"Just what I wanted," you'll say when you see these classic straight tip bal oxfords! Rich russet antique leather, rubber heels, leather soles.

It's a moccasin, but it's a firmly made oxford, too; the Goodyear Welt construction combining sturdiness with smartness! Stitched brown leather with corded soles and heels, moisture-resistant Sanitized.

This is a shoe to be reckoned with! Double soles, both made of a long-wearing composition material. They extend wide and clear from the shoe and rise up in front to earn the name.

Light and deep leather punctures define the heel counter, the line around the ball tie, and the straight tip medallion. Heavy leather soles give the shoe an expensive look.

Your best tailored suits deserve a functionally designed leather shoe like this one! Richly antiqued russet leather buckle oxford with sturdy half-double leather soles, rubber heels, long-lasting Goodyear Welt construction.
