

Stimson Discloses War Cabinet Talked Attack On Japan Before Pearl

By WILLIAM T. PEACOCK
WASHINGTON, March 21 (AP)—The former Secretary of War Henry Stimson has disclosed that President Roosevelt's "war cabinet" discussed and rejected nine days before Pearl Harbor an American attack on Japanese forces "without further warning."

Stimson recounted this in a statement sent to the senate investigating committee on Dec. 7, 1941. The committee made it public today.

Stimson related that on the morning of Friday, November 28, 1941, he received information of Japanese movements along the Asiatic coast. They were of such "formidable character" that he went to the White House.

Mr. Roosevelt was still abed but received his secretary of war and they discussed the matter.

Story Continues
The Stimson story continued: "He suggested that there were three alternatives, as my notes show: First, to do nothing; sec-

Oregon Road Report Issued

SALEM, March 21 (AP)—The state highway commission issued the following road report today: Government Camp—Clear, 28 degrees, total snow 108 inches, road bare throughout district.

Santiam Junction—Broken overcast, 40 degrees, road normal throughout. Total snow at summit 153 inches, at junction 81 inches.

Odell Lake—Clear, 25 degrees, 156 inches of snow at summit. Spots of packed snow between mileposts 61 and 64 are being sanded, rest of road normal.

Astoria—Lower Columbia highway still closed by slide at east city limits of Astoria, detouring via Tongue Point naval base.

Lifer Killed In Stir Tiff

WALLA WALLA, March 21 (AP)—Percy Everts, prison inmate from Yakima, will appear in court today in connection with an altercation inside the prison walls last week in which George Cox, Spokane county life termer was fatally injured, Prosecutor Harley W. Allen said.

Everts signed a confession, state patrol investigators said, stating that he and Cox had a dispute over some tools. Everts hit Cox with his fist, the confession averred, the victim striking his head on a concrete floor. Cox was found unconscious the morning of March 7 in a cell block corridor and died the next day without being able to reveal his story.

Investigators told Allen they held no intention of killing Cox.

Pine Mill Pact Will Be Talked

SPOKANE, March 21 (AP)—Negotiations between pine mill operators and CIO International Woodworkers of America unionists will be resumed probably Monday, leaders said after an opening conference yesterday.

Manager C. S. Hoffman of the Timber Products Manufacturers' association said another meeting would be necessary as no agreement was reached at the first. Business Agent O. D. Armstrong of the IWA said the meeting was on a "get acquainted" basis.

The union has asked for a 40-hour week, closed shop and checkoff, and a minimum wage of \$1.17 1/2 per hour.

Housing Commission Leases 7 Blocks

SALEM, March 21 (AP)—Salem's special housing commission announced today it has leased seven blocks in southeast Salem as the site for 40 federal defense apartment dwellings, which will house the families of 120 veterans.

The buildings will be brought here from Seattle. The lease is for three years at \$1440 a year.

Fish Buyers Want Fillet Prices Upped

ASTORIA, Ore., March 21 (AP)—Lower Columbia fish buyers want the OPA to boost the ceiling price on consumer packages of fillets, to pay for the cost of the containers suitable for civilian trade.

Buyers said military needs for five and ten-pound lots took nearly all the fillets during the war.

Flashes Of Life

SHARPSHOOTER
MILES CITY, Mont., March 21 (AP)—Bobby Lowe persuaded her brother, Lt. James Lowe, to take her flying in his civilian plane. "I'll take this shotgun along, just in case we see something to shoot," she said.

The pilot grinned as he sighted and pursued a coyote along Pumpkin creek. "Okay, Deadeye, let him have it," she called.

Miss Lowe poked the gun barrel outside the cockpit, aimed, fired and watched the coyote bite the dust. "Nothing to it," she explained to her open-mouthed brother, who was unaware she had belonged to a Seattle gun club during the war.

COMPETITION

LEWISTON, Mont., March 21 (AP)—Lewiston hens are extremists. A month ago a Leghorn laid a whopper.

Not to be outdone, a half dozen other hens produced king-size eggs—all from five to eight inches in lengthwise circumference.

Now another farmer has proudly added two eggs to the collection—his hen claiming the title for smallest eggs, with two offerings about the size of a large marble.

BEARDED PROPHET

SOMERSET, Pa., March 21 (AP)—Residents of this mountain town believe this early spring means to stay—because 68-year-old Ed Friendline has parted with his chin-warmer "weeks earlier than usual."

Ed, a teamster and truck driver for a grocery firm, grows a beard each fall and parts with it only when spring arrives.

Airlines Buys Stratocruisers

SEATTLE, March 21 (AP)—The Boeing Aircraft company and American Airlines system announced yesterday the latter's purchase of eight Boeing Stratocruisers at a cost of more than \$10,000,000.

The airlines added that its orders for planes now have reached \$112,000,000 and will provide employment for approximately 14,000 people.

Construction has started here on the first of the eight planes, each of which is to cost more than \$1,300,000, and deliveries are to begin early in 1947.

The Stratocruiser is the peacetime conversion of the B-29 Superfortress.

City Fears School Will Up Anchor

PORTLAND, March 21 (AP)—If Portland adopts an aircraft carrier as a vocational school, city authorities want assurance that the ship will not suddenly up anchor and leave, School Supt. Willard B. Spalding said today.

Declaring that the proposal needs "careful study," he pointed out that machinery would have to be installed on the vessel and its location should be convenient for students.

Ray Kell, ex-naval officer who made the suggestion, said he would ask veterans' groups to endorse the plan.

Everything Happens At Once In Klamath Falls

Everything happens at once in Klamath Falls. Consider March 27, for example.

The Knife and Fork club and the Klamath Community Concert association, which have numerous duplications in membership, will both stage programs on that evening.

Knife and Forkers have Dr. Beryl Orris, noted psychiatrist, as their speaker for an evening dinner at the Willard. The concert association will present Bartlett and Robertson at the Pelican theatre.

Originally, these events were not in conflict, but recent shifts, beyond the control of the local arrangers, brought about the mix-up.

The Knife and Fork club, anticipating a reduced attendance of regular members, has announced that any member may have two guests at the dinner, a privilege not usually granted.

Those two events are not all the happenings of the night of March 27. It is planned to send several carloads of Klamath

Schaupp Gets Highway Post

Arthur W. Schaupp, member of the state highway commission and well known Klamath Falls attorney, was reappointed to a three-year term on the commission by Governor Earl Snell.

The appointment was announced late Wednesday afternoon. The new term is effective April 1.

Red Subs Reported Off Coast Of Java

BATAVIA, March 21 (AP)—Reports circulated here today that Russian submarines were lying off the south coast of Java.

The supreme allied command and the command of allied forces in Batavia made no comment. (A similar dispatch was transmitted from Batavia by the official Netherlands news agency Aneta, crediting "apparently reliable reports" and circulated in Great Britain by Reuters.)

Compulsory Auto Insurance Sought

Amazing Discovery In A Hearing Aid

Free Private Demonstration by S. C. Mitchell, Winema Hotel

Friday and Saturday, March 22nd and 23rd

A big improvement has been made in a hearing aid which comes by thousands. It is a new hearing aid that does not require separate battery pack, battery wire, battery case or garment to bulge and weigh you down. The tone is natural, noiseless, clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. It was developed by Bellone Laboratories of Chicago who have had many years of electronic experience. In Oregon and Southern Washington it is distributed by James Tait and Associates of 734 American Bank Building, of Portland, Oregon and 214 Miner Building, Eugene, Oregon. James since 1934 and are widely recognized in this work.
