Cattle Sales Said Too High

PORTLAND, April 5 (AP)—A charge that cattle sales at Portland livestock markets were continuing "at prices we cannot pay and still stay within the law" was made Thursday by Nathan B. Swift, plant manager here for Swift and company.

The packing firm head asserted the condition "has continued for many months" and is forcing legitimate packers out of the market while "less scrupulous operators" continue buying at what he said OPA has called "suspiciously high prices."

He reported his company had been able to buy only 301 head of cattle of a total 8330 sold in the North Portland market in March, 3.6 per cent, compared to the 10 per cent purchased in March of 1945.

Buyers at the market who declined to be quoted said some sales were being made with cash deals on the side.

Death Takes Songwriter

DENVER, April 5 (AP) — Vincent Youmans, 47, composer of such popular song hits as "Great Day" and the immortal "Tea For Two" died in Denver today after an illness of several weeks.

Youmans died of tuberculosis. He had been in a local sanitarium for more than a month.

The famed songwriter, who wrote musical scores for a dozen or more hit Broadway productions, was born in New York City. He first hit the big time in the music world in 1920, when he turned out the score for the musical comedy hit "Two Little Girls in Blue."

Youmans gained lasting fame along Tin-Pan alley when he wrote the score for the smash hit "No, No Nanette." From it emerged two modern-day popular classics—"Tea For Two," and "I Want To Be Happy."

His other compositions include "I Know That You Know," "Sometimes I'm Happy," "Without a Song," "More Than You Know," "Time On My Hands," 'Drums in My Heart," and Youmans own favorite, the beautiful ballad "Through the Years."

He also wrote music for the motion picture, "Flying Down to Rio," which first paired Ginger Rogers and Fred Astaire as a dance team.

Ban Placed On Nylon Export

WASHINGTON, April 5 (AP)—The government today banned further export of nylon hosiery except by permission of the commerce department's office of international trade.

The commerce department said the export controls had been established "to prevent undue drain upon the limited domestic supplies."

The international trade office did not specify any quota for exports.

It said that since the end of the war overseas shipments of nylon hosiery represented only "0.87 of 1 per cent of the number produced."

However, the office said, there has been a tendency for the shipments to increase since the first of the year.

Wage Dispute Idles Linemen

COOS BAY, April 5 (AP)—A strike of Mountain States Power company linemen here and in the Coquille valley was in effect today, but the Coos Bay power plant still was operating.

Employes at district offices, however, respected the picket line. It was established after wage negotiations between the firm and the CIO utility workers organizing committee local broke down.

A 17-cent hourly wage boost is sought by the linemen, compared with a 15-cent final company offer. Company officials asserted their figure was 38 per cent higher than the 1941 wage.
