10 for a violation of the basic rule on Spring and for having no operator's license.

Donald M. Schooler, Bonanza, put up \$5 for running a red light at 6th and Klamath and William H. Marchant, Bonanza, posted \$5 for a like offense at the same corner.

Robert A. Vanderdoel, 3218 Summers lane, put up \$5 bail for running a red light at 6th and Klamath.

Five drunks and one vagrant appeared in court this morning and four drunks bailed out of jail over the weekend.

## Night Watchman Reported Improved

Eli South, 43, Kalpine Plywood plant night watchman, was reported improved at Klamath Valley hospital today where he is being treated for injuries received late Friday night near the mill on highway 97.

Three others injured in the accident were also improved. PFC Charles E. Sanders, 18, USMC, was dismissed from the hospital Saturday, and M/Sgt. Bob Curran, 27, Beaver, Wash., and T/4 Donald A. Cox, 20, Seattle, were to be dismissed some time today.

## Wage Earners Greet Income Tax Auditor

A line-up of wage earners were on hand at the county judge's office in the courthouse to greet state income tax auditor J. R. McCulloch, who started work this morning assisting Klamath county taxpayers file their state returns for 1945.

The auditor will be in the courthouse for two weeks, holding office hours from 8:30 a. m. until 5 p. m. during the week and from 8:30 a. m. until noon on Saturdays.

## 5 Guns Reported Stolen From Home

Lester Thompson of Chelsea addition, north of town, has reported to the sheriff's office that his residence was entered sometime last week and five guns taken. The weapons included a shotgun and three rifles.

He said that he had been absent for a week and discovered the weapons were missing when he returned home Saturday.

## CONFAB CLOSES

SAVANNAH, Ga., March 18 (AP) — The international monetary conference closed today as Chairman Fred M. Vinson pronounced its task of launching a world bank and world monetary fund performed with unqualified success.

## Valley Flood Control Urged

WASHINGTON, March 18 (AP) Flood threat in the Willamette valley of Oregon is "one of the most serious flood emergencies in the entire United States," says Senator Morse (R-Ore.).

He recommended an appropriation of \$280,000 for flood control work to protect Eugene, Ore.

He said that last December the Willamette flood did a minimum of \$6,000,000 damage and more than 2,000,000 tons of rich soil used for truck gardens was washed away.

The senator asserted one reason floods are so disastrous in the Willamette valley is because thousands of acres of great timberlands were cut for war purposes, permitting fast run-off of rain and snow.

Morse said floods in Amazon creek, which flows through Salem, are damaging city business property.

Morse previously asked congress for funds for dams and channel works along the Willamette.

## Cruiser Will Miss Festival

PORTLAND, March 18 (AP) — The navy will be unable to send the new cruiser USS Oregon City to Portland for the 1946 Rose Festival, but other fleet units may be here, Senator Morse reported to festival officials today.

Morse said Secretary of Navy Forrestal had advised him the USS Oregon City was on a "shake down" cruise in Atlantic waters and as a unit of the Atlantic fleet reserve could not be transferred to the Pacific for the event.

Forrestal reported Pacific fleet units will be sent here if the movement does not conflict with naval operations.
