## Steinbock To Check Planes

Anton John Steinbock, 1724 Ivory, owner of the Klamath Aircraft service at Worden, has been appointed as aircraft maintenance inspector by the civil aeronautics board at Washington, D. C.

Planes must be licensed every year like cars and they have to be inspected for mechanical imperfections before the "air worthiness certificate" is issued. Formerly this work was done by a government inspector who visited flying fields for this purpose.

Now one inspector is appointed for each territory, having one or more flying fields. Steinbock's territory covers all of the Klamath basin. Three years' experience is necessary to qualify for inspector. Steinbock has been in plane repair business here for the past two years. He came here from Yakima, Wash.

The Worden field is privately owned and there are 30 private civilian planes in this immediate vicinity.

## Lake O' Woods Road 'Driveable'

Lake o' the Woods summer home owners won't get into the lake any earlier and probably no later than in past seasons, in the opinion of Jack Dutcher, one of the resort operators, who made a trip last weekend into the area.

Dutcher accompanied John Sarginson, Rogue River forest district ranger; Andy Pierce, assistant district ranger, and William Bates, forester, on a trip made primarily to check timber and road conditions. They drove without chains about two miles past the Ray Huff ranch and about six miles from the lake. The road was "driveable" that far, they reported, but added that the state operated section was in about the worst condition any of the men had seen it. Snow is normal, Dutcher said, and the opening of the lodge will be about on the average with other years.

## Theft Charged To Dishwasher

Martin Severt Anderson, who has been employed as a dishwasher in a Crescent cafe, was placed in the county jail Saturday night and booked for theft of \$680 belonging to his employers, Mr. and Mrs. L. L. Young. Sheriff Lloyd Low said that Saturday morning Anderson arrived at the cafe for work but was ill and the Youngs told him to go to bed in a room at their residence.

Mrs. Young prepared a bed for him and took a pillow off her husband's bed for Anderson. Her husband, however, had already placed a pocketbook which he said contained \$680 in the pillow.

When they recalled where the money had been hidden later they investigated and the wallet was gone. Anderson had left the room but was still on the premises.
