(Q) What is the meaning of a red traffic light?

(A) Wait for the green light. You may cautiously pass a red light or stop sign in making a right turn if you see a sign stating that right turns are permitted at all times, or traffic may proceed against a red light if a green arrow operated in connection with the red light indicates the direction in which you may proceed.

Two Die In Suicide Pact

BAKER, Ore., April 3 (AP)—Edward C. Johnson, 40, and his wife, Thelma, 34, died in a suicide pact in a local hotel room this morning as the result of swallowing powdered cyanide poison from a bottle, A. L. Schroeder, county coroner, said.

The bodies were found when Mrs. Johnson's two children in an adjoining room failed to receive a response to their raps on the door.

Johnson was under indictment by a Baker county grand jury on a charge of writing checks without bank funds. Mrs. Johnson had been without work as a waitress.

A suicide note directed that Mrs. Johnson's father in Oakland, Calif., be notified. The children were taken in charge by the Baker county welfare committee.

Ike Orders Court Probe

WASHINGTON, April 3 (AP)—Gen. Dwight D. Eisenhower today ordered immediate investigation of charges attributed to a government prosecutor that efforts were being made to protect army officers from prosecution in the Lichfield courtmartial in England.

A war department spokesman said the chief of staff ordered a prompt report from the headquarters of Gen. Joseph T. McNarney, commander of American occupation forces in Europe.

The spokesman said Eisenhower was confident McNarney already had started action to assure complete justice both to enlisted men and officers concerned.

Eisenhower acted on the basis of a London dispatch saying Capt. Earl J. Carroll, the prosecutor, had resigned and had accused the army of mishandling the courtmartial to protect top army officials.

Red Cross Drive Gaining Steadily

The Red Cross drive in Klamath county is rising slowly but steadily toward its goal with a total reported today of $14,830.18, slightly over 30 per cent of the $43,100 objective.

Chiloquin has gone over its quota 140 per cent. Chairmen of the drive there are Mrs. A. R. Blocklinger and Mrs. W. Zimmerman. Totals from other communities in the county are expected to be announced tomorrow.

New members of the $100 club are Mr. and Mrs. Ben Henzel of Malin.

CONTROLS LIFTED

WASHINGTON, April 3 (AP)—OPA today removed price controls from all Christmas decorations, roller skates and combination roller skates and shoes.

Gently Laid To Rest

A policeman directed traffic on the corner of S. 6th and Walnut Monday afternoon while this huge 12,365-gallon gasoline storage tank was interred. The full-size railway storage tank was carefully let into a trench dug to fit, measuring 12 feet deep by 10 wide and 40 long, at the Monarch service station, 301 S. 6th, owned and operated by B. K. Teed and Bob Newell. A new heavy-duty crane mounted on a truck, recently purchased by OK Transfer company, was used to handle the tank.

Seattle Smallpox Epidemic Seems To Have Slowed Down

SEATTLE, April 3 (AP)— The smallpox epidemic here which has had Seattle citizens scurrying off to fire stations and family physicians then trooping home to show the neighbors the red marks of vaccinations on their arms, seems to have simmered down to a walk today.

One new case, a seven-year-old girl, was admitted to the county hospital last night, but she was diagnosed only as "probably smallpox," and will be examined further by doctors today.

City health authorities report little change in the general situation, and the death toll appears to have reached its peak at five. However, precautions are continuing and residents are still receiving vaccinations.

A passenger train left Seattle for Canada yesterday before the Canadian border quarantine ban was issued, but the Great Northern railway put a doctor, Morey Hecht, aboard at Bellingham, to vaccinate passengers who wished to continue into Canada.

One smallpox case has been reported at Longview, Wash., and officials there and in nearby towns have accelerated immunization programs. Dr. A. E. Van Aelytyn, health officer for Cowlitz county, said the lone case, a 13-year-old Junior high school boy, was suffering only mildly from the disease.

Meanwhile 30 residents of the Temerance hotel here in Seattle were complaining bitterly at the quarantine which has kept them inside since last week when one smallpox case was discovered in the building. They say they are running out of food and money.

Wage Dispute Ties Up Two Vessels

KETCHIKAN, Alaska, April 3 (AP)—A wage and retroactive pay dispute between Ketchikan longshoremen and the Waterfront Employers association has tied up the freighter Derblay since 7 a. m. Monday, and the steamer Taku since Sunday night.

Word was received from Juneau that the Canadian Pacific steamer Princess Norah and the steamer North Sea were strikebound there by the dispute, but that Juneau merchants had agreed to make up the difference between current wages and the longshoremen's demands to get the vessels unloaded.

74 Klamath People Get Citations

Citations signed by Jack A. Hayes, acting administrator for Oregon State Defense Council, and by Earl Snell, governor of Oregon, have been received at the chamber of commerce for 74 Klamath basin residents.

These citations are not intended as payment for the outstanding work accomplished by the 74 persons. They are rather a token of recognition and appreciation of accomplishments of the civilian defense through individual effort, Hayes explained.

Citations were made out for the following named persons who may have them by calling for them at the chamber of commerce.

Henry Akin, Keith Ambrose, Wilbur A. Arnold, Mrs. Dena Backes, Joseph Bally, David Bridge, Mrs. Isabelle Brixner, William J. Bucknell, Andrew Collier, Troy Cook, Mrs. Olive Cornett, Al Croup, Lena Dennis, Frank Eberlein.

John Ebinger, Hermie Foster, Harold Franey, Mrs. Winnifred Gillen, A. F. Glover, Harry Geoller, Arnold Gralapp, Ed Grimm, Mrs. A. E. Gross, Orval Hamilton, R. C. Hastings, Frank Howard, Rudy Jacobs.

James Kerns, Mrs. John Kerns, G. A. Krause, Paul Lee, Phillip Lee, L. L. Low, Robert McCambridge, Mrs. Martha McCollum, Ollin A. McCoy, George McIntrye, William W. McNealy, Elmer Merritt, George Metz, Mrs. Norma Miller, Jack Moore, E. Mullis, Sam Mushen.

George Myers, Lester Offield, Colman O'Loughlin, Mrs. Dean Osborn, Vern Owens, Joe Peak, Fred Peterson, Mrs. Jean Puckett, Johnny Rafetto, Aubrey Redifer.

U. E. Reeder, Lee Reeves, Earl C. Reynolds, Mrs. E. S. Robinson, Lynn Roycroft, Mrs. Coral Sabo, Arthur Schaupp, Clarence A. Shoop, L. Orth Sisemore, Otto Smith, C. L. Snodgrass.

J. A. Souther, Charles R. Stark, Martin Swanson, E. A. Thomas, John W. Warren, Eleanora Weatherford, Warren Whitlock, A. E. Woodruff, Roland E. Wright.

2 Deaths Laid To Jap Band

RIO DE JANEIRO, April 3 (AP) Sao Paulo police said today that a band of youthful Japanese terrorists, refusing to believe Japan defeated, had drafted a murder list of 100 of their elders whom they considered traitors and already had killed two.

A large Japanese colony lives in Sao Paulo.

The latest victim was Tachyaburo Nomura, prominent industrialist and former publisher of the leading pre-war Japanese newspaper, Brazil Asahi. He was shot dead and his son barely escaped.

A prominent Japanese businessman, Ikuta Mizobe, was killed in Bastos two weeks ago and his death was laid to the band.

Shigetsumura Furuya, Japanese ambassador to Argentina 20 years ago and a long-time resident of Sao Paulo, told police that terrorists fired five shots at him before he escaped.

Police said they had arrested several members of the band, which calls itself "The League of Loyal Subjects," and which claims to be linked with the Black Dragon society.

HIGH SCHOOL

News Notes and Comment

By JOAN O'NEILL

A new teacher is present among the staff of KUHS now. He is Joe Voye, a former student of KUHS, graduating in 1937.

Joan O'Neill

Voye is replacing Vernon Kuykendall in the science department, teaching chemistry and physics.

Kuykendall handed in his resignation after teaching only this year at KUHS, although he was on the staff several years ago. Voye will teach for three weeks, after which Charles Carlson, who is on service leave from the staff at KUHS, is expected back after his discharge.

Voye is planning on teaching a unit on some phase of aeronautics and also some navigation and meteorology. Voye is a graduate of the Massachusetts Institute of Technology and has two years at Stanford. He is also commissioned in the U. S. marine air corps.

Pelicana Features Achievement Records

The names of some of the students who are doing well in their school work were read over the air last night during the Pelicana broadcast. The top students in many of the classes were read. Marie Wright sang a vocal number. Rod Murray presented a clarinet solo and Laura Coles and Pat Hambrick both read original poems. Mary Griffiths, valedictorian, was interviewed as part of the program. The whole Pelicana staff was present and Margaret Grubb was in charge of the program.

Stockman Handed Toughest Chore Of Political Career

WASHINGTON, April 3 (AP)—One of the toughest assignments of his career has been handed Rep. Lowell Stockman (R-Ore.)—the job of finding a wife for a fellow who votes for him.

This fellow, says Stockman, is rather choosey. He specified the girl:

1. Must be a widow.
2. Preferably she should be one of the fellow's childhood sweethearts.
3. She should like cattle and chickens.
4. It would help if she had some money.
5. She has to be companionable and cheerful.
6. Last but not least, it will be a point in her favor if she lives in Tacoma, Wash.

Stockman said his constituent is a rancher whose wife died six years ago; he is 58 years old and has an 80 acre ranch.

He wrote and said he had three sweethearts in Tacoma, when he was young, any one of which he could have had "for the asking," but his papa told him to wait until he was 30 years old. He'd like to meet one of them now, he told Stockman, if she isn't married or is a widow.

Problems Of War Veterans Talked

SALEM, April 3 (AP)—Representatives of state and federal veterans agencies met here today with Governor Snell and members of veterans organizations to discuss problems of returning servicemen.

The meeting was called by Governor Snell at the request of Maj. Gen. G. B. Erskine, U. S. retraining and reemployment administrator, to discuss ways in which various agencies can cooperate.
