Byplay Interrupts Directors' Meeting

A little horseplay interrupted the customary dignity of the chamber of commerce directors' meeting this week when Dave Hoss, local radio man, was given a mock trial for allegedly libeling Klamath weather.

Dave was accused of the seditious remarks on the occasion of the send-off last Saturday for Diane Micka, talented Malin girl who won a trip to Hollywood in the Klamath Kapers competition.

Judge Orth Sisemore named John Houston as prosecuting attorney, and Malcolm Epley and U. S. Balentine defended Hoss. The defense moved for dismissal of the indictment, whereupon the court declared Hoss guilty without jury action. After the radio man was threatened with drastic punishment, he was given a parole to extend through good behavior.

Defense Attorney Balentine contended that Hoss was at least different by being honest about the weather.

BLOODHOUND STUMPS COPS

STAMFORD, Conn., March 29 (AP)——What to do when a bloodhound is lost is what is bothering the Stamford police. They have tried everything, including advertising, since a bloodhound was found wandering in the business section here. But they have failed to find the canine's owner. As a last resort they are considering calling in another bloodhound.

WRONG BOTTLE

LOS ANGELES, March 29 (AP) Eleven-months-old Beatrice Sutton is feeling all right now, except perhaps for a hangover.

Hospital attendants who treated her said the baby's two and a half year old sister fed her the contents of a bottle of high-proof cologne.

REGULAR ARMY

PRATT, Kas., March 29 (AP)—Military personnel is decreasing steadily at the Pratt army air field, now being inactivated, and post authorities have a problem in the field's dog population, estimated at four times the number of men.

The dogs range in age from puppies to "old Shep," a dog with more than three years here and seven months overseas.

Since the field is the only home the dogs have ever known, they don't seem to have the usual army hankering for discharge, and what's more, sighs the army—the canine population is growing.

California Tops In Full-Time Enrollment

CINCINNATI, March 29 (AP)—The University of California, with 19,692 pupils, continues as the nation's largest in full-time enrollment, Dr. Raymond Walters, president of the University of Cincinnati, reported today in a survey of the country's 25 largest universities.

Dr. Walters said totals for his survey, which was conducted for the educational weekly "school and society," were as of November 1, 1945.

In total enrollment, including full-time and part-time pupils, New York university tops the list with 28,160, Dr. Walters said.

The University of Washington stood ninth in full time enrollment with 9181 and 12th in grand total enrollment with 11,507.

Trolley Car Stork Special

CHICAGO, March 29 (AP)—A stork special trolley car, with only one passenger, clanged along State street, the loop's great shopping thoroughfare, for more than seven blocks today, passing up astonished would-be riders waiting at intersections.

The lone passenger was Mrs. Ruth Smith, 19. At Jackson boulevard she whispered to Motorman H. R. Fragel that she believed she was about to give birth to a baby.

A man of action, Fragel chased all the other passengers out, then set sail up State street to sub track north of Lake street, out of the traffic congestion. There he stopped and called police who responded with a patrol wagon which took the expectant mother to county hospital.

At last reports the baby was expected, momentarily.

NO BARGAIN

SEATTLE, March 29 (AP) — Larry Smith is wondering now if he got a bargain after all in buying at a five dollar discount two tons of coal which were delivered to his neighbor's house by mistake.

It took him 75 trips, carrying 50 pounds of coal in two scuttles, to bring the coal home, Smith related between applications of liniment.

Marine Admits $39,192 Jap Bank Hoax To U. S. Officer

YOKOHAMA, March 29 (AP) The provost marshal's office today related the amazing story of a marine private who fast-talked a Japanese bank president out of 587,800 yen ($39,192), closed the bank and went holidaying with a Nipponese girl.

Capt. Otis J. Carter, chief of the criminal investigation division, (CID) said PFC Earl L. Brown, Clarksburg, W. Va., readily admitted the hoax after he was trapped by 20 military police at a resort hotel.

Carter said Brown forged a purported authorization to inspect the bank's books, seized all of the bank's assets, closed it, and disappeared.

A tip from a woman hotel manager that Brown had given her 10,000 yen to place 285,000 yen in her safe led to the arrest of the private and the Japanese girl with him. All of the bank's yen were recovered except 20,000 yen — the 10,000 given the woman manager, who disappeared, and another 10,000 Brown gave a surprised negro truck driver to whisk him away.

Brown and the girl were arrested by a 12th cavalry patrol led by Staff Sgt. George R. Sicilia of Colbert, Wash.

Jantzen Expansion Program Nearer

PORTLAND, March 29 (AP)—Jantzen Knitting Mills' $1,000,000 postwar expansion program was a step nearer today with issuance of a permit for a $200,000 building.

Company President J. A. Zehntbauer said the structure was the second of three under plans to double plant capacity.
